LOCAL AND MISCELLANEOUS.

Condensed Time Table Tionesta Station. NORTH. Train 15... 7:48 am. Train 18... 8:10 am.

—Services in the F. M. Church next Sunday evening. —Rev. Hicks will occupy the pulpit of the M. E. Church next Sunday.

—Mr. O. W. Proper is in New York City on business. —Mr. J. Bonner of Stoneboro, is a guest of our town at present.

—Dr. Coburn is moving his family into a part of Judge Reck's house. —Herman Blum of Dutch Hill, has lately built a large addition to his barn.

—Oil Market closed last night at \$1.02 1/2. Opened this morning at \$1.02 1/2. —Watermelons at 50 cents each puts the cholic out of reach of 'most everybody.

—Mr. Oil. Limbert of Akron, Ohio, has been spending the past week with Tionesta friends. —Mrs. J. R. Chadwick has gone to visit friends and relatives at Tryonville, Crawford county.

—Hon. E. L. Davis came home Saturday evening and remained over Sunday with his family. —Since receiving the nomination for County Treasurer by the prohibitionists Mr. S. J. Wolcott has announced himself as a Greenback candidate, also.

—Mr. G. W. Dithridge and family are spending the season at Chautauqua. The attractions at that favorite resort are said to be greater this year than ever. —Our congratulations and best wishes are extended to Mr. Truman Hill and bride of Hickory township, whose marriage announcement appears in this issue.

—Hon. J. B. Agnew, Surveyor F. F. W. hittekin, and J. A. Long were in Harrisburg last week attending a suit for vacant lands before the board of property. —Mrs. Wm. Hebenthal, with her children, returned to Tionesta last week from her trip to Dakota. Mr. Hebenthal has taken up two claims out there and will remain to take care of them.

—While the farmers of this section are hoping for sufficient dry weather to harvest their crops those of the Northwest are praying for just a little moisture to save their crops from ruin by the drouth. —Billy Henderson has gone to East Hickory to start a barber shop, and will occupy rooms in Mr. Ball's hotel. We can recommend Billy as a good shaver and we believe will supply a long felt want in that town.

—Mr. Smith at Carpenter's photograph gallery does work in Oil, India and Crayon, and guarantees satisfaction. He also makes good ice cream and has it for sale by the gallon, quart or dish at all hours. —Our young friend Johnny Shunk, of Whig Hill, who is just recovering from a severe attack of inflammatory rheumatism, was in town Monday looking somewhat reduced in flesh but had given up the idea of passing in his checks yet awhile.

—For a week or two past our people have wondered why Charley Hinton was fixing up the dwelling opposite Lawyer Tate's office so comfortably. Well, Charley and his bride, formerly Miss Sarah Host, have since commenced house-keeping there, and although the wedding took place some five or six months ago, we're bound to extend congratulations, if we are a little late.

—James Rutter, who carries the mail between this place and Tylersburg, has provided himself with a new hack, and passengers will now be transported with ease and comfort. "All aboard for Tylersburg!"

—Although a little late the chestnut blossoms give promise of an abundant crop. We also learn that beech-nuts are going to be plenty this fall; likewise acorns, which will doubtless be the means of bringing in the pigeons. —The crops generally over this county look well, and the indications point to a rich harvest. Many of the farmers are now cutting their wheat which is fast ripening, while the rye will be ready for the cradle in a week or ten days.

—Some fellow has just brought to light the information that the first snow of the past winter fell on the night of the 12th of November, 1882, and the last on the 21st of May, a winter period of six months and nine days.—Er. And then rain set in and it has hardly let up a day since. —In the marriage notice of Mr. H. W. Roberts, published two weeks ago, we gave the bride's name as Miss Viola Hunter, when it should have been Hubbard. Your pardon, "Elder," for this error, and at the same time receive our best wishes for the future welfare of you and yours.

—Attention is directed to the card of the Tidioute Union and Normal High Schools in this issue. To those intending to send their children away to school we would recommend a consultation with the managers of this institution of learning, which is rapidly growing in public favor. Read the advertisement. —The last installment of lock drawers for the post office arrived last week and have been placed in position; they are 24 of them, and they finish up the office very handsomely, and are going off like hot cakes on a frosty morning, there being but one or two that have not been spoken for, so call early if you want a big box.

—Our young people had "laid out" a picnic for last Saturday at the Tubbs Run platform, on Dutch Hill, but the rain put a damper on the affair. Having their minds set on a dance they were not willing to give it so, so they adjourned to Partridge Hall, where they whiled the evening away until 12 o'clock, in the mazy whirl. —Miss Flora Kelly teacher of West Hickory School makes the following report for the month ending July 4th: Number of pupils enrolled 10, average attendance 14. Pupils who have not been absent during the month, Merta Copeland, Pearl Copeland, Truman Siggins, Garvey Copeland, Frank Jones.

—A good day's cradling, and one that is hard to beat, was performed by our young friend Jake Siggins, on Mr. Kelly's Oldtown farm, now being superintended by Mr. Wm. Young. Last Friday Jake cut six and one-fourth acres of wheat in 10 hours by the watch, drill measure. If this record is beaten in the county during the present season we would like to hear from the man who does it.

—All the Western Union and American Rapid telegraph operators went out on a strike at noon on Thursday last, in consequence of which there is much stagnation in business, and very little news. The strike extends all over the United States and Canada, as well as to the cable operators. The strikers demand fifteen per cent. increase in wages; a reduction in the hours of work; equal pay for equal work, man or woman, and extra pay for Sunday work. There is no telling when it will end.

—The School Directors of Tionesta borough met on Monday evening, according to previous announcement, for the purpose of selecting teachers for the ensuing term, with the following results: Advanced department, Geo. W. Kerr; intermediate, Miss Flora Kelly; primary, Mrs. Truman Hill. The selections give very general satisfaction to our citizens, and the teachers come highly recommended. Mr. Kerr, for the advanced department, is considered a good selection, and it is believed he will not be troubled much with unruly boys, but on the contrary will have good order in his room. The other teachers are quite well known in our county, and receive much praise from the communities in which they have taught. The schools will open on the first Monday in September.

—Mr. C. D. W. Baker, who has for upward of a year occupied a clerkship in Robinson & Bonner's store, severed his connection with the firm last week and has gone to his former home in Warren county. Mr. B. was very popular both as a clerk and with the young people of Tionesta all of whom are very sorry to lose him as a citizen. We hope he will find it convenient to visit Tionesta occasionally, and if possible again become a permanent citizen. —"Bijah," our Brookston scribe, sends us the following items: Brookston has a traveling photographer visiting them and making quite a lively time, especially among the "sparking class."—Mrs. M'Crea, while out fishing a few days ago near James' mill, caught the fish hook in one of her fingers. Mr. F. W. Brooks was called to take it out. The lady suffered considerable pain for about two hours. —A word of warning to the T. V. R. R. brakeman is all it is necessary to say at present.

—At this time when showers are making themselves numerous it might be well to understand "umbrella flirtations." To leave your umbrella in the hall "I don't want it any more." To purchase an umbrella indicates "I am not smart but honest." To trail your umbrella on the sidewalk means that "the man behind you thirsts for your blood." To lend an umbrella indicates "I am a fool." To put a cotton umbrella beside a silk one means "exchange is no robbery." To return an umbrella—never mind what that means. No one ever does that.

—Messrs Watson & Root are building an extensive mill on what is known as the Davidson tract on Hickory creek about five miles from the river. They expect to move their families there and build up a small town, as it were. They will have a store, blacksmith shop, and in fact everything that goes to make up a first class lumbering town. The mill will be built with a view to sawing extra long material, and will cover a good deal of ground. They have nearly fifteen millions of lumber to cut which will occupy several years in its completion. It is calculated to have the mill up, house built and everything in good running order in two months. The firm of Watson & Root has been a great benefit to the trade of Tionesta, amounting in some years to over \$10,000, and we are very sorry to think they are going to leave us, the worst of it all being that they will be out of the county. They have always conducted their business in a straight forward, honorable manner, and thereby have built up a credit for themselves which is second to none in this section. We wish them the same success in their new field which they have always met with on Tionesta creek.

Panther Rock Squibs.

Our populace is at present very much roused on account of the large hay crop that is being gathered in. The gentleman that owns the road and sorrel horse team works night as well as day at haying. The Noble & Stroup bark job seems to be flourishing well considering the wet weather we are having. Tobey & Normile are rushing the lumber through on the old mill. Mr. Stroup has been very sick, but through the kind treatment of Dr. Smith is improving slowly. Miss Mame Murphy is visiting friends here. Mr. Tobey and family have been visiting relatives in New York State. Miss Hattie Tobey just returned from visiting friends at Frewsburg, N. Y. Miss May Sloan, the teacher of our school, is very prompt in bringing the directors to time in the way of repairs and improvements about the school house. We find that the beech trees near the house are being trimmed. Mr. Criswell has been suffering for the past few days with sore eyes. W. B. Rouse has just returned home from an extended trip down the river with lumber. Mr. J. T. Brennan enlightens the people of Panther Rock every two weeks in religious matters. July 21, 1883. BUZZZIGIG.

OIL NOTES.

Very little, if anything, worth mentioning has occurred in the Forest county field during the past week. Drilling continues at the Tubbs Run venture and doubtless they are very near the finishing point. In our next issue we think we will be able to report a good well there or a dry hole. There is only one well expected in the Balltown district this week. This is Dutch Oil Company's No. 2, and it is doubtful whether this will be completed. Balltown No. 5 still has the tools in the hole, and the chances are they will never be got out. They are now waiting for a steel socket from Bradford.

Lineville Locals.

The farmers in this vicinity are busy haying and harvesting, but owing to so much rain their progress is rather slow. Mr. C. P. Rickenbrode has erected a large barn on his farm near this place. The smiling countenance of H. C. Whittekin can be seen looming up in our town occasionally. Hank, you will have to "set 'em up" after November next. Prof. E. P. Williams, who has just finished a term of school at the Tubbs Run school house, in your county, is again among us. He reports having a splendid time among the people of Dutch Hill. A party was gotten up on the platform in honor of his arrival. Miss Luticha Kahl, who has been in Cleveland under the doctor's care for nearly two years, returned a few days since looking quite well. Hon. John W. Kahl, of Marienville, spent a few days with his family at this place the past week. Capt. A. W. Owens has been sorely afflicted with rheumatism. He is again able to be up around. Our young folks concluded to have a "fourth" of their own; they therefore went to work and built a platform and have had several little fourths since.

TONESTA MARKETS.

Table with columns for commodity names and prices. Includes items like Flour, Corn Meal, Pork, Bacon, etc.

FROM ANOTHER CORRESPONDENT we receive the following additional items: The boys will give a dance on the platform at this place on the evening of the 26th. It promises to be an enjoyable affair. The M. E. Quarterly Meeting will be held at this place by Rev. Framp-ton at an early date. The Lineville brass band, under the leadership of H. Auge is progressing finely, and bids fair to become a band of no mean attainments. LANK. July 24, 1883.

Attempted Kidnapping.

Of the attempted kidnapping of Ex-Sheriff S. V. Davis the receiver of the Ford & Lacy estate appointed by Judge Brown, the Warren Mail of last week gives the following particulars: About three weeks ago an injunction was served on Davis prohibiting him from receiving certain money and directing him to appear before the Allegheny county Court. He took counsel and did not go as he was not amenable to that Court. A warrant was accordingly issued by the Allegheny judge for his arrest for contempt of Court. Last Saturday evening just before the train for Kane arrived he was driving near the depot with his niece Miss Valentine, when he was suddenly arrested by two men, hurried on board the train and taken to Kane. One of them pretended to be the sheriff of Allegheny county, which proved to be false. The news soon spread and a writ of habeas corpus was procured from Judge Brown and a special train was started for Kane with S. H. Davis, Policeman Utter, Geo. Davis and others on board. Telegrams had been sent to Dr. Preston, of Kane, to prevent the kidnapers from procuring livery rigs to go beyond Kane. When the special arrived Utter showed his authority and after some parley got Mr. Davis and returned to Warren.

Probably he ought to have taken the "detective also."

It appears the detectives had been hanging around Warren for some two weeks under assumed names, trying to nab Davis and run him out of the county. Their little game was finally blocked by the energy and promptness of Davis's friends. Probably the end is not yet for Mr. Davis is not a man to be fooled with unlawfully.

FOR SALE.

Situated on the Allegheny river, about three miles above Tionesta, in Hickory Township, the farm of the late George Sibbald, deceased; containing about 96 acres. A first class farm in every respect, under good cultivation; buildings and fences all in good repair.

Persons wishing to purchase address, DR. J. SIBBALD, Fox Chase, Philadelphia, Pa.

SPECIAL ANNOUNCEMENT.

We take pleasure in announcing that we have perfected arrangements with the publishers of the American Farmer that enable us to club that magazine with the FOREST REPUBLICAN at the low price of \$1.75 per year, a trifle over the price of the REPUBLICAN alone. This is beyond question the first time that a reliable agricultural paper has been offered at so cheap a price, and we trust all our subscribers will avail themselves of this unusual opportunity of securing a first class agricultural magazine. The American Farmer is beyond doubt worth three times the price, at which we place it. Try it. It is a monthly publication.
