—Rev. Hicks will occupy the pulpit of the M. E. Church next Sunday evening, at 7:30. —Presbyterian Sabbath School at 12:30 p. m.; M. E. Sabbath School at 10 a. m.

—Mr. Wm. Brace, of Hickory, was a caller at our sanctum Monday. —Byron Coburn returned yesterday from Edinboro, where he has been attending school.

—Services will be held in the F. M. Church every evening this week, and everybody is invited to attend. —Supt. Hillard has decided to hold the Teachers' Institute on the week's beginning December 17 th.

—To-morrow being Thanksgiving, the P. O. will be closed from 9:30 a. m. to 1 p. m. and closing for the day at 6 p. m. —The Hickory bridge was opened for travel on Saturday last. It was rushed through at a lively rate, and second to none this side Pittsburg.

—Coroner Church was down from Hickory on Monday, and reports that Wm. P. Siggins is the happiest man in that section, all because a boy and girl came to his house last Wednesday. —Union Thanksgiving services will be held in the Presbyterian Church to-morrow (Thursday) at eleven o'clock a. m. A cordial invitation is extended to all.

—Miss Mattie Sinclair, of Sinclairville, N. Y., and Miss Ella McVein and Mr. Willard McVein, of St. Marys, Pa., have been guests of Mr. T. B. Cobb's family during the past week.

—To-morrow's Thanksgiving, and them as haven't got their turkey now had better be foraging around pretty lively, else they may have to eke out a miserable existence on common chicken.

—The President has done a graceful act and one which will meet the approbation of the American public. He has pardoned Sergeant Mason and now "Betty and the Baby" can enjoy their Thanksgiving heartily.

—There will be only 15 days left of the deer hunting season after next Friday, and if the snow fails to put in an appearance for while yet many a deer will save his scalp. A consummation devoutly to be wished.

—Mr. Henderson has just received a pair of handsome French clippers for hair-cutting, also several fine new razors and a good supply of pomade for the beard and mustache. Give him a call and get sleeked up in good style.

—Wm. Smearbaugh and us, who have been occupying Mr. Robinson's Vine St., house since last spring, expect to move into Mr. S.'s new house this week, and Rob. Herman and family, of Braceville, will move into the house we vacate.

—Mrs. R. M. Carson of Newmanville, fell and fractured her left arm near the wrist, on Thursday last. She is 71 years of age and the wound will naturally heal slowly, but Dr. Morrow, who was called to attend her, reports that she was doing well at last accounts.

—The M. E. parsonage, which has so long been lying dormant, as it were, is now being rushed through at a lively rate, and before ten days or two weeks will be ready for occupancy. C. F. Gillespie of Whig Hill, has charge of the work, which is a guarantee that it will be well done.

—For good fresh Goods cheap go to HASLET & SONS. Feb. 1, '82. —Eruptions, sores, pimples, rheumatism are but indicators of impure blood. Akers blood elixir is the remedy. Sold by G. W. Boyard.

—Curt Shawkey says they have a female physician in the north ward whose chief remedy is Zoposa, except in tight cases, then it is some light brown compressed substance cut in square cakes. Curt doesn't know the name of the drug, but that's the description he gives.

—Our young friend John L. Kron, of Kittanning, sends us a crayon picture of our dog "Dash," which is quite lively and natural, and reflects a good deal of credit on John's artistic skill. We would advise him to cultivate his talent in that direction, as we feel assured he would make his mark as an artist.

—That bright, spicy and newsy paper the Oil City Blizzard, has been materially enlarged in order to accommodate its rapidly growing patronage. It is pleasant to note this mark of prosperity, as it shows that true merit is appreciated by a generous public. May the shadows of our sparkling and enterprising neighbor never grow less.

—W. J. Bloomfield, teacher of Trunkville school makes the following report. Percentage of attendance for the month ending Nov. 16th, 1883, Ruth Kinnear 100, Willie Crippen 100, Flora Vaneps 100, *Maggie Lynch 100, *Jerry Lynch 100, *Patsy Garvey 96, *Lizzie Ohara 96, *Annie Ohara 96, *Hannah Lynch 87. *Not tardy during the month.

—We publish this week a speech delivered in the House by Representative Davis, which crowds somewhat on our space, but as our readers will doubtless be interested in knowing Mr. D.'s views on the subject of apportionment, they will appreciate a perusal thereof as much as anything of a more local character. We hope the constituents of Mr. Davis will scan his remarks closely and give them a fair criticism.

—Several of Tionesta's more conceited marksmen attended the shooting at Wm. Heath's, Dutch Hill, last Saturday, and report a first rate time. They brought home a good supply of game—some twelve turkeys, eight or ten chickens and a pair of ducks—and it is no body's business, particularly, how much they paid for them, suffice it to say they brought home more fowl than money. The dinner gotten up by Mrs. Heath, was a most excellent and substantial article, and was most heartily relished by all. The editor now has a turkey for Thanksgiving, and—well he paid for it, thank fortune.

—The preliminary survey for the Railway from Garfield to Hickory is completed. The engineers report a very good route with easy grades and light work. The road is designed to connect with the Cherry Grove road at Garfield and the B. W. Y. & P. R. R. at Hickory. The distance is 27 miles, and 10 miles to Sheffield, making the distance thirty-seven miles to Sheffield, being a saving of twelve miles to that point. We learn that the grading will begin soon, and it is likely the iron horse will be traveling through that section within the next six or eight months. F. F. Whittekin is the Chief Engineer of the new road.

OIL NOTES. There is nothing especially new from the oil fields of Forest county this week. There are three drilling wells in the Balltown district. These are Porcupine No. 15; Grandin, Kelly & Co's No. 18, and Dutch Oil Co's No. 4. Porky 15 is northeast of No. 12. This well had reached a depth of 200 feet last month, when a bit was lost in the hole, and after a fishing job of several weeks the rig was moved and a new hole started. The well will about reach casing depth this month.

Dutch Oil Co's No. 4 is on 4,821 in small territory. It is about 300 feet deep. Grandin, Kelly & Co's No. 18, is located southwest of No. 17, and across Tionesta Creek. Its location is in advance of developments there. The well will be cased this month, and as the sand will be reached there at a depth of about 1,200 feet, it should be completed by the latter part of next week.

Balltown Oil Co. is building two rigs on 4,821. These are Nos 16 and 17. —Wm. Smearbaugh & Co call attention to their card of holiday goods in this issue. If you want something different the holiday line give them a call.

East Hickory Etchings. The two continents are united! East and West Hickory no longer are divided by the raging Allegheny, which in winter was half the time neither ice nor water and in summer too low for the ferry boat to run. No more will the shrill cry of "O-ver" resound from the hillside, or the ferry bill clang for a boat. The Bridge—I spell it with a capital B.—is crossable, and as I know a brief description of the enterprise will interest the readers of your paper, I will give you a few facts, leaving a more ample summary to some future time.

The contract for the sub-structure was let Aug. 10, although some individuals became responsible for the work of quarrying stone sooner than that date. The work has been carried on steadily as the season has been unusually favorable. There are four piers and one abutment. The piers are built of stone in the most substantial manner, with ice breakers of stone, all faced with iron to withstand the ice. The facilities for building a bridge could not be better as all the stone near by is of excellent quality, and mills in the vicinity are prepared to cut timber of any size with as much ease and dispatch as any in the land. The contract for the superstructure was let the latter part of August. It is a wooden Howe truss, the truss 23 feet high, built in four spans 160 feet each in length; roadway 16 feet, and strong enough for railroad traffic. The main bridge is 745 feet long and together with approaches about 1200 feet. It is placed about midway between the ferry and depot. The first teams crossed on the afternoon of the 24th, Saturday. As the last plank was thrown down to allow the triumphant drivers to cross, the sun, which had been fitfully hiding, shone forth in great brilliancy, emblematic no doubt of the shining future of the two Hickories thus united.

I append the names of the Board of Directors, who deserve the thanks of the people for pushing the construction of the bridge to an early completion before the winter should interfere with its progress: President, N. P. Wheeler, East Hickory; Treasurer, T. J. Bowman, East Hickory; Secretary, Orion Siggins, West Hickory. Directors—Hon. L. F. Watson, Francis Henry, L. R. Freeman, Warren; Orion Siggins, and N. P. Wheeler.

The bridge has occupied so much space I will have to carry several social items over for next week. Nov. 26, 1883. HICKORY.

Lineville Locals. Hank hasn't been around to "set 'em up" yet. After the short winter our farmers are busy husking corn.

Jim Goodman succeeded in killing two deer the other day. Jake Bower intends gathering the laurels at next Saturday's shooting match. You just bet your boots if any of the lads will get there, Jake is the chap.

The Pinegrove-Lineville school boom has come to a close. No one guilty, of course. Some of our young folks gathered at the house of Mrs. Irvin's a few evenings since and had an enjoyable time "belching the floor." Ed Owens was there. He had the "brogues me father wore."

Miss Nellie Cary, from Salina, is visiting with her brother's at present. Wm. Miller and Kahl Bros., were home on a short visit. They are operating in the Clarendon oil field.

E. L. Owens invites all the young folks of this vicinity to bring lunches and stay with him for dinner some time. Mr. Geo. Dreiblebis is at home on a short visit. He has been stopping in the Bradford oil field during the past few months.

Mr. Adam Swab, who had been lying helpless during the last year, died Oct. 30th, 1883, aged 77 years and some months. He was the youngest of seven children, all having died in the order of their birth. L. C. Lineville, Nov. 26, 1883.

Slave Bolts Wanted. T. B. Cobb will pay the following prices cash, for Slave Bolts, on board of cars: 12 and 14 inch, \$2.50 per cord, 18 inch, \$3.00 per cord, 24 inch, \$4.00 per cord, 27 and 32 inch, \$4.50 per cord.

How the State Appropriation is Distributed. The basis of the distribution is the number of taxable residents in the several school districts in the State, as returned to this department triennially by the commissioners of the several counties. The rate per taxable is ascertained as follows: From the million dollars appropriated annually, is deducted the amount specially appropriated for students in the Normal schools who are preparing to become teachers, and the balance, divided by the number of taxables in the State, gives the rate per taxable for districts under city or borough superintendent. The amount to be distributed among districts having been ascertained and deducted, together with the salaries of the county superintendents, leave a new balance which divided by the number of taxables in the States, exclusive of those in the city and borough districts, gives the rate per taxable for districts under the county superintendents. The rate for districts of the first class in 1883 was 87 4 5 cents; for districts of the second class, 75 4 5 cents.

The last triennial return of taxables was made in 1880, and serves as the basis of distribution for the school years 1881, 1882, and 1883. N. B.—School warrants are issued in the same order in which the annual district reports, accompanied by the required "affidavit and certificate," are received in proper shape by this Department.
