—Preaching in the Presbyterian Church next Sunday morning and evening, by Rev. Hickling.

—Preaching in the M. E. Church next Sunday evening by F. M. Small.

—Presbyterian Sabbath School at 9:45 a. m.; M. E. Sabbath School at 10 a. m.

—Oil market closed yesterday 80 $\frac{1}{2}$ . Opening this morning at 81c.

—The backbone of winter may be broken, but it's not a compound comminuted fracture by a blowed sight.

—Selden Whitman started yesterday for Warren and McKean counties to visit his sons for a couple of weeks.

—Mr. A. J. Landers, who has been on the sick list for the past four or five weeks, is still confined to the house.

—Mr. George S. Hunter took a turn for the worse on Monday, and his friends are quite uneasy concerning him.

—Mr. Alex. Bonner, of Stoneboro, Pa., paid a business visit to this place Monday, returning yesterday. He was looking robust and healthy.

—County Auditor Corah, of Balltown, while in town last week received the congratulations of his friends on the advent of an eight pound girl at his home.

—Mr. Burr living near Neilltown went out to the barn one morning last week and found that one of his horses, a fine work mare, had died during the night. It is a severe loss to Mr. Burr.

—The dwelling house of Joseph Wuerzka, on Whig Hill, took fire from a defective flue on Wednesday last about noon, and burned to the ground. All its contents, except some bed clothes were destroyed.

—Mr. D. H. Demunn, of Neilltown, will sell off his live stock, farm implements, and much of his household goods on Thursday, 19th inst. Those wishing anything in that line should remember the date and attend the sale.

—Hon. Henry Brace, Warren county's Representative at Harrisburg, made us a pleasant call last Friday. He paid our member a very flattering compliment, stating that he was always at his post, and energetic and earnest in his work.

—Elmer Mealy was arrested at the instance of Robinson & Bonner on Tuesday evening of last week, charged with passing a counterfeit half dollar on Will Miller, a clerk in the store. He had a hearing before Squire Knox on Saturday, who bound him over to appear before the U. S. district court at Allegheny in April next, in the sum of \$200.

—Dr. C. A. Thrush, of Clarrington, who has taken the place of the late Dr. Burkett in the professional field there, was in town yesterday, his business being to register as a physician. We are indebted to him for a pleasant call. He leaves a good impression, and we have reason to expect will build up as lucrative a practice as his worthy predecessor.

—While the amount of lumber to be run out of Tionesta creek this spring will fall considerably short of former years, there will still be enough to make things comparatively lively when the season opens. We are informed there will be between 7,000,000 and 8,000,000 feet of lumber and from 200,000 to 300,000 feet of square timber to run by the different firms along the creek, which will not be bad for an "off year."

—T. C. Jackson yesterday took possession of the Lawrence House in this place and will hereafter cater to the public want at that well known hostelry. Mr. Brockway, the retiring landlord, has not fully decided upon his future abode, but whether he may go the good wishes of his friends go with him. As to Mr. Jackson, he is too well known as landlord to need any commendation from us; suffice it to say, that many will be pleased to learn that he has again embarked in the hotel business in Tionesta.

—Some schools in this State have set apart a "poor day," when each scholar is expected to bring some contribution to be given to the poor. At a "potato" day in New Castle, one hundred and twenty-seven bushels of potatoes were collected by this means and given to the poor.

—A son of Mr. Brandt, who lives at Coleman, in Barnett Township, met with sudden death just a few days ago. He had attended school at the Fitzgerald School and starting home in the evening had gone but a short distance when he fell down in the road dead. It is not known what was the cause of his death.

—Representative Berry came home last week to shake hands with his constituents while the Democratic members were in Washington to see President Cleveland inaugurated. Mr. Berry was looking well considering the severe siege of sickness through which he passed shortly after going to Harrisburg. Among the bills which he has presented in the House is one of more than ordinary importance; it provides for the taxation of telegraphic, telephone and railroad property for school purposes.

—Jesse Perry, living in Hickory township, about four miles above Tionesta, met with rather a serious accident on Saturday afternoon last. He was using a broad ax, and while swinging it over his head the ax flew off the handle, and in falling the bit struck him across the small of the back, cutting a gash nearly four inches in length, and about an inch and a half in depth. Dr. Morrow was summoned and dressed the wound, five stitches being necessary to close it up. Mr. Perry is now doing well.

—An exchange puts it rather forcibly thus: When a marriage occurs in one's family, he always likes to see a mention of it in his local paper. When his folks are visited or visiting he expects to see it in print. But when by sending to some city he can get printing done a little cheaper, he frequently overlooks the fact that his home paper is employing hands and paying them money weekly, part of which is pretty sure to be spent at his place of business, paying taxes to support the village, keeping the country around informed as to home markets, inducing trade to come to town, etc., while he ignores home efforts and for a few patty cents sends to some other city, where a press run by a twenty-five cent boy makes bills, note heads, etc., on inferior paper and inferior work for only a few pennies less than he would have had to pay for a good job done at home.

**List of Patents.**

List of Patents granted to citizens of Pennsylvania, for the week ending, Tuesday, March 3d, 1885, compiled from the Official Records of the United States Patent Office, expressly for the FOREST REPUBLICAN, by Shipley Brasshears, Patent Attorney, Solicitor and Expert, No. 637 F. **Manufacturer's Association.**

MARIONVILLE, PA. March 5, 1885. A meeting of Lumber Manufacturers on the line of the P. & W. R. R., was held at this place on the 3d inst. An organization was effected by calling J. Bowman to the chair, and appointing T. C. McGregor Secretary. As this was but a preliminary meeting arrangements were made to hold another on Friday, March 13, for the purpose of completing a Manufacturer's Association. All engaged in the business should attend without fail, as such a thing has become a necessity to the trade. As it is the manufacturers are at the mercies of buyers, both in the matter of prices and in collections. Then there are about as many rates of freight as there are shippers, each making a rate in proportion to his ability to manipulate the officers of the R. R. These matters can only be remedied by the Manufacturers acting in concert.

T. C. MCGREGOR, Secretary.

**The P. & W. About to Go Into the Hands of a Receiver.**

According to the *Chronicle Telegraph* of last evening it was yesterday positively stated in Pittsburgh that the papers had been drawn up asking for the appointment of a receiver, and will soon be presented in court. It was further stated by the same authority that the syndicate controlling the stock of this company, was represented in Pittsburgh by Wm. Semple and James Gallery, in New York by E. D. Morgan & Co., and in Baltimore by the Baltimore & Ohio railroad company, the first two parties holding 37 1/2 per cent. The syndicate is said to be under pledge, under the agreement made with the B. & O. last summer, to provide money to meet the July interest on the bonded indebtedness, the amount of bonds outstanding being \$5,170,500. It is further stated that the April interest on the \$800,000 of the Pittsburgh, Bradford & Buffalo bonds guaranteed by the Pittsburgh & Western will not be paid, and that the mortgage will be foreclosed. This will not hurt the latter corporation, however, as it will be releasing it from an unprofitable northern line without interference with its western system.

As to the effect of a receivership on the securities of the Pittsburgh & Western says the *Chronicle Telegraph*, opinions differ. But as the road is not likely to be able to earn enough under a receiver to pay expenses and fixed charges the holders of securities are not likely to profit much by the change of management, especially as it will no doubt be the policy of the Baltimore & Ohio as lessee to give the road as little business as possible. In almost any event it is considered certain that the road will eventually be brought to the hammer, and that the B. & O. will buy it in. The bonds, which yesterday sold at 62, were today offered at 59 with no takers. Many people who have lately purchased them at prices from 79 downward are in a quandary as to whether to hold on and take the chances of a recovery in the future, or to sell now and pocket a round loss. There is no means of ascertaining what proportion of them are held in western Pennsylvania, but it is large.—*Oil City Herald*

—Hundreds write they owe their life and present good health to Acker's English remedy for consumption, coughs, colds, &c. Sold by G. W. Boyard.

**Balltown Clippings.**

Mr. Chas. Griffin's infant daughter is very ill and, has been for some days, but hopes are entertained for its recovery.

Mrs. Linderman of this place received a telegram some days ago, informing her of the sudden death of her nephew, Chas. Smith, of Clarion Co., he having been killed instantly by the falling of some tons of earth while removing some coal from a coal bank. He was nineteen years old and an only child.

Peter Berry and family arrived home, Tuesday evening of last week, from their visit to Harrisburg, looking well and refreshed.

Jack and Jill went out near Tionesta hill on Sunday afternoon. Such is life.

Mrs. Wm. Richards, of Bobbs Creek, is visiting her mother in Oil City.

Why don't gentlemen wear rubbers in the evening and not expect a poor weak woman to hold him up.

It seems queer that our young gentlemen don't know when the rick closes. Several of the boys presented themselves one evening of last week, requesting to be admitted at a late hour, money being no object.

Why didn't Charley Hawks and Dr. Hottel go to Tidloute.

That young man whose best girl resides in Butler had better look a little out.

There was a large attendance at the rick on Saturday evening. Boys who do not organize a polo club? It would help to keep up the attraction.

There was quite a number of our young folks who took in the dance at Gusher on Wednesday evening. They all say they had a good time.

Balltown Johnny and his best girl drove to Tionesta on Saturday. That is right, Johnny; enjoy the sleighing while it lasts.

The young man who was heard to deplore his condition and vow "That Nell is the only friend left me now," found himself to be mistaken whilst on his way to Gusher.

The Proper Reserve well came in one day last week and is reported a light producer.

Drilling is being started at Bobb's Creek.

Mr. Holly, of Bobb's Creek, who has been very sick and given up by his physician, was convalescent, but at present writing is again prostrated and in a critical condition.

Mrs. Ed. Christy seemed to be improving the fine day and good sleighing on Saturday, she having called on a number of her friends on Wiley Avenue, Balltown.

Why don't somebody introduce those new fellows to the young ladies, who frequent the skating rink.
