LOCAL AND MISCELLANEOUS.

Condensed Time Table Tionesta Station.

Table with 2 columns: NORTH and SOUTH. Shows train times for various routes.

United Presbyterian services will be held in the Presbyterian church next Sabbath, morning and evening. All are cordially invited to attend.

—Preaching in the M. E. Church next Sunday evening by F. M. Small. —Presbyterian Sabbath School at 9:45 a. m.; M. E. Sabbath School at 10 a. m.

—Mrs. M. L. Vought, of Herman, Minn., is paying her parents and many friends here a visit.

—Willis Cowan Esq., of the Warren Mail, was in town a few hours last Wednesday, and paid our sanc. a pleasant visit.

—Ice cream and accompanying refreshments will be served at the Lawrence House this, Wednesday evening, and on Saturday evening.

—Prothonotary Shawkey, accompanied by Mrs. Shawkey and little Charlie departed for Olean to-day, where they will visit relatives and friends for a few days.

—By reference to the proper place it will be observed that P. M. Clark Esq., of Tionesta, is announced as a candidate for District Attorney, subject to Republican usage.

—Rev. W. F. Wood, of South Oil City, will preach on next Monday and during the week at the Presbyterian Church. Rev. Wood is said to be an able and effective preacher.

—F. W. Brooks, one of the originators of the town of Brookston, this county, has disposed of all his interests at the above place and left our county. Success to him in the future.

—Geo. King of West Hickory, of whose superior sheep raising propensities we had occasion to speak a few weeks ago, came in yesterday and gave us one of his customary tongue-lashings.

—The Republican Primaries occur on Saturday June 27th, and it might be well enough to call attention to the fact that under our rules candidates must be announced three weeks before said election.

—The Oil City Blizzard, one of the healthiest and brightest dailies in this or any other section, entered upon its fourth year of existence last Saturday. Hail to the Blizzard! Though not a giant in size it is in pluck, wit and grit.

—R. D. Hoskins, in his Bathgate, D. T., Sentinel, says: "I say, you Jake Wenk; you are badly fooled. None in ours, thank you." All right, Robert; we stand corrected. But your language was calculated to fool 'most any fellow.

—The creek got up sufficiently on Monday to let out several rafts, but the river failed to swell itself to proper rafting dimensions, so that the lumber run out will have to remain at the "mouth" until the customary June flood, if that don't fail.

—Don't forget that next Saturday will be Memorial Day, and turn out and help in its proper observance. If the day is fair a successful time may be relied on. Rev. Henry Rhodes, Chaplain of Stow Post, will deliver the oration of the day.

—Mr. Brownell wishes to inform the public that on Decoration Day ice cream, cake, and refreshments of all kinds will be served at the Central House. Those who would satisfy and replenish the inner man in a substantial manner should bear this in mind.

—Editor Kribbs of the Clarion Democrat, and John F. Brown, Clarion's leading insurance man, paid our town a visit last week. Mr. Kribbs paid our office a pleasant call, and in the evening took in the fishing. But we have it on good authority that he kept the law intact.

—The home of Leonard Range of Stewarts Run was happily on Monday by the advent of a fine boy; and our old friend Grandpap Range seems delighted to think that the name which has been a part of the history of this neighborhood for nearly a century will still be perpetuated.

—Dr. Shamburg has planted over 10,000 young brook trout in McArthur run, near West Hickory, and gives notice that the act of Assembly protecting streams thus stocked will be rigidly enforced. The action is a commendable one, and we'd like to see more follow the Doctor's example.

—William Jones, who resided at Beaver Valley, and was well known to many of our readers, died at his home on Tuesday evening 19th inst., of diabetes. He was married and leaves a wife and one small child. His age was about 25 years, and he was a son of Boyd M. Jones of Green township.

—Mr. W. R. Dunn came back last Saturday and took a new start for the west on Monday. When he got to Meadville he was intercepted by a telegram which somewhat changed his plans and he now expects to locate in Nebraska. We hope soon to receive a new and sparkling western paper with his name at the head.

—We find the following seasonable advice going the rounds of our exchanges: "Never go where you are not wanted. If a man wants you to go to his room he will invite you to do so, and if a merchant wants you to visit his place of business he will invite you through the columns of your local paper. It is wrong to intrude upon privacy; don't do it."

—A receiver has been appointed for the B. N. Y. & P. R. R., in the person of G. Clinton Gardner, whose office is at Buffalo. This step has been taken with a view to placing the obligations of the company within its earning capacity. The road has been making splendid progress, the net earnings for the quarter ended March 31st, having increased about \$50,000.—Warren Mail.

—As will be seen by reference to the Court Proceedings elsewhere published, the jury in the forgery case against L. C. Conroe returned a verdict of guilty. The case elicited great interest on the part of our citizens, the court room during its progress being filled. The Court made Mr. Conroe's sentence as light as possible under the law, one year and four months, which fact is a gratification to a large percentage of the citizens of the community whose sympathies are with him in his misfortune.

—A careful reading of the new law requiring the teaching of temperance in the public schools of this State leads us to the conclusion that if the law is to be enforced strictly, it calls for something decidedly out of the usual course. The law says that the new study "shall be introduced and studied as a regular branch by all pupils in all departments of the public schools of the Commonwealth," thus necessitating a series of textbooks for each grade, the six-year-old pupil being obliged to take a regular course of physiology as well as the pupil of the High School. The claim of the opponents of the bill that it was a big text-book job would seem to have some foundation in the light of these facts. Good common sense, however, will probably be allowed to govern, and the new study will be given its place in graded school courses along with other studies of its class.—Connellsville Courier.

—The Clarion Jacksonian gives the following account of a most fiendish outrage: On Wednesday of last week, a five year old daughter of Frank Riddle, residing in the east end of Clarion township, was sent on an errand to a neighbors. As she was returning home, Frank and Ed. Handold, aged respectively 15 and 17 years, induced her, on some pretext, to enter their father's barn, where they criminally assaulted her. After both the big brutes had outraged her they allowed the little baby girl to drag herself home, more dead than alive. She told the horrid story of the crime, and was taken to Brookville for treatment. At last accounts the physicians said she could not possibly recover. For some unexplained reason the perpetrators of this outrage have not yet been arrested, and we are unable to learn whether they have decamped, or whether they are staying to face the matter out. At all events it is a shame that the criminals are still at large.

—J. T. Brennan has now for sale 136 acres of warrant 5213 and 5214, Kingsley Twp., probably on the new oil belt. Also 108 acres of warrant 5186, and 79 acres of warrant 5187, in same twp.
