—Presbyterian Sabbath School at 12:30 p. m.; M. E. Sabbath School at 10 a. m.

—Miss Maud Davis is paying friends in Warren a visit. —Mrs. N. P. Wheeler of Hickory, is sick with scarlet fever.—Tidioute News.

—Frank Walker has gone to DuBois, Clearfield county, to engage in business. —It'll soon be time for the festive dudu to take his "mash" out after trailing arbutus.

—Dr. and Mrs. J. E. Blaine, of Pleasantville, were with Tionesta friends yesterday. —John A. Stewart, the well known river pilot is shaking hands with his large circle of friends here this week.

—Sam Quaeer Clark was home from Macksburg, Ohio, for a few days' visit with his parents and friends during the week. —All of the boys who took passage down the river on the last flood have returned and many are now on their second trip.

—Eggs are once more an occasional sight in our market. The hens have evidently concluded to go to work at the old prices. —Rev. and Mrs. O. B. Clark celebrated their golden wedding at their home in Jamestown, N. Y., on Tuesday of last week.

—An old Waltonian says because "the snow hung a long time on the trees during the past winter" fish will be plenty this season. —The old willow tree on the river front is beginning to show its colors, which it considered one of the best evidences that spring's come.

—House cleaning has broken out in some parts of the town, and it is feared, if the present weather continues, the trouble will become epidemic. —Mr. G. C. Brown has purchased the interest of Geo. Carr in the meat market and the business will hereafter be conducted by Brown & Jamieson.

—Walter Adams is home from Tidioute nursing a very sore left hand, the result of trying to handle the contents of a can of boiling hot rosin with out gloves. —How the suckers do bite! Stinging after string, containing from one to twenty suckers, are to be seen every afternoon. The town is all broke' up on sucker-fishing.

—Web Clark is having his house painted a delicate green shade with darker trimmings, which makes a decided improvement in its appearance. Artist Dault is doing the job. —Mr. M. Carpenter, our enterprising Artist, has just received a large invoice of elegant picture frames of all sizes and styles, which he is selling at remarkable low prices. Gall and see them.

—F. F. Whittekin J. E. Hillard and Miss J. E. Copeland are this week announced as candidates for the office of County Superintendent, subject to the decision of the Directors' Convention in May next. —Counterfeit silver dollars, calculated to deceive the unwary, have been discovered in Meadville, and even taken by one of the banks in that city. They are lighter than the genuine, and on close examination show a bronze taint.

—Flitting has commenced. Mr. Derickson has moved into the Wolcott house, on May St., and Mr. Adams will shortly occupy his house just vacated by Mr. D.

—Two miles west of Livermore, on the West Penn railroad a train consisting of forty or more cars, will be on two bridges crossing the Conemaugh river, in one tunnel and in two counties all at the same time.

—Charlie Bonner became the happy father of a fine boy baby last Saturday. Mrs. Bonner's many friends will be pained to learn, however, of her serious illness, but we are happy to be able to state this morning that she is somewhat better, and hopes of her ultimate recovery are much brighter.

—During the past week the second invoice of lumber and timber has been run out, coupled-up and started on its south-bound trip this morning. The run this time will be about three million feet, and is about all that is now sawed, but it is likely there will be more to run on the next flood that comes.

—Mr. McDonald, who is visiting his nephews, N. S. and Harvey Foreman, had a narrow escape from drowning Monday afternoon. He was fishing on the river bank above Tubbs Run when he slipped and slid into the water where it was several feet deep, and it was only by a great effort that he helped himself out.

—Dr. D. Stanton an old resident of the South Side, died yesterday morning at six o'clock, at the age of eighty-five. He will be buried at three o'clock to-morrow from his late residence, on Third Street. Dr. Stanton was the father-in-law of Mr. T. D. Collins, one of the proprietors of the Collins House.—Derrick, Monday.

—A delegation of the borough school board, Messrs. Robinson, Morrow and Dingman, inspected the Tidioute school buildings last Friday to get some "pointers" for the new edifice to be erected here this season. They express themselves quite well pleased with many things they saw, and will doubtless adopt some of the plans.

—Capt. Stow Post has received, as a present from Comrade D. W. Clark, an elegant steel engraving of the battle of Gettysburg, size 26x41, and surrounded by a magnificent gilt frame. This handsome piece of art will adorn the walls of the Post room, and will doubtless recall to the memory of the veterans who assemble there many recollections of that terrible battle.

—The Franklin Evening News is out in a new dress of type, new head, considerably enlarged in form, and altogether looks as blooming and handsome as a buxom lass with a new spring suit. Since the connection of H. M. Irwin with the paper it has become one of the spiciest and most welcome exchanges that gladdens our sanctum, and we wish it years of pleasant prosperity.

—John B. McCalmont, well known to the older class of citizens of this section died at his home in Altoona, Knox Co., Ill., on Feb. 28, '83, aged 77 years. He was the father of seven children, only three of whom survive him, one of the number, a daughter, Mrs. J. S. McPherson, resides at present in Pinegrove township, Venango county, and is the mother of our friend John H. McPherson, well known to most our people.

—The Erie liar has feeble imitators in different parts of the country, but Franklin has escaped till lately. Our town comes now in the hogwash sent to a Pittsburg paper about a Jessie James gang of boys in Franklin, and about a Cranberry boy who apparently dies every morning at sunrise and comes to life again at sunset. Eli Perkins will have to look a little out, or his reputation will be eclipsed.—Spectator.

—Another sad warning of the danger of carrying firearms, especially by boys is related this morning. Eddie Parker an eleven year old Franklin boy, carried a revolver which would not stay cocked. Last night it went off and killed him. The exact circumstances of the tragedy can not be ascertained, but this much is known, that the boy carried a revolver and now is dead. The occurrence has caused great excitement, and well it might. Revolvers are too numerous.—Derrick.

—Use Acker's English Remedy for Consumption. Sold by G. W. Bovard.

—The Travelers Insurance Co., of Hartford, Conn., is performing a graceful missionary enterprise in the interest of art, as well as contributing a noble subscription to the great Bartholdi Statue Fund, by distributing a splendid picture of that masterpiece of sculpture to all the newspapers in the land. A copy is now in our office, and is certainly a worthy presentation of a magnificent subject.

—We see by our Warren papers that Mr. Henry Brace is announced as a candidate for Assembly. As yet he has no opposition, and we doubt if he will have any for the nomination, and as for the general election, why it makes little difference whether he has any or not: he'll get there anyway. Mr. B. deserves a united and enthusiastic support at the hands of the Republicans of his county and there is no question but that he will get it. He has helped many of the boys over the bridge in former campaigns, and they will not forget him in his canvass, in which he has the best wishes of a host of Forest county friends for ultimate success.

OIL NOTES.

The fieldmen who made a gauge of the Cooper and Balltown district last Thursday, place the total production of the two districts at that time at 8,386 barrels. This was divided as follows, Cooper tract, 5,010 barrels, from 182 wells, Balltown, 3,376 barrels from seventy-six wells. Since the last gauge fourteen new wells have been completed in the Cooper tract district, and twenty-three wells shot. In the Balltown pool two new wells have been completed and sixteen torpedoed.

J. M. Clapp's No. 3, which had declined to eighty barrels a day, was torpedoed Friday afternoon. In the first hour it made seventy-five barrels, and in the first nine hours put 243 barrels in the tank, an average of twenty-seven barrels an hour. It was reported doing seventeen barrels an hour Saturday night.

The Shannon well on tract 5134, Kingsley township, was down 2050 feet on Thursday last, and it was the intention to go 150 feet farther, making the well 2200 feet deep, or 100 feet deeper than the Cornwell venture near there. The well will undoubtedly be dry.

Aside from this there are two other wildcat ventures in this county, both of which started the drill last week. These are Arters & Co.'s on division 49, of tract 3,177, and Johnson & Co.'s on 3,561, both in Jenks township.

Byrom's Station:

Society is very queer. The people most sought after are those who do not pay their debts.

A Nashville man was fined \$8. for kissing a school teacher; if it had't been for two or three of the scholars who caught him at it, she wouldn't have charged him a cent.

Mr. Wm. L. Loomis is building a very comfortable little cottage for himself and one. The former is under employment of D. J. Drury, shingle-maker, near Byrom Station.

The oil well near Wolf Run is being put down very rapidly; they have commenced to drill; a good well is hoped for.

Mr. E. R. Davison, of Blairsville, Indiana Co. Pa., who has been with us for the past eleven months, went to his home on Friday morning last. He was made manager of the Western Union Tel. Office at Blairsville. We all miss him very much and wish him success in his business.

The Diagonal House has been doing good business for the past two weeks.

Mr. T. C. McGregor, of Averna, has started a singing school for the people around that neighborhood, also those at Byroms. This class meet's once a week on Wednesday evening, in the school house near that place. We hope this little band will become a larger one and prosper.

The school on W. Byrom's place closed Thursday last for this term. The children were all happy; they had a small reception in the afternoon.

Mr. F. L. Bracken, of Beaver Falls, has moved to this town; he is a plainer, engaged in W. Byrom's plaining mill.

Mr. Frank Nash has his shingle mill going most every day; they average about 18,000 per day; he has about 150,000 of shingles stocked in his yard. BACKWOODSMAN.

Limaville Locals.

Winter is now past for sure. Our schools are coming to a close, and soon the average boy will have to while away his time picking potatoes bugs, stoning chipmunks, &c.

Miss Rosa Wilber departed for Tionesta where she intends taking lessons in music under the tutorage of Miss Maud Davis.

Mr. E. L. Owens has forsaken the old craft of single wretchedness, and has boarded the gondola of perpetual happiness and everlasting bliss.

Abu Marsh has returned from Egypt where he reports business rather lively.

Mr. Phil. Emert lost a valuable cuff button some where about Mr. Laufer's harness shop. The finder will be liberally rewarded.

Mr. Johnston Irwin and family will soon move to Clarendon.

Mrs. Sabena Miller has rented her farm and is now a resident of our busy town.

Mr. E. P. Williams has bought himself a cart and a cheap mule, and will soon be engaged in hauling skivings from the Lineville tanneries. This in connection with the supervising, construction, and management of Mr. Miller's tannery, will keep Eddy chuck full of business during the summer.

Dr. Cary has been kept quite busy lately. The Dr. has a large and growing practice.

The boys are beginning to gather up their horns and cow bells to give Davy a good reception.

H. Kapp, one of Lineville's worthy merchants sold out his interest to the "Swab and Beck Co".

The Garfield Lyceum will meet for the last time for this season on next Friday evening. This society has, without a doubt, been a great success, and stands second to none ever organized in this community.

THE ALLEGHENY RIVER.

By W. J. B. 'Tis my native Allegheny. With her old majestic hills; With her green and shady valley Flecked with trees and grassy dells.

Oh I've waded in her waters— Strolled along her shady shores; Gathered clams and fished for minnows, And whiled away my childhood hours.

In her murmur there is music. Sounds that make my bosom swell; As it ripples in the sunlight, At the feet of grand old hills.

When the frosts of early autumn Have made all the woodlands gay With the hues of summer's rainbow, Or the meadow flowers of May,

Then her hills and rocks are mirrored In her tranquil waters clear; And the scenes are truly beautiful And they seem to me so dear.

When away from thee I've wandered, Out upon life's ranging stream, Then my thoughts were often with thee; And I saw thee in my dreams.

Oh, roll on sweet Allegheny! Gentle river of my days; And when far from thee I wander, I'll not forget to give the praise.
