Address by the Chairman.

Republicans, do not fail to attend the Primaries to a man, on Saturday, June 7th, in your respective districts. Our political sky was never brighter. Let all the townships be well represented, as it prepares the way for our sure success in the fall. Our party in this county presents a united front, the utmost harmony prevailing in our ranks. Last year the Campaign was glorious, but this year promises even greater results. Our principles and purposes are the same now as then. We still have on our banner inscribed "Protection to home industries; a sound currency of uniform value; reduction of National, state and local taxation; honest and economical public service," and with such principles we cannot fail in November. Such teachings are good for every day of the week, and every month in the year." Therefore sustain them well at the polls, and victory will perch upon our standard as it has in the past. The attempts of our opponents to connive against the progress of our party will prove as it has heretofore, futile. The efforts of a few machine politicians to lead the National party into the Democratic camp will prove a vain conceit, a delusion and a snare. Already numbers of the honest men of those parties, disgusted at the so-called fusion, refusing to bow to the beck of a few leaders, who aim at the spoils of office, have flocked to our ranks. They are coming in week by week and we cordially welcome them with our grand old party, whose banner leads to success, because its principles are in accordance with the spirit of the age. And still there is room, and still they come. Truly the sky is fair.

SAMUEL D. IRWIN, Chairman Rep. Co. Com.

Attention is called to the Act of June, 1881, regulating Primary Elections, that the Judges and Clerks, before entering upon the discharge of their duties shall take and subscribe an oath or affirmation in the presence of each other as follows, viz:

"I do (affirm or solemnly swear) that I will as Judge, Inspector or Clerk (as the case may be) at the ensuing election impartially and faithfully perform my duties in accordance with the laws and constitution of the Commonwealth of Pennsylvania, and in accordance with the rules and regulations adopted by the Republican party of the County of Forest, for the government of said primary elections, meeting or caucus, to the best of my judgement and ability."

This oath or affirmation to be first administered to the Judge by an inspector, then the Judge can qualify the others officers or administer the oath to any elector offering to vote. The above form is given for convenience and is that prescribed by the Act aforesaid. And all boards will observe it closely, that the election may be conducted according to Rules of the Republican party in this County, and law governing primaries."

SAMUEL D. IRWIN, Chairman of Republican Co. Com.

The fact that the Morrison bill came within four votes of passing a Democratic House, and would very probably have passed if there had been a Senate and President of sympathetic complexion to approve it, will be amply enough to keep alive the existing distrust of the Democratic party. The issue is adjourned from Washington to Chicago.—Pittsburg Dispatch.

SPECULATION received a very black eye on Wall Street, N. Y., last week. The collapse of several banking institutions made things very interesting for the speculators, and many of them had to lie down. As a consequence the oil market got badly shaken up, taking a tumble down to 65 1/2 cents, but rapidly recovered and has since been hovering about the 80 cent mark. The feeling is much easier now, and stocks are regaining their normal condition.

THE free trade Democrats in Congress are going to issue an address to the country. The man who is whipped always tries to explain how his defeat could have been prevented.

Two Badly-Whipped Fusionists.

If there is still a doubt in the mind of any individual as to who has been squelched in the controversy in which the Democrat and Commonwealth have been pitted against the REPUBLICAN, let them read the last issues of those sheets and satisfy himself. Ever since the fight began they have been working like beavers to get just one point ahead and then quit, but finding that they were headed at every point,—crowded to the wall and held there; having no respectable argument to back up their shameless political bargain and sale, and the only earthly chance they have of ever delivering the goods they have contracted to, is to get a discontinuance of controversy, they both simultaneously come to the conclusion that we're whipped; in other words the Democrat chaws the cud which the Commonwealth throws up. Ha, ha! it makes a fellow feel good to get licked that way; it don't hurt a bit. Besides the public is the best judge of who's got the worst of it. The object of the howl of Kepler and Dingman is obvious; It is intended for those readers who have only read their side of the question; and even that will fail, for any intelligent reader can see by their own papers that they have disgraced and stultified themselves by their many inconsistent and false statements.

In the meantime we have shown to the public that a few self-appointed bosses of both parties have bargained to sell out their parties, body and soul, that all they hope for now is to be able to deliver the goods; that in order to carry out their scheme they have illegally discarded all former party rules and methods of making nominations,—taken the matter out of the people's hands and placed it in the hands of a few where the wire-pullers propose to handle and control nominations; that a candidate may be ever so popular with the people, but if he is not the favorite of the bosses he cannot be nominated for any office; that the whole scheme was concocted by a half dozen old political schemers, who are entirely devoid of any political principle whatever. We have proven beyond peradventure that the Democrat dare not publish its own primaries rules, and that the editor of the Commonwealth, in attempting to put a wrong construction on the Greenback rules, has shown himself to be a complete ass; that he has dodged every question we have put to him; that he has closed his columns to any fair discussion, and that he will not allow a consistent and straight Greenbacker to be heard; that in his vain attempt to clear himself of this charge he put himself before the public in a very pitiable and unenviable light; that he is engaged, as one of the "six smart alecks," in trying to sell out his party for spoils, which scheme he has himself said was "a business transaction," and surely that ought to convince any one of his design. We have proven to any intelligent reader that their sickly howl about "mismanagement" was a malicious falsehood, gotten up to deceive and mislead the public, and that the "stop thief" cry has reacted with crushing discredit upon themselves.

And yet these two numb-skulls—the "little dodger" and the "might fasion trapper"—have the impudence to yell that the REPUBLICAN is whipped! Say, just whip us some more the same way, will you, if you are not too much exhausted? But if you are content to lie under these disgraceful facts, and face a disgusted public with such records hanging over you, all well and good, we'd hate to do it, however, were we in your predicament.

Notice. Notice is hereby given that a meeting of the qualified voters of Tionesta borough School District will be held on the

FOURTEENTH DAY OF JUNE, Next, at the usual place for holding the municipal election in said Borough to decide by ballot of the question of the incurring, by said School District, of indebtedness for the purpose of building a new school house therein, in accordance with the Act of 20th of April 1874; "An Act to regulate the manner of increasing the indebtedness of municipalities, to provide for redemption of the same, and to impose penalties for the illegal increase thereof," and the corporate authorities of said School District have by their vote duly recorded on their minutes authorized the incurring of a debt to the amount of three thousand dollars additional to a debt of four thousand dollars authorized by an election held Aug. 11th 1883, for said purpose according to said Act, and set forth said statement required under the same as follows:

Amount of the last assessed valuation for school purposes, \$112,711.00. Amount of the proposed debt, \$3,000. Amount of the percentage of the proposed increase, 2 1/2 per cent. Surplus in hands of Treasurer, per Auditors' settlement, \$221.92.
