Republican County Ticket.

For County Treasurer, WILLIAM SMEARBAUGH, For County Surveyor, HENRY C. WHITTEKIN. For Coroner,

SENATOR THOMAS V. COOPER has been re elected chairman of the Republican State Committee.

Dr. J. W. MORROW.

CHAS. HEYWOOD STRATTON, better known as Tom Thumb, died at his residence in Middleboro, Mass., on the 15th inst., of apoplexy. He was aged 45 years.

Ir is many years since the Repub lican party has had placed in nomination a ticket the approval of which has been so general, so wide and so emphatic as that of Livsey and Niles. All shades of Republican opinion Convention. - Brookville Republican.

In answer to the Governor's voto of the bill to establish a scientific agricultural experiment station, on the grounds that it would be a costly and useless experiment, the Meadville Republican reminds his Excelfor any legislation requiring the expediture of money, and when they do ask for anything of this kind they are entitled to some consideration."

THE people of the Commonwealth will fare well in the matter of fairs this year. Up to date returns have been received from sixty-six affairs of this kind, beginning with a Tri-State Telegraphers gave rise to the cruel exibition at Williams' Grove, in the Cumberland Valley, on August 20 and winding up at Northern Montour on October 16. With the bounty of Providence which has attended the labors of the husbandman during the past year, the display should be exceptionally fine and the attendance large.

THE "Democratic press" are now recalling the fact that the Republican press had much to say during the last campaign about the Democratic candidate for Governor having been born in Maryland, and now assume to point name fortunately for the whole decent out the inconsistency of lauding a people of the country can resume their Republican candidate born in England. This is another evidence that the hindsight of the Democratic press is stronger than its foresight. There Maryland-born Democrat, who sympathized with a rebellion that deluged evidence of its great value is the fact is a decided difference between a the land of his birth in blood and a British-born Republican who fought bravely in the army of the Union in defense of the land of his adoption. Leaf on the outside wrapper. The Nothing inconsistent in that.

THE Mercer Republican, which last year supported the Independent ticket has this to say of the recent convention:

The convention was a free convention, every delegate acted and voted as he pleased, and with many combinations made, yet there was no slated ticket put through. Everything was harmonious and both of the late factions of the party were recognized and took an equal part in the proceedings Terms on application. of the convention. It is said that Livsey, though not an active politician is of stalwart proclivities, and Niles is of Independent views. This being so there is no room for any complaint. The men nominated are competent and fitted for the respective position. The present indications are HORSE FURNISHING GOODS. very bright for the success of the Republican party this fall.

THE Philadelphia Times, an opposition journal, has the following complimentary mention of the candidates

of the late convention : "Mr. Jerome B. Niles, the nominee for Auditor General, is the ablest of

inent in fitness for the responsible office. He is a man of decided and consistently independent faith and action in politics. He is not a fierce kicker nor fa blatant bolter, but he led the Independent revolt on the Sepatorial issue of 1881, and has been a manly foe of machine methods. Mr. William Livsey, the nominee for State Treasurer, is a gentleman of estimable character, a trained financial officer, and comparatively unknown in political circles, because he has uniformly attended to business rather than to politics. His nomination was hardly expected when the Allegheny convention instructed for him but the field race that opened at the convention made a negative man in political affairs, with admitted merit, just the one to concentrate the votes of an unmanageable body of delegates."

CHOLERA is spreading all over Egypt, and thousends are dying every day. The dreadful disease is reported to have made its appearance in London, having been carried there by trading vessels. Many think it is only a question of time until it will be brought to America. Meanwhile yellow fever is raging at alarming extent in the larger Southern cities.

Some of the democratic organs persist in telling their readers that the republicans refuse to submit to a fair apportionment of the state, and that the McCracken bill for congressional units in commending the methods and apportionment gives the democrats praising the results of the recent only 9 out of 28 Congressional districts. This is a lie, pure and simple. The McCracken bill, as it now stands, is as fair a bill as the democrats could possibly expect. It gives them eleven districts and the republicaus fifteen with two doubtful, thus giving the democrats a fighting chance for thirteen out of twenty-eight dislency that "the farmers of the State tricts. The State could hardly be pay a very considerable share of the gerymandered in such a way as to taxes. It is not very often they ask give the democrats more than thirteen Congressional districts. - Meadville Republican.

> THE nation was startled last Thursday by the announcement that that great soldier, statesman and citizen, U. S. Grant, had died suddenly in Chicago. The statement has happily proven to be false. It is now charged that the leaders of the Brotherhood of rumor by using it as a signal for the operators to strike, claiming that such an annouement would be more certain to get through. This explanation is denied by the officers of the brotherhood, who charge that it was sent over wires of the Bankers' and Merchants' and other outside lines, for the purpose of injuring the cause of the strikers. It matters not how the rumor originated, the shock of the people all over this broad land was, the same. That is what a great many people are doing. They don't know just what is the matter, but they have a combination of pains and aches, and each month they grow worse.

The only sure remedy yet found is Brown's Iron BITTERS, and this by rapid and thorough assimilation with the blood purifies and enriches it, and rich, strong blood flowing to every part of the system repairs the wasted tissues, drives out disease and gives health and strength.

This is why Brown's Iron Bitters will cure kidney and liver diseases, consumption, rheumatism, neuralgia, dyspepsia, malaria, intermittent fevers, &c.

> oo3 S. Paca St., Baltimore, Nov. 28, 1881. I was a great sufferer from Dyspepsia, and for several weeks could eat nothing and was growing weaker every day. I tried Brown's Iron Bitters, and am happy to say I now have a good appetite, and am getting stronger.
