Table with columns for NORTH and SOUTH, listing train numbers and times.

—Quarterly meeting will be held in the M. E. Church, this place commencing Saturday evening, Aug. 23, and lasting over Sabbath. Presiding Elder Bray and other ministers will assist Rev. Hicks in the exercises. On next Sabbath evening a Missionary Meeting will be held in the same church. Remember the date.

—Presbyterian Sabbath School at 12:30 p. m.; M. E. Sabbath School at 10 a. m.

—Miss Brownie Bates, of Titusville, is the guest of Tionesta friends.

—Our genial friend Mr. Peter Berry, of Balltown, paid Tionesta a flying visit last Friday.

—Mr. L. Agnew and daughter, May, of Balltown, paid Tionesta friends a visit Monday.

—Maj. Canfield has the contract of hauling the brick from the station for the new school building.

—Mr. W. S. Davis, of Gilfoyle, this county, shook hands with many Tionesta friends to-day.

—Hon. C. A. Walboro, of Philadelphia, spent a few days of the past week in town as the guest of Mr. O. W. Proper.

—Dr. Morrow reports a new girl at the residence of Mr. Erick Johnson, who resides just above Hunter's grist mill.

—Our genial townsman, A. B. Kelly, wears a pleasanter smile than usual. The arrival of another boy at his mansion accounts for it.

—Mr. Henry Brace, Warren county's next representative in the State legislature, shook hands with Tionesta friends last week.

—James Walters is again a resident of the borough, having opened a meat market at his former stand, near C. W. Dimmick's store.

—It is not too early to look after the matter of registering. Let every Republican be absolutely sure that his name is on the registry list.

—Mrs. Ida Garlick of Cincinnati, has been enjoying the society of Tionesta relatives and friends during the past week. She was accompanied by her niece, Miss Kate Stow, of Bradford. Both were guests at the May mansion during their stay.

—Mr. R. M. Slagle, the veteran stocker for that wide-wake lumber manufacturer, J. W. Polen, of Stowtown, was shaking hands with his many Tionesta friends last Wednesday. He was accompanied by Hickory's artistic and reliable blacksmith, Mr. J. E. Stoughton.

—It will interest many of the survivors of Co. G., of the famous 83d Reg., to hear that one of their old comrades, Mr. J. S. Reynolds, has been elected to the responsible office of Auditor of Osceola county, Iowa, a position which means something in the western states, there being from \$1,200 to \$1,500 a year in it. His old chums will be delighted to hear of his success.

—Our thanks are due the managers of the Jefferson County Industrial Exposition, for a "complimentary" to their sixth annual fair to be held in Brookville, Sept. 16th to 19th inclusive. The Expositions of the association are yearly increasing in interest, and are rapidly coming to the front as the best in this section of the State. For particulars write to R. M. Watson, Sec'y.

—Our citizens will sympathize with the family of Mr. Henry Shoemaker in the death of their little daughter, Anna, which occurred on Friday night last after an illness of less than one week with diphtheria. The sadness of the affair was deepened by the absence of the father, being called to attend the encampment of the National Guard of Pa., of which he is a member. When he left his child was in perfect health, but before he could reach home she was laid to rest in the grave. Two other children of the family have had slight attacks of the disease but are now considered out of danger.

—Mrs. H. M. Irwin, accompanied by her three interesting little boys, of Franklin, returned yesterday to her home after a week's visit in Tionesta with the family of S. D. Irwin Esq.

—Mr. H. H. Shoemaker and family wish to return their sincere thanks to those kind neighbors and friends who so generously lent their aid and comfort during the sickness, death and burial of their little daughter, Anna.

—The necessity of having the court room of the court house frescoed and re-painted has been frequently urged upon the County Commissioners and they accordingly contracted for the same last Saturday, with the gentleman who has just finished a most elegant piece of art on the Presbyterian church. He is to begin work at once and have the job completed one week before September term of court. The plastering on the ceiling has been in need of repairs for some time, and the contract just let will include these repairs. When done the court room will be a pride to Forest county.

—A large attendance is expected at Jamestown, N. Y., at the annual reunion of the A. O. U. W. lodges of Western New York and Northwestern Pennsylvania at Point Chautauqua, August 20th, and ample preparations are being made. John R. Clark, of Detroit, Mich., will deliver a lecture, and short addresses will be made by prominent members of the order.

—Leroy Andrus, of Buffalo, the supreme master workman of the United States, is expected to be present. Much of the day will be devoted to social intercourse and increasing the acquaintance of the members of the order.—Oil City Blizzard.

—The cantata of "The Flower Queen" to be rendered in the Presbyterian church by the Sabbath school, under the direction of Mrs. T. F. Ritchey, next Friday evening, promises to be a very pleasing entertainment. The programme as printed is complete and attractive and cannot fail to highly entertain the audience. The admission fee has been placed at the nominal sum of 25 cents for adults, and 15 cents for children, and as the proceeds are to be appropriated to the purchase of a new organ it is earnestly hoped the affair will be liberally patronized. Let all attend. Programmes will be distributed at the beginning of the performance.

—Oil market closed yesterday 78 1/2. Opening this morning at 78.

The Council Run well is down a trifle over 1500 feet and shut down for the present. The last forty feet of drilling was in the sand and it is said by experts to be a superior quality and very much resembling the Bradford sand. A small showing of oil and considerable gas was found. No slush oil was discovered during the entire progress of the well. The owners have decided to let the well stand for one week, at the expiration of which time, if it is thought advisable they will shoot it, and it may be they will sink it deeper. It is a question whether 1500 feet is a fair test of the territory, but the parties interested hardly feel like going on without receiving some substantial encouragement from those whom the venture would directly benefit should the well prove a success.

Geo. Hunter feels encouraged at the prospects of his venture on Hunter Run, and it would not be surprising to hear that he had a gusher.

Yesterday morning's Derrick has this: Palmer & Butts' wildcat well in the Hoodoo country, Forest county, is believed to be below the sand level without any oil. Before the depth of the Cherry Grove sand was reached, they struck a formation which raised some hopes in their bosoms that they had found oil, but it proved to be a deception. Several of the field men had been watching the well, and although not allowed to venture too near the derrick, they think it safe to venture the assertion that so far there is no show of oil, and from all appearances the well is deep enough.

Barnett Notes.

The Clarion has been up in a running stage from the late rains. We have been very fortunate in freshets in our river having had plenty of water for running lumber.

There doesn't seem to be much activity in the lumber business generally. Some timber has been put in at Millstone, some at Wynkoop Run, and some at Clarington.

Elder and Braden have their mill about ready for business. It is built in the old Armstrong head-race.

Elder's mill and boat scaffold are running as usual. Mr. Elder Sr. and family occupy the Shields House.

The Coleman mill and scaffold seem to be busy.

Folt. Frampton, while working on Elder and Braden's mill, had the ends of two of his fingers torn off by their being drawn into the pulley wheel of a tackle block he was using.

J. B. Pearsall has had the misfortune to lose the end of one of his fingers the late rise. It was caught between the ends of two lash-poles of two rafts that were passing on the water.

Grandmother Porter is suffering from a broken fore-arm and compound fracture of the wrist, all on same arm, caused by a fall.

Clarington is just over with the Measles and Whooping cough. It is said that there were no less than 60 cases at one time in town and the close vicinity.

Rev. Frampton's little daughter has had an attack of Scarlet Fever from which she is about recovered. Three deaths from Measles and Whooping-cough, infants, occurred.

Our schools have been open for a two months term.

A festival at Greenwood for the benefit of the M. E. Church netted \$152.00. Clarington Church will festive on Friday and Saturday, Aug. 8th and 9th. The M. E. Church has been painted, new windows put in and some other improvements have been made, adding much to its appearance.

Miss Jennie Shields is home from Pittsburgh where she has been attending school. Margaret Winlock and James Gwinne, relatives, are visiting with her.

J. R. Miller our pedagogue, has bought himself a small farm in lands of the former Tabor estate now owned by J. B. Pearsall. As has also Mike Dunkel.

Our town still improves. Joe Hoff has built himself a barn. Philo Williams is doing the same for himself. Other improvements in this line have been made.

Some recreationists from Brookville and thereabouts have had a camp pitched down at the Clark Landing and have been making "Rome howl." All through the country decided signs of improvement are met with.

At Black's Corner we had the pleasure of having a chat with ex-Commissioner Long who is there engaged in the store business.

Effie Myers, a niece of Mrs. Long and who has been very ill of late is improving. TRAMP. Aug. 7, 1884.

Forest County's Insane.

Commissioners of Forest County:—GENTLEMAN:—

The condition of the several patients under your care in this Hospital is as follows:

John Clary is at present tolerably quiet though he has just had one of his periods of excitement.

Sarah Shoupe is generally very quiet, but very sullen and surly and has very little to say to any one, and does not like to have much said to her.

Wm. Barnhart has been very quiet for some time, but is easily irritated, though he does not give us very much trouble.

Isaac Reed is not very quiet, but has just had a long period of excitement.

Michael Callinan is very quiet, barely speaks to any one, and is rather sullen and surly.

Samuel Hawthorn is generally very quiet, and pleasant, but frequently says he thinks he ought to be at home taking care of his own property, instead of being here.

Andrew Saltgiver has grown larger and stouter, and goes about a great deal, but his mind is weak and he is still very awkward in his use of his left side.

Olive Noble is generally quiet, rather feeble in mind and has the epileptic attacks now and then.

Very Respectfully, JOHN CURWEN.

Balltown Etchings.

Ed. Horn is wearing crape; Susie has gone to Butler county.

Miss Cora Valentine started for Chautauqua lake last Friday morning, where she intends remaining for a few days.

Mr. William Hawks, who has been ailing for the past few weeks, has gone to Chautauqua to recruit. We hope Mr. Hawks will come back to us in better health, as he is a jolly friend appreciated by many.

Ha, ha, ha! Balltown has a poet! And if I were a go-at, I would know it. But he must not forget it; he has been out-wit-id, when Mrs. Echo he quot-id.

Porkey is becoming quite notorious. Two ladies had a dispute the other day which ended in blows; they became very much excited and might have hurt each other badly had they not been parted. We understand they intend taking the case to court.

Persons who have been acquainted with Messrs. Emery and Linderman may wonder what is at present wrong. Their wives have gone home on a visit and they have not as yet become accustomed to the bachelor situation.

The Republicans of Balltown held a meeting in the Beecher & Copeland block for the purpose of organizing a Blaine and Logan club. They have started with a list of forty members, and anticipate exciting times at their future meetings. Mr. Riley, of Braceville, addressed the meeting.

Eddie Barnes met with quite a serious accident last week. Having gone up stairs to play he accidentally fell through an opening in the floor to the room below; he fortunately only cut his knee open instead of breaking his neck. Dr. Hottell was called and sewed up the cut; at present he is doing as well as could be expected.

We would like to know what attraction calls so many of our townspeople to Tionesta. Mr. Peter Berry was there Saturday last, and on Monday Messrs. Welsh, Emery, Agnew, and Miss May Agnew set sail for that festive burg.

Dr. Hottell is continually on the go and his success as a physician is unequalled.

Rev. Riley preached here at half past ten Sunday morning. Ego. Aug. 11, 1884.

Stewarts Run Gossipings.

Oats harvest is in order. Oats good; farmers smiling.

Gone to Buffalo—A. J. Handy.

Birdie Bromley having finished her term of school, is off seeing friends and sights in Warren county.

For a lovely bouquet go to Mrs. J. I. Range.

For amusement we have croquet at Thomson's, Dawson's and Bromley's.

Miss Lin Zahniser closed a most successful term of school last week.

Complimentary whispers report that J. A. Dawson and W. C. Bromley furnish our Tionestians with the best lamb meat of the season.

When you are sounding the praises, or praising the sound of our new bell on the Academy of learning, remember that Master George Dawson deserves especial mention. It is a fine toned bell, and hereafter there will be no sympathizing with the teacher who exhibits an ailing hand, bruised by coming in contact with the window frame, and the wee urchins will miss their extra five minutes of intermission, which they now claim by their plea of—"Teacher, I didn't hear you rap."

Again we bid our excellent teacher, Miss Lewis, good-bye. Not wishing to be selfish enough to deprive others of the good we enjoy, we still wish her back among us for the winter term.

Thursday was the day we all met and cleared up our city of the dead at Asbury. Dear old place; memory reverts to thee as guarding the dust of our sainted dead, until the dawning of that morning when the mists have cleared away. A. G. August 11, 1884.

Grand Army Notes.

SPECIAL MEETING.

On petition of eight comrades the Commander appointed a special meeting of the Post, on Wednesday Aug. 20. Said meeting being called for the purpose of muster in of recruits, and receiving applications. Comrades will take notice accordingly, and let there be a good attendance. By order of the Commander. Attest, SAMUEL D. IRWIN, Adjutant.

Star Twinklings.

We are alive here yet. The farmers are hard at work getting in their oats, which are very short this year.

What was the matter with the young man that did not get home from prayer meeting the other night.

A. L. Cooper, the great dog killer, is still at work, and dogs are not so plenty as they were.

What makes Abe Cook so down-hearted of late? Cheer up, old boy.

George Burhenn is away and the cross road is a lonely place.

Our school will soon close, and then the small boys will be happy, but not so with some of the larger ones. J. B. Aug. 9, 1884.
