LOCAL AND MISCELLANEOUS.

Condensed Time Table Tionesta Station. NORTH. SOUTH. Train 15... 7:48 am Train 13... 11:17 am

—Preaching in the Presbyterian Church next Sunday morning and evening, by Rev. Hickling.

—Preaching in the M. E. Church next Sunday evening by F. M. Small.

—Presbyterian Sabbath School at 9:45 a. m.; M. E. Sabbath School at 10 a. m.

—Marienville is to be blessed with a skating rink in the near future.

—Squire Wm. Richards, of Mayburg, was on our streets one day last week, looking cheerful and happy as usual.

—Mr. O. C. Hood, son of Charles Hood of Utica, Venango county, was the guest of relatives here during the past week.

—A child of Wm. Watson's, which was bereft of its mother about five months ago, died at Geo. Watson's on Sunday last, and was buried here yesterday.

—Our able, though Democratic, Senator, Hon. John G. Hall, has placed us under obligations to him for a copy of Small's Legislative Hand Book, for 1885.

—Our genial young friend, Ben. W. May, arrived home from Chicago Monday morning. He expects to remain a week or so before returning to his business for the summer.

—The Tionesta roller rink has about succumbed to the inevitable—lack of patronage. A good, healthy revival, such as our town has been blessed with, is too much for such trifles.

—Judge Cook was in town yesterday. He says his test well is down about five hundred feet, and that the venture will end in one of three things—oil, gas or a hole 2,500 feet deep.

—Clarion Jacksonian.

—Dr. Morrow has rented the Samuel Clark house, just north of Herman's store, and expects to move into it within a day or two. Any one calling for him during the night should bear this in mind.

—We have for our readers this week a well written letter from Harrisburg which will bear perusal. We hope to present something of the kind every week during the remainder of the session of the legislature.

—Thirteen is an unlucky number. It is for this reason that when a shopkeeper halves a 25-cent piece he invariably gives you 12 cents. The shopkeeper is unselfish, and as somebody must run the risk of bad luck, he freely takes it himself.—Ex.

—The condition of Mr. A. J. Landers, whose illness we noted a short time ago, is growing more serious daily, we are sorry to report, and his physicians have little hope of his recovery. He seems to have a complication of diseases, something in the nature of dropsy having recently set in.

—The coldest night of this winter was last Friday night, 20th, or the first day of spring, the thermometer registering 22 degrees below zero at daylight Saturday morning. In some other portions of the county it got down to 26° below. At this rate the great body of ice on the river don't rot out very fast.

—Capt. Samuel Mills of the United States Army, is now acting chief of the Weather Bureau pending the trial of Gen. Hazen before a court martial. Capt. Mills is the eldest son of Major S. M. Mills, a former citizen of Titusville. The weather which has been furnished us for the past few days hardly accords with our recollection of the genial Major, and we should not have expected such treatment from his son.—Titusville Citizen.

—A pocket edition of the U. S. Blue Book has been issued. Since the change of administration the demand for the Blue Book has been so great as to necessitate the issuing of the pocket edition. The book has always been looked upon as one of value to the office-seeker, hence the great Democratic demand of late. A copy can be had for 50 cents by addressing Clarence F. L. Brault, House of Reps., Washington, D. C.

—The Forest & Stream and Rod & Gun continues to be the leading Journal of this country for lovers of field sports, out door recreation, boating, yachting, &c.

As the gaming and fishing season approaches this always excellent paper becomes more and more entertaining. No true gentleman sportsman can or will be without it who has ever had access to its sparkling pages. See prospectus elsewhere in this issue and send for a sample copy.

—Scarcely an exchange do we pick up now days but we find an item something like the following from the Blizard. There is an abundance of the "quest" circulating in this neighborhood, and it is well that people be constantly on their guard for it: "It is necessary to look carefully at your silver dollars these times, as a very large number of counterfeit dollars are in circulation in this city and in the various towns through this section. The coins are light, but have a good ring. An application of the teeth to them soon reveals their true character."

—We are indebted to the Trustees of the State Hospital for the Insane, Warren, Pa., for their annual report for the year 1884. The number of patients admitted to this Hospital during the year ending September 30, 1884, was 203, of whom 115 were males and 88 were females. The number discharged during same year was 143; of whom 65 were males and 78 were females. Of the number discharged 36 were restored, 28 improved, 33 were stationary and 46 have died, 27 of whom were males and 19 were females. Remaining in Hospital at the end of the year 483, viz: 224 males and 259 females. Forest county has 9 inmates in the Hospital.

—The Clarion Jacksonian has the same experience that all well regulated newspapers are afflicted with at all seasons of the year. It says: "Correspondents of this paper will save time, stationery and postage by omitting items of a purely personal character. The fact that John Peters goes to see Betsy B. under three times a week, or that Sally Ann Jones mitted Hezekiah Smithers at the spelling bee, or that Jehosaphat Jenkins took Mehitable Muffet out buggy riding, concerns solely Betsy, Hezekiah & Co., and is not considered news at this office. True, such subjects may be considered legitimate gossip in the kitchen or at the corner grocery, but they have no place in the columns of a public journal, and the sooner this fact is understood and appreciated the sooner somebody will be saving themselves a great deal of unnecessary trouble."

—A bill is before the Legislature of our free and enlightened State to make the season for all game, great and small, open on the first of November and end on the first of January. The bare thought of such a bill illustrates in some measure the wisdom—or ignorance, rather—of many of the representatives on the subject of game protection. Take squirrels, for instance: What chance is there to get them after they have crawled into their holes for the winter? They need no protection by law anyway; being a migratory animal, they are either too scarce to afford amusement for the gunner or provender for the table, or they are so plenty as to be a nuisance to farmers. Then there is the woodcock, also a migratory bird, which comes in early spring time, breeds and is ready for the table by the first of July, and sails off for the sunny south about the middle of October, or sooner if the weather should become cold; and the consequence is we raise and protect game for other sections to slaughter. Is there any wisdom, but to say justice, in such a law? Should it pass we hope the Governor will exercise his veto. If our lawmakers want to shorten the gaming season let them cut off a month at both ends and not have it so outrageously lop sided.

SKULL FRACTURED.—Miss Fredericka, a beautiful young lady of Columbus, Ohio, had her skull fractured recently by a fall while roller skating. This could not have happened if her skates had been equipped with the Patent Safety Brakes which render falling an impossibility. They do not interfere with skating. Ladies won't skate without them. Beginners all want them. Good skaters praise them. Send \$1.00 for one pair, \$5.00 for six pair, and \$8.00 for twelve pair. Give name and size of skate used. Agents make \$25.00 to \$50.00 per day. Write for terms to Agents, Bowman Brothers, Lock Box 120, Columbus, Ohio.

Not very Newswy.

Still we exist; and notwithstanding the fact that we have been favored with "another spell of weather," all are in good spirits. Our "lords of creation" seem to be much interested on the subject of feet, judging from the oft recurring question: "did you ever know your wife to burn so much wood?"

School closed Thursday last. A general invitation was extended to all interested in the school to be present, and although the weather was very unfavorable quite a number honored the school by their presence. Among those present were Rev. and Mrs. Rice of Plummer. The Rev. favored the audience with the song entitled "My Ain Countree," the rich brogue being highly pleasing to all. The varied exercises reflected great credit on teacher and scholars.

Our protracted efforts closed last week, the meetings being very interesting and resulting, we trust, in much good to all.

Mrs. J. I. Range is quite afflicted; we hope for her speedy recovery to her usual good health.

John Pringle, brother-in-law of D. H. Bromley, has returned to Stoneboro.

J. A. Dawson is having serious trouble with his favorite horse, Charley; cannot tell how it will terminate.

We understand the Zahtiser saw mill is doing a rushing business, sawing in two days 22,000 feet of hard wood. Success to you, gentlemen.

A. G. Stewarts Run, March 21, 1885.

Triumph Tattle.

We Triumph people are not all dead yet, though we have not been heard from for some time.

Quite a number of families have been moving about town as though hunting some warm place to live. Messrs. Edmunds, Donnellson, Swanson, and a few others have changed their places of abode within the last week.

The house of Mr. James Kingly caught fire one day last week and burned to the ground. Most all their household goods were consumed by the flames.

—Mr. George Derry is lying helpless with rheumatism.

Our Local Institute at McGraw was a success. Supt. Arid, Hogue, and other educators of note attended.

Mr. Wm. Shanti, Triumph's champion runner, and Oscar Donaldson, an aspirant for the turf, ran a foot race a few days since. Oscar took the "rag."

Water is getting rather scarce here, and if the weather keeps on as cold as it has been, our pumpers will be obliged to shut down.

The dwelling of Wm. Mathews caught fire on Sunday morning about one o'clock; but for the timely assistance of Mr. Berger, who was going on tour, the house, and probably the inmates, would have perished.

Mr. Nash has bought the wells on the Foreman lease and intends connecting them to his other wells as soon as spring opens up.

The Triumph string band has pulled up stakes at this place and taken its departure for Titusville.

Hill, the meat man, bought a steer from R. O. Carson that dressed fifteen hundred and ten pounds. Now, ye farmers and butchers, trot out your calves and see who can come up to that.

Our school will close about the first of May. Number enrolled, sixty-one. Rifard, an old time slugger, and Mathews, one of the kids, had a knock-down a few days since. The kid got "left," as the old-timer seemed to get in his work pretty lively.

Miss Emma Smith, formerly of Tidloute, now of Chicago, Ill., is visiting friends and relatives in this community. Gum-chewing is rather brisk again. That, with the hoggng of cats and poodle dogs, is keeping the majority of our girls well entertained, while the "old lady" washes the dishes, sweeps the kitchen and goes through the ordinary routine of household business.

March 24, '85. HANNAH.
