BUNGLING BURGLARY.

Forest County's Safe Attacked.

Last Friday morning our community was considerably stirred up over an attempt had been made to burglar. ize the safe in the Treasurer's office. who came to the court house carly in the morning and found in passing through the hall that the door of the 'Treasurer's office had been forced open and by the smell of burnt powthe surroundings was sufficient to show what had happened. The thieves had pried the office door open, drilled a hole through the outside safe door close to the combination lock and evidently exploded a quantity of powder on the inside, but not suffi-

cient to blow the safe open, although there were signs that the shot had bulged the door sufficiently to break the varnish around the rivets. Both door-handles and the knob which turns the combination were knocked off. In this condition the safe remained until yesterday morning when an expert from Pittsburgh arrived and opened it. It was found the burglars got no farther, for the inner doors, made of iron about three eights of an inch thick were unmolested, and the books, protected by these doors, were not damaged or disturbed in the least. Having very little money in the safe, perhaps not to exceed \$15, Mr. Smearbaugh, the Treasurer, felt no uneasiness except for the condition his books and papers might be in; he was considerably relieved to find them all right.

As to the robbers, there is no clue. A compass saw, screw-driver, and a piece of iron used for a punch, belonging to Mr. J. B. Eden, were found at the entrance to the office door. No other instuments were found, except a drill on the platform at the depot. Mr. Eden's tool chest, which stood in the Mabie building that was being moved, was bursted open and a brace and bit taken besides the tools above mentioned; also a sledge-hammer that had been used about the building; Mr. Beunett, the wagon maker, also

finds two of his braces missing, and evidences that some one was in his Marks were left on the door jam of the Commissioners' office, indicating

that an attempt was made to get in there. No damage was done except to the safe, which will amount, all told, to about \$90.

Our citizens should be ever on the alert for these depredations, as there is hardly a day but we hear and read of robbers, and many of them of the boldest character. Only a day or two ago masked men entered a house near Sligo, Clarion county, and compelled the owner to open up his safe from which thay stole over \$6,000. And on Monday evening last, as a family near Emlenton were seated at the supper table, four masked men entered, tied and gagged the inmates, ransacked the house and secured about

' The Accinent at Balltown.

Wm. Titus, the man who lost his life at Balltown last Wednesday, mention of which is made by our Balltown reporter, was aged about 55 years. He was a very highly esteemed gentleman, all his acquaintances speaking well of him. He was the father of two grown sons, one of whom was present and took a very active part in the pole raising, and had expressed a desire to climb the pole and loosen the law at Manistee, Mich., has given up guy-ropes when it was up. A few his chosen profession to engage in andays before, Mr. Titus had attended a other. He has been preaching in Dapole-raising in his own town Garfield, and had cautioned several of those present about getting too near the pole. The members of the Blaine and Logan Club of Balltown gave expression to their feelings on this sad affair in the following

Gusher City Forest County.

Thinking perhaps that many of the readers of your valuable paper have never heard of Gusher City, I take this favorable opportunity of informing them that such a place does exist. And although somewhat remote from your pleasant town of Tionesta, and twelve miles from the Rail Road, yet we get one mail daily, and try to keep ourselves posted on the passing events, and are always ready to take a band in any of the live issues of the day.

On Saturday evening, 27th ult., we had a grand Republican blowout. The pushers of the Blaine ard Logan club, assembled at the office of Melvin Butler & Co., Springville, N. Y., Walker, Shannon & Co., and under Edwin C. Burt, New York; these the command of Charles W. Pratt goods are guarenteed the best, and we marched away through the avenues of offer them at very low prices. Address, GLENN & BUCKLIN. down to the plank road, where we met the delegation from Dunham's Mills. Having furnished the Duuham boys with torches, all being in readiness, the word of command was given, and we continueded our line of March towards Gusher, and the manly tread of fifty-three good and true Republicans was heard to echo and resound under the shadows of somber hemlocks. Arrived at Gusher we marched down Main to United Avenue amid prolonged cheers, and waving of handerchiefs, up United avnue and past the rink to 2nd street, up 2nd to Main, up Main to the St. Petersburg Hotel, where we were drawn up in line and listened to a short speech by Charles W. Pratt, after which three rousing cheers were given Blaine and Logan. We then broke ranks and entered the hotel and were royally entertained by mine host John Reagan, who well knows how to take care of a large crowd. The great est enthusiasm prevailed up to a late hour, and we predict a handsome majority for Blaine and Logan and the State and county tickets. Jack McDonough and Bert Hoyt, the two fifers of the campaign band, are daisys. John Wright and Swifty Bellows the two Snare drumers are artists in their line. George Rowley the bass drumer thumped the big drum in great shape. James McGhee is deserving of much credit for bringing the band out in such fine style in so short a time. Joseph Thompson, the color bearer, was the right man in the right place. Sam. Benn and Joe Winger carried two handsomely decorated transparencies.

"Hannah !" What in the world bas been shaking up the dry bonse at Triumph? The "gall" and "cheek" displayed by the "Triumph Tattler" geen ahead of the proverbial government mule, when he imputes to us the serious charge of being a "Democratie Aspirant." As to being a "Michigan law student" and "Pinegrove twp. hide-dealer," we plead "guilty." with the consolation and assurence that we have never been guilty of breaking an old maid's heart, and feelings, 'too, in the vain endeavor to reach up to the

top of the dye kettle. If some of Lineville's "smart" young gentlemen and ladies (?) continue their depredations on certain orchards and turnip fields they are liable to meet with a reception not caulculated to enhance their pedestrian abitities.

Rev. Platt preached his last sermon for the present conference year, on Wednesday evening. LANK. Oct. 6th, 1884.

-The Presbyterian Church has been treated to a handsome new organ. It is of the Clough & Warren make, and has the patent qualifying tubes, a new wrickle which no other maker posses, and which gives it a rich, full and sweet tone, unexcelled, and in fact, unequalled by any that have ever been brought here. It was purchased through the agency of Mr. C. W. Demick of this place.

-Persons who wish to obtain good lots for homes, will do well to attend the sale of town lots of the P. D. Ledger. Thomas Estate, on Oct. 14, at Tionesta. The sale, we understand, will be made by the executor, Mr. Reid, on the grounds. These lots are large as a general rule, and favorably located, and the terms easy, viz: one third down and balance in two annual instalments. These lots are convenient to the Court House and desirable. There is also a 9-acre tract, including a brick yard, for sale at same time. Do not forget the sale.
