—United Presbyterian services in the Presbyterian church, next Sabbath morning and evening, by Rev. J. C. Groer. All are cordially invited to attend.

—Preaching in the F. M. Church next Sunday evening at 7 o'clock, Rev. J. D. Rhodes officiating.

—Rev. Hicks will occupy the pulpit of the M. E. Church next Sunday evening, at 7:30.

—Presbyterian Sabbath School at 12:30 p. m.; M. E. Sabbath School at 10 a. m.

—Mr. Jas. W. Ward, of Jenks township, was on our streets yesterday.

—Pleasantville has organized a Post of the Grand Army of the Republic.

—The young folks enjoyed a pleasant dance at Partridge Hall last evening.

—Miss Maud Davis has returned from a rather extended visit with relatives and friends in Warren Pa.

—Harvey Foreman has purchased Mr. Wolcott's house in the north ward, now occupied by J. H. Derickson.

—We learn this morning that Curt M. Shawkey had his left shoulder dislocated yesterday at Salmon Creek, but are without particulars.

—Our genial friend R. B. Sinclair Esq., of Cleveland, Ohio, stopped in town Friday night last. He is always a welcome guest in Tionesta.

—Memorial Day falls on Friday this year and will be duly observed here. After that comes Fourth of July, and the question is, shall we celebrate?

—J. W. Halliday, of East Hickory, publishes his livery card in this issue, and wishes to inform the public that he will be found "right on taps" when anything is wanted in his line.

—Squire Brennan is in New York this week, where he expects to meet his sister, who will arrive from England in a day or two. During Mr. B.'s absence P. M. Clark Esq., will attend to his office duties.

—Will J. McConnell, the temperance orator, commenced a series of lectures in the court house last Wednesday evening. The meetings are quite well attended and a good many have signed the pledge.

—A new building is going up just above Lawyer Tate's office. We understand a bakery will be started, also a first class stationery and confectionery store. We verily believe these specialties will pay in Tionesta.

—Base ball is occupying the attention of Franklin and Oil City to the exclusion, almost, of any other business. Both towns have good clubs in the field this season, and there's going to be strife to see who's got the best.

—E. Readon, of East Hickory, one of our former citizens, arrived here yesterday. His wife, who came to the city on Tuesday, is hopelessly ill with cancer, and it is feared that she cannot long survive.—Franklin News.

—Commendable act: Charles Bonner is building a new house on the Vine St. end of his large lot; also fixing up in good shape the house recently vacated by Mr. Henderson. Both will be for rent when completed. Let others follow suit and Tionesta will soon be stocked up on tenement houses.

—Yesterday afternoon George Sawyer slipped and fell on the carriage track at Robinson & Bonner's mill dislocating his left arm at the elbow joint. Mr. Robinson performed the painful operation of pulling the arm back into place, and George will nurse his "pet" for a couple of weeks, no doubt.

—Ducks have been quite numerous on the river within the past ten days, and a good many of them died at the end of the numerous blunderbusses, but they're nothing more than the species known as helldivers, and too much like raw fish to make good eating.

—Maj. Frank Mabie, of the firm of Jenney & Andrews, Phila., stopped in town over Sunday on his monthly rounds. He was accompanied by a very agreeable companion in the person of Mr. R. T. Williams, also traveling in the interest of that well known firm.

—Next Tuesday the School Directors' Convention takes place. There are sixty directors in the county, but it is hardly likely every one will be present. However as each candidate has his friends, there will probably be a good attendance; at least enough to make it interesting.

—R. J. Huddleson, while taking out ties on Dawson Run last Monday, sent the blade of his broad-axe into his left foot, severing the arteries just below the ankle, in consequence of which he now wears a crutch. That's a quick but not a very safe way to pare down your corns, Bob.

—An exchange says a superstitious subscriber who found a spider in a copy of his paper writes to know if we consider it a bad omen. Nothing of the kind. The spider was merely looking over the columns of the paper to see what merchant was not advertising, so that he could spin his web across the store door and be free from disturbance.

—W. J. Bloomfield, teacher of the Truckeyville School, reports as follows for the term ending April 22, 1884: Percentage of attendance for the last month 100; for the term 90. Willie Crippen was present every day. Ruth Kinnear, Flora Vaneps, Willie Crippen, Lizzie O'Harra, Annie O'Harra, Patsy Garvey, Jerry Hannah, and Maggie Lynch, deserve special mention for progress. No. of visits, 50.

—Last Sunday the house of Michael Fitzgerald, situated two miles below this place on the opposite side of the river, took fire and burned to the ground before assistance could reach it, the house being located back from the road fully half a mile. We understand that none of the household effects were saved. Mr. Fitzgerald, it will be remembered, went to Dakota several weeks ago, and it is likely there were no men folks near at hand. The loss will reach several hundred dollars.

—Billy Smearbaugh has, within the past ten days, had a pretty serious time with his eyes. He took a trip to Pittsburgh to see Dr. Sadler, the eminent oculist and aurist, who was successful as usual in arresting the complaint, and Billy's optics are regaining their normal condition, and he is profuse in his praise of the doctor's skill. Dr. Sadler's practice extends from the Atlantic to the Pacific, and every hour of his time is taken up. His success in the treatment of diseases in his particular line is indeed marvelous.

—Judge Proper's team narrowly escaped from having some bones broken last Friday. Daniel Walters was plowing Judge Dale's lot and when in the act of turning round near Council Run, which is walled up and covered with plank, the horses sprang to one side, lighting on the plank, which gave way, allowing both to fall into the ditch which is four or five feet deep and quite narrow; one of the horses fell upon the other, and it was with difficulty they were extricated, and not until both were considerably bruised and cut up.

—The subject of the following item, which we take from the Emlenton correspondence to Venango Citizen, was the father of Mrs. A. Weller, of Kingsley township: "On last Tuesday morning Jacob Truby, Sr., who has been ill for only a few weeks, breathed his last at the age of 77. The deceased was one of the pioneers of this town and vicinity and was a man honored and respected by all who knew him. He was a consistent member of the M. E. Church and leaves a wife and six children, three sons and three daughters to mourn his death. He was interred in the Emlenton cemetery on Saturday p. m., the funeral services being held in the Presbyterian Church. His remains were followed to their last resting by a large concourse of relatives and friends."

—We are pleased to inform the public that preparations are in progress toward the proper observance of Memorial Day under the auspices of Stowe Post 274, G. A. R. Arrangements will be further perfected at the next meeting, being the first Wednesday of May, when a full attendance is requested. By a resolution and request of the Post Rev. W. Riley, of Braceville, has consented to deliver the memorial address on said occasion. The new brass band at Hickory has agreed to discourse music. The choir of Tionesta will favor the post and people with appropriate odes upon the occasion, and everything points to a proper observance of the day.

—At a called meeting of the School Directors of Tionesta borough, last evening, the following resolution was passed unanimously: "Resolved, That we invite, through the newspapers, a meeting of the citizens of Tionesta borough on Saturday evening next, at the Court House to obtain from them an expression as to the proposed school building." It is urgently desired that there be a full attendance of the citizens, especially the tax-payers, as the matter is a very important one to them. Plans of the new building will be exhibited. The meeting will open at the ringing of the bell, perhaps as early as four o'clock.

—Mr. Henry Weaver, well-known to many of our older class of citizens, was down from Balltown last week, where he is making his home at present. When "Hank" used to come through here on furniture boats, years ago, was quite a good fiddler, but since that he has learned to play the violin, and, my oh, such strains! Well, we don't care to describe it—couldn't if we wanted to. But we must thank him for the treat that we enjoyed at his hands and bow on Wednesday evening last, and "hope to have the pleasure again" some day.

—Messrs. R. D. Hoskins and M. L. Vought have "come out from the west" for a few weeks' visit with their many eastern friends. Both of the boys are looking unusually robust and healthy, and it gives us pleasure to state that they are meeting with fine success in their journalistic enterprises out west, the former being located at Bathgate, D. T., and the latter at Ashby, Minn. Dame Rumor has it that Luther will take with him one of Tionesta's fair young ladies on his return, and Rob—well, he'll likely stand up as "best man."

—Superintendent Witter arrived Saturday night from Buffalo on his first expedition along his division for the purpose of making the monthly payments. Payment will hereafter be made by check. The pay car will no longer be used, the superintendent traveling along the road by the regular trains. Superintendent Vandivort made the payments on the river division Saturday between Olean and Oil City. The president of the R. N. Y. & P. figures that \$300 per month will be saved by this new system of making payments.—Blizzard.

Hickory Waves.

Our farmers have commenced sowing in their grain. Sam. Williams is erecting a good dwelling house for his own use. Phil. Boarts and estimable wife have rented a part of McLosky's house and have commenced housekeeping in earnest. Mr. Henry Kiffer has had a severe attack of hemorrhage of the lungs, but is convalescent at this writing.

Warren Bean and wife nee Dettie Kiffer, were called home from Brookston last Friday on account of her father's illness. Several of our young ladies tried Prof. Hilliard's examination last Thursday, and we hope they met with success.

Several of our young, people accompanied by the Hickory brass band, assembled at the residence of Commissioner Henderson Saturday evening. The band discoursed several of their liveliest tunes after which refreshments were served. The company were favored with songs and other instrumental music. The band then gave us some of their best pieces, which they had reserved until the last. After saying good night they returned to their homes feeling greatly pleased with the events of the evening. "WAVE".

OIL NOTES.

Balltown No. 21 is due this week, No. 20 has been delayed by trouble with the casing.

A correspondent writes to the Derrick as follows of the wildest mystery on Spring Creek, this county:

The well referred to is located north 20° east of the Hoodoo ory hole, and one thousand feet distant. The well is closely guarded and no one is allowed to approach the well. Messrs. Geo. Ross and G. H. McBrick sleep in the derrick nights and stand guard all day. Geo. Ross, the famous hunter and trapper of Spring Creek, has brought his trapping equipments into use to assist in guarding the well and has about fifteen large, powerful bear traps set all around the derrick and engine house; one of which came very nearly catching other than a scout on Wednesday last. Mr. F. F. Whittickin was tracing a line north from northeast corner of 3561; the line running some ten or twelve rods west of the mystery. He had a large beech staff to assist him in ascending the hill, when suddenly the leaves and bushes flew heavenward and the stick was caught with sufficient force to cut it in two pieces by a fearful six spring bear trap. He escaped by about six inches. Had his foot or leg been caught it would have been amputated instantly, when it is highly probably that there would have been more blood shed, as Mr. W. is a hot tempered young man, accompanied by his western outfit which mean business. After the accident occurred Mr. W. was sumptuously entertained at Ross' camp to smooth things over.

On the Cooper tract Melvin, Walker, Shannon & Co., are running two sets of tools; and J. M. Clapp one. The Syndicate Oil Co., will close work with the two wells now being drilled. The Reno Company will complete its single drilling well the latter part of the month, and then suspend the drill. The most active company is the McCalmont, which is prepared to perforate the undrilled section between the Tionesta at Henry's Mills and their wells on the Henry Lands. They keep five sets of tools busy.

Shannon No. 24 on the Cooper tract was packed and Thursday forenoon was flowing at the rate of sixty barrels. This is the next location north of the Clapp gusher.

Syndicate seventeen is in the sand and making fifty barrels. Azro Copeland had one of his old wells, in Harmony township, shot with an eight quart torpedo during the past week, and it is now producing between eight and ten barrels.

Stewarts Run Items.

As the weather is pleasant, and the spring work is going along nicely I thought it would do to hear from Stewarts Run once more.

Mr. L. M. Range reports that he has his oats all sown; guess he is a head of his neighbors.

Mr. H. M. Zahniser expects to go to Mercer about the first of the month.

Mr. W. Y. Siggins and daughter made our Sabbath School a very pleasant visit on Easter Sunday. Mr. S. took charge of the school as in the "good auld lang sayne," and talked to the school awhile. Miss Lizzie presided at the organ.

Mr. Michael Bromley, of Mercer county, is visiting friends and relatives here.

Mr. J. A. Dawson, who has been ailing for some time, we are sorry to say is not improving very fast.

We are glad to welcome Messrs. Joe and James Clark of Tionesta back to our Sabbath School, and hope that they will come often.

Mr. V. O. Zahniser, of Mercer county, is visiting friends and relatives here.

Charles Copeland has the job of shingling the roof of J. G. Bromley's house.

Don't forget the quarterly meeting commencing the 16th of May and lasting over Sunday.

Mr. John Huddleson intends moving to Hunter Run the last of this month or the first of next.
