WHO shall say the Democratic party is ungrateful? Last Thursday the Democratic legislators of Ohio nominated Payne, the Standard Oil Co.'s which impelled their policy before the candidate for U. S. The Democratic party continues to go from bad to worse in trying to correct its blumbers. The selection of Carlisle for speaker, with all that his selection implied, was about as bad as could be. Now comes Protectionist Payne as a kind of breakwater to the tidal wave of fear that had swept through the Democratic party in conthrough the Democratic party in consequence of its Free-trade rashness. FOR THE PRESIDENTIAL YEAR, 1884. Weekly Press, - - 61.00 a Year. Daily Press, - - - 86.00 a Year,

The coming year will be notable. Congress, divided between a Republican Senate and a Democratic House, will be busy President-making. The great battle of Protection against Free Trade will agitate the Capitol and the country. The Presidential campaign will be the hardest fought and most exciting political struggle for a quarter of a century. Europe, in the opinion of the best informed, trembles on the eye of a great war.

With auch an outlook a live passages which

the opinion of the best informed, trembles on the eve of a great war.

With auch an outlook a live newspaper which prints all the news and tells the whole truth aboat it is more than ever a necessity. Such a newspaper is The Philadelphia Press. Telegraph wires in its own office place it in instantaneous communication with a corps of over five hundred news gatherers distributed all over the civilized world. The special daily cable service which it shares with the New York Herald covers every phase of activity in European life. No paper excels it in all the elements which go to make up a broad, full, complete journal.

Besides being a complete newspaper, The Weekly Phase has several special features which put it at the top. The Admicultural Department, enriched by constant contributions from the foremost writers in various branches, gives the practical things that people want to know on the farm and in the garden. The Helping Hand for Worke or Home Department, edited by Mrs. Kate Upson Clark, is full of information, hints and happy thoughts for every wife, mother and head of a household.

A great feature of the coming year will be she highly valuable letters of Joanny D. Werkes on Wages of Working-men, the general conditions of Labor and the Cost of Living in Europe as compared with America. Mr. Weeks, who had charge of this subject for the Census of 1850, has made it a life study, and has been abroad this year conducting a special investigation. His letters will give the facts as to earnings in all the various industries, the purchasing power of wages, strikes, trades unionism, aribitration, etc.

The Weekly Press is full of choice home reading, with puzzles and other matter for the little folks, stories and pastimes for adults and children, feablen parts.
