—Preaching in the M. E. Church next Sunday evening by F. M. Small. —Presbyterian Sabbath School at 9:45 a. m.; M. E. Sabbath School at 10 a. m.

—George W. Bovard—cigars—boy again—ah, ha!

—Dr. Coburn reports the arrival of a nine pound girl at Truman Hill's, Hickory township, Monday morning. —Mr. and Mrs. Jas. Woodburn of Franklin, are visiting with the families of Mr. Robinson and Mr. Bonner this week.

—Owing to sickness in the minister's family, the United Presbyterians in this place will not have preaching next Sabbath as was expected.

—Ed. Gillespie's horse yesterday in front of our office, administered him a severe kick on the right knee, necessitating the application of a bottle of arnica.

—Several of Tionesta's people attended the wedding of Mr. Frank A. Wheeler and Miss June Siggins at West Hickory, last Thursday, and report a pleasant affair.

—The national association of Eclectic physicians met in convention at Altoona last week. Dr. Coburn of this place was present and brought home with him a handsome certificate of membership.

—Only one week from next Saturday till the Fourth of July. Tionesta will celebrate a little bit, but the eagle will hardly scream himself hoarse in these parts. The races, we learn, will be a "go."

—Chas. M. Cott arrived in town last Thursday, and is taking his annual trouting excursion on Bear Creek and Lamentation. Charles has, with persistent efforts, worked up quite a reputation as an angler of this gamey fish.

—Attention is called to the advertisement of H. G. Tinker in this issue. He offers to our dealers in hardware some rare bargains, which it would doubtless be to their advantage to carefully consider. Read his double-column "ad."

—Next Saturday afternoon every Republican in the county should come out and cast his vote for the man of his choice. Let there be a full turnout of the voters. It is a duty which no Republican ought to neglect, and we hope none will.

—The B. N. Y. & P. and Dunkirk & Warren roads again make connections in the morning and at noon at Iriveston. The Dunkirk morning train also makes connections at Dunkirk for Buffalo over the B. N. Y. & P. road.—Tidoute News.

—Hon. W. L. Corbett, present incumbent by appointment, was last Saturday nominated by the Democrats of Clarion county for President Judge of the district composed of that and Jefferson counties. The nomination is nearly equivalent to an election.

—The M. E. society of Tylersburg, Pa., will give a strawberry and ice cream festival for the benefit of their Church on next Wednesday afternoon and evening, July 1st. They extend a cordial invitation to all and guarantee delicious refreshments and a pleasant time.

—A few of the Democrats of the county met yesterday "in convention" and named Mr. Geo. Rose of Jenks, in nomination for Associate Judge. S. H. Haslett was chosen Representative Delegate to the State Convention. At their primaries last Saturday they polled not over 40 votes as near as we can learn.

—Last Sunday an incident occurred at the house of Frank Monday, near Hunter's station, which might have proved very serious. The older members of the family had gone to church leaving some of the boys at home. Some of the neighbor boys called, and while in the house Samuel Spencer picked up a revolver that laid in a box on the bureau, and raising the hammer fired a bullet through a valuable looking glass, completely demolishing it. As usual he "didn't know it was loaded."

—Box festival at Universalist Church next Tuesday night, for the benefit of M. E. Church.

—Tionesta young men are making an effort to organize a brass band. Their efforts have thus far been quite successful, and the young ladies of the place propose to help them out with a strawberry and ice cream benefit on the Fourth.

—There will be a grand platform dance at Tylersburg on the Fourth of July. A large platform has been erected, with a matched floor, in one of the pleasantest groves imaginable, and splendid music has been engaged for the occasion. Those who attend may expect a happy time. Geo. Smith, formerly of this place, is one of the managers.

—The Clarion Democrat has the following item regarding some fast work that was done on the mill of which Wm. Reck is the efficient foreman: "At Rulofo's mill at the mouth of Mill-creek, they began last Monday morning and cut, rafted, and run three rafts of 40,000 feet each, by Wednesday evening, when the rafts were tied up at the mouth of the Clarion. The half of the last raft was in the pond yet Wednesday morning, but went through the mill and to the mouth the same day."

—The premium list of the sixth annual fair of the Venango County Agricultural Society, at Franklin, has reached us. The fair will be held Sept. 15, 16 and 17, and there are over \$2,500 in premiums offered. This society don't do things by halves, and its fairs are becoming more attractive each year. The only fault we can find with the managers is that they go outside of the county to get their printing done and then expect the home papers to "boon" the fair and bring in the crowd.

—Hon. Martin Williams, of Clarion county, exhibited last week a fire extinguisher known as the Champion, which works on nearly the same principle of the Babcock machine. On Wednesday evening a bonfire of dry goods boxes was built on the Ford lot which he easily extinguished with the small six-gallon apparatus. The fire was re-kindled and thoroughly saturated with kerosene, and when under full headway he turned the nozzle of the 60 gallon machine on the flame and had it thoroughly extinguished in less than three minutes. The experiment was a success and showed off the extinguisher to good advantage. As our town has no means whatever of fighting fire, wouldn't it seem like a simple act of good judgment on the part of the property owners of the place to make some provision in that direction?

—The case of Rev. J. M. Dewoody, the nature of which we have heretofore described came up before the Quarterly Conference in this city on Saturday evening. F. W. Hastings, Esq., counsel for the defense, made a few remarks, specifying a number of important points wherein the proceedings were irregular and not in conformity with the Discipline of the M. E. Church. After hearing the facts, Presiding Elder Bray took the matter out of the hands of the Quarterly Conference of this place, and ordered a change of venue to the Tionesta Conference, where the case will be heard on the 2d of July. The official board made out and presented a new set of charges and specifications, duly signed by a member of the church. W. H. Forbes, proctor for the prosecution, assented to the change of venue.—Franklin News.

—A guest at the Baker-Calvin wedding in Brookville on the 11th inst., has the following to say of the affair in the Republican of that place: "At the early hour of six o'clock on Thursday morning of last week, a pleasant company was gathered at the home of Mr. and Mrs. M. A. Calvin, of this place, to witness the marriage of their daughter Laura, to Mr. Clinton D. Baker, of Corry, Pa. The ceremony was performed by Rev. G. A. B. Robinson. The bride was the recipient of valuable and useful presents. After a sumptuous repast, a short time was very pleasantly spent in listening to recitations by Miss Hattie Cook, daughter of Judge Cook, of Forest county. The selections were exceedingly well rendered, and should the young lady ever give a public entertainment, we would speak for her an appreciative audience. The wedded couple took the morning train Westward, and we understand, propose an extended trip."

—The zoology of the Old Testament is now much more intelligible. The "unicorn" is transformed into the "wild ox," "dragons" have become "jackals," "the great whales" of Genesis I. are generalized into "great sea monsters," the "cockatrice" is the "bawliak" or adder, the "cormorant" and the "bitten" have given way to the "pelican and the porcupine," the "screech-owl," is now recognized as "Lilith" or "the night monster," for Shedim, once "devils," we find "demons." Some of these corrections are due to the students of Assyriology, and they might have been further extended.—Ez.

—Peterson's Magazine comes to us for July, an unusually brilliant number, even for it. There is a beautiful steel-plate; a double-size colored fashion; a double-size colored pattern in embroidery; and about fifty other engravings, mostly of fashions, work-table, and things interesting to ladies. The literary contents are even better than usual. The price is but two dollars a year, with great deductions to clubs, and elegant premiums to persons getting up clubs. Everybody ought to take "Peterson." Address Charles J. Peterson, 306 Chestnut St., Philadelphia, Pa.

—Ballou's Magazine for July has a timely article on China, accompanied by some capital illustrations. Then follows that popular story called "Lewey and I; or, Sailor Boys' Wanderings," by William H. Thomes. Following the principal story come short and pleasant tales, poetry, wit and humor, puzzle page, ladies department, engravings, and all that goes to make a magazine popular and readable. Ballou's is cheap and good. In it one can always find something to be interested in, and \$1.50 per year. Address, Thomes & Talbot, 23 Hawley St., Boston, Mass.

MARRIED.

On June 18th, 1885, at the residence of the bride's mother, Mrs. Rachel Siggins of West Hickory, Pa., Miss June Siggins to Mr. Frank Wheeler of same place; officiating clergyman, Rev. Sammonds of Spring Creek, Pa. Attendants, Miss Nellie Birge of Franklin, and Miss Jessie, sister of the bride.

A perfect day, the popularity of both of the contracting parties, the large number of agreeable persons present, all contributed to make the occasion more than usually enjoyable. Beautiful floral decorations were also observable throughout the rooms, and the elegant refreshments served quite sustained the reputation Mrs. Siggins already has, of royally entertaining her friends.

The presents were both numerous and valuable, showing that hosts of friends both present and absent were anxious to have some reminder of themselves in the new home of Mr. and Mrs. Wheeler. Fairly overwhelmed by congratulations and the traditional shower of rice, the newly wedded pair took their departure on the evening train for a tour of some two weeks duration, after which they will be "at home" to their friends, at West Hickory, Pa. GUEST.

Balltown Bubbles.

It has been so long since a Balltown letter has appeared in your columns that we are feeling somewhat slighted. So here goes for all the local news that a quiet sort of a fellow, who don't talk much, could pick up.

Our town was represented at Tionesta last week by Amos Lineman, Dan. Downey, Peter and David Berry, C. F. Griffin, J. C. Welch, Tom. Corah, Charley French and Joe Fair. A. Lieueman and Dan. Downey went down in a boat as far as "Jug-handle," then they thought walking was good enough for them.

Hon. Peter Berry returned from Harrisburg last Monday. He will again take charge of the affairs of the Balltown Oil Co., relieving his brother David, who will spend the summer on his large and highly improved farm, near Buffalo. Both these gentlemen are deservedly popular in this locality.

J. C. Welch is putting down a well on the bank of Tionesta creek, below Cooper Bros.' mill.

Wm. and Dan. Gibson returned last week from down the Ohio. Corah and Fair are cultivating the old Ball farm.

J. D. Emery has gone to Cogley. Mr. Campbell has sought a new field of enterprise and energy. Two Balltown pumpers had a de-

bate last week. No gloves. Markus of blackberry rules; fought to a finish. In the absence of witnesses we are unable to give a disinterested account of the affair.

The ever welcome F. F. Whittekin has been here for a few weeks.

C. W. Hawks has returned from New York and Philadelphia, where he bought for his store here some novelties in dry goods and notions. It is no longer necessary for our citizens to send to distant towns for anything in his line of goods.

Charley French is suffering from an attack of rheumatism, the effects of a journey that he took recently.

If a stranger should happen to pass through this region he would hardly imagine that the Balltown district had, but two years ago, shaken the oil market to its foundation. Balltown has had its shake, so to speak, and now gracefully hands the business over to Thorn Creek, Cogley and Mt. Nebo, and "The devil go wid it."

Minutes of School Director's Convention, held at Tionesta, June 16, 1885.

PURPOSE OF THE CONVENTION. To agree upon a text-book, on the subject of Physiology, Hygiene, &c., for the purpose of adopting the same for use in the schools throughout the county.

The late act of Legislature requires the adoption of a book into the schools on the subject mentioned and it was thought advisable to try to secure a uniformity in the county if possible.

Townships represented are Tionesta, Henry Wolfe; Kingsley, R. Rudolph and S. J. Setley; Hickory, Uriah Kiester; Howe, Edw. Klabbatz; Barnett, Peter Knight.

The following resolutions were adopted: Resolved, That we recommend the adoption of a book bound in one volume.

Resolved, That we recommend to each School-board to buy and place in each school in its district one copy of Steele's Fourteen Weeks in Physiology, Hygiene, &c., &c., and, further, to require the teachers in the schools to instruct the pupils in oral lessons until a time when a convention can be called to adopt a book on the subject, in this new branch of study, and, further still, to request the teachers, from their experience in teaching this branch, to form, and, when called upon to do so, to give an opinion as to the grade and comprehensiveness of a book on this subject that shall be suitable for use in the schools.

Resolved, That each school-board be requested to send a delegate to a convention of directors to be held at Tionesta during the week commencing the third Monday in February, 1886.

The object of the convention is the agreeing upon a suitable text-book on the subject previously mentioned, and its subsequent adoption by the school-boards.

Resolved, That the minutes of this convention appear in each of the county papers. Resolved, That we recommend to each school board in the county the adoption of some book into the schools treating on good morals and good manners, one copy of such a book to be placed in each school, the teacher to give oral lessons from it at least once a week.

The Convention adjourned to meet during the week commencing the third Monday of February, 1886, at Tionesta.

URIAH KIESTER, President. S. J. SETLEY, Secretary.

MANHOOD

HOW LOST! HOW RESTORED! Just published, a new edition of Dr. Culverwell's Celebrated Essay on the radical cure of Spermatorrhea or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc.; also, Consumption, Epilepsy and Fits, induced by self-indulgence, or sexual extravagance, &c. The celebrated author, in this admirable essay, clearly demonstrates from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured; pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically. This Lecture should be in the hands of every youth and every man in the land. Sent under seal, in a plain envelope, to any address, post-paid, on receipt of four cents or two postage stamps. Address THE CULVERWELL MEDICAL CO., 41 Ann St., N. Y., N. Y., P. O. Box 450.
