LOCAL AND MISCELLANEOUS.

Condensed Time Table Tionesta Station.
NORTH. SOUTH.
Train 15... 7:48 am Train 63... 11:17 am

—Preaching in the M. E. Church next Sunday evening by F. M. Small.
—Preaching in the Presbyterian Church next Sunday morning and evening, by Rev. Hickling.

—Presbyterian Sabbath School at 12:30 p. m.; M. E. Sabbath School at 10 a. m.
—Mrs. Chas. Booner is visiting Titusville friends this week.

—At Ed. Sanner's Monday evening last, a boy of the regulation weight.
—S. D. Irwin, of Tionesta, spent Sunday in this place.—Franklin News.

—Street Commissioner Hood is doing a good job on the new street to the river bridge.
—Mrs. J. D. Hulings has gone to West Virginia to pay her husband a visit of a couple of weeks.

—Mr. Jno. McFarland of Armstrong county, is paying his brother-in-law, Dr. Morrow, a visit this week.
—Mr. Geo. Carr expects soon to move his family to the Bradford region. Our best wishes go with them.

—We were shown a beet last week, raised in Mr. Jackson's garden, which weighed 14 pounds. It was a monster.
—Old inhabitants have settled down to the conclusion that this has been the finest summer and fall in many years.

—From the appearance of things this morning it looks as though we were going to have a "spell of weather," but it may "slack up."
—The attention of our readers is called to the program of exercises of the Sunday School convention to be held here on the 30th and 31st.

—Mr. Richard Holeman, wife and two children, of Mill Village, Pa., are visiting with Tionesta relatives, expecting to remain a couple of weeks.
—Lew. E. Huddleson, came down from Bradford last week to recuperate for a few days. He is just recovering from a severe attack of bilious fever.

—Although the deer hunting season has been open for several weeks, no venison has yet made its appearance in our markets. What's the matter with our sports?
—The new iron span of the river bridge will soon be in position, and teams will again be crossing the bridge this week. It reminded one of old times to see the ferry running during the past week.

—Mr. Craig's and Prof. Hillard's new dwellings in the north ward are being rapidly pushed to completion, and they will doubtless both be occupying their new abodes before very cold weather sets in.
—Harry McKnight, wife and two little boys, of Oil City, spent last Sabbath with Mrs. McKnight's parents. Mr. McKnight is one of the proprietors of the oil region's brightest and spiciest papers, the Blizzard.

—The new school house will doubtless be under roof by the latter part of this week. Lathing has begun, and soon the plastering will be commenced. Perhaps before another month goes by the structure will be completed. It is a fine building and adds a hundred per cent. to the beauty and wealth of our town.
—An exchange says: There is a law requiring merchants receiving queensware, to burn the straw in which it is packed. They dare not sell it or give it away, because queensware comes to us from foreign countries and is packed in or with straw that may contain noxious seed, such as Canada thistle, and it is to prevent the introduction of seed into this country that the law requires the burning of the straw. It is a wise provision and should be strictly adhered to. We call attention to the following section: "It shall be the duty of any person who shall ship or cause to be shipped into the State, any fruit trees, queensware, or other property of any kind or other packed in or with straw or grass at the time of unpacking the same, and if any such person shall not destroy such grass or straw he shall be deemed guilty of a misdemeanor."

Oct. 18, 1884.

—Oil market closed yesterday 7 1/2. Opening this morning at 7 1/2.

—Ballou's Monthly Magazine for November contains the eleventh part of that popular nautical yarn, "On Land and Sea; or, California in the Years 1843, '44 and '45," by Wm. H. Thome. Ballou's is full of good things; tales, poetry and engravings, and is not filled up with continued stories, only one one being admitted. Only \$1.50 per year, or 15 cents single copy. Thome & Talbot, 23 Hawley St., Boston, Mass.

—Peterson's Magazine for November is on our table—ahead, as usual, of all others. How the publisher can afford to keep improving it, as he does, is a standing wonder. With this number appears the Prospectus for next year. It promises ever better things, and "Peterson" always keeps his promises. There will be over 1,200 printed pages, 14 steel engravings, 12 double-sized colored steel fashion-plates, from 800 to 900 wood-cuts, six copyright novelets, one hundred smaller stories, etc., etc. Everybody should take this magazine. Now is the time to subscribe. \$2.00 a year. Address Charles J. Peterson, 306 Chestnut St., Philadelphia, Pa.

—About two weeks ago a teamster hauling logs on the Leeper & Arnold tract, near Tylersburg, Clarion county, made quite a remarkable discovery. Driving over a certain spot in the pine woods, his team seemed to sink into the ground; upon closer examination of the spot, he discovered what he supposed to be a grave, but which had been carefully covered over with leaves, etc. Apprising some of the men about the job of the fact, they resolved to investigate matters, and dug down to the bottom, a distance of about three feet. Contrary to expectations they found nothing but some roots, which had evidently been covered up so as not to leave any traces of the grave. The supposition of the men is that some fool play was intended, and that the victim was intended to be buried in this secluded spot in the dense forest. From all appearances the grave was about two years old, which corresponds with the time that a man was reported to have suddenly disappeared from that section, he having been one of the employees of the narrow gauge road which was then building through that section. The discovery has created no little talk among the people of that section.

Neilltown Notes.
Messrs. Galligher and Black dug 914 bushels of potatoes, and picked them up, in one day for Mr. D. H. Demunn. Who can beat that?
Croquet is not so brisk since the frost; people have turned their attention to chestnutting. Mr. Slater has over three bushels sacked.
The girls say, when they want the boys to butt the trees with the "battering-ram," "Boys, get the 'sheep' and butt another tree."

J. H. Demunn's hand is on the gain, but he has no use of it yet.
R. O. Carson sold ten three-year-old steers to parties in Oil City, and realized \$555.00. He has disposed of another lot which he will take down in a few days.

Mr. Tanner contemplates moving his mill in a short time.
Mr. Sam. McKee has a large quantity of very nice purple top turnips.
We have't heard the quack of a wild goose yet. Look out for Thanksgiving; R. O. Carson has 40 turkeys in good order.

All wanting blacksmithing should come to Neilltown and get a good job. Shoeing a specialty.
Dressmaking by Miss Annie Machesney.
Dewane Burehfield contemplates going to Chicago in a short time, where he expects to go into business.

David Landers, has moved his house quite a distance and located across the road from his mother's residence. The job was superintended by Wm. McCaslin.
Mr. Krautzer lost a fine horse recently, but has replaced it by buying a fine colt of Joe McCaslin. Consideration, \$152.50.

Mr. Foutz is digging a well on the Neill farm. He has struck water, but don't know the depth nor the quantity of the water.
We will soon hear the last "toot" of the steam thresher, as there are but a few more threshing jobs in the place.
AUTUMN.
Oct. 18, 1884.

Stewarts Run Ripples.

Our usually quiet place has for the past three weeks been quite lively; visitors have thronged our highways, gladdened our hearts, brightened our homes, and helped us make the woods ring with merry laughter and happy shouts while gathering the plentiful chestnuts. Also weddings, receptions and serenades being the order of the day.
Our neighbor, J. Thomson, has been on the sick list the past week.
Wm. Kinker of Pittsburgh and Miss Minnie Smith of New York, who have been visiting J. A. Dawson's returned home on the seventeenth.
The bonanza turnips were raised this year by U. S. Zahniser.
Lyman Handy and family have gone to Kansas, where they expect to reside for the future. We understand his brother, A. J. Handy, purchased his entire property.
We understand that our friend H. M. Zahniser goes to Mercer county this week to attend the golden wedding of his parents, which important event occurs Oct. 21st.
Forest Hunter resides in the large house formally known as the Joselyn City House.
Miss Ollie Copeland has gone to Titusville where she intends to go to school the coming winter.
Plentier than hops this year are the candidates, with their smooth speeches and smiling faces. How about the smiles after the fourth of November? Still wear your most becoming smiles, kind gentlemen, and bear in mind the old adage, "there's a good time coming."

Miss Harmon, of Clarion, visited Mr. Coleman's the past week.

Again we invite all persons to attend the convention.

Good Meeting at Fagundus.

A grand joint Republican meeting was held here this evening with a full house in attendance. The meeting was called to order at half past seven o'clock by the President, Isaac Jones, after nominating Royal Scott and Richard McGill of Warren county, and John Kinnear and William J. Gorman of Forest county, for Vice Presidents, and A. T. McElwain and Robt. W. Pimm as secretaries. The speakers in attendance were W. L. Riley of Braceville, and O. W. Allen of Warren; Capt. Cummings of Tidioute also spoke of the necessity of keeping the ranks well closed up and looking to home interest. The ladies also helped to make the meeting a success by their large attendance. We regretted very much that Mr. Peter Berry was not with us, but on account of disappointments we shall have to excuse him. However after hearing the truth expounded for two hours, we gave three rousing cheers for the whole Republican Party, then quietly dispersed.
