—The following little extract from the Brookville Republican of last week may be a warning of some use in these parts, at any rate it will do no harm to look it over: Thursday last, on the information of a lady residing in West Brookville, two little girls were arrested and taken before Squire Walker, charged with trespass, they having gone into the garden of the lady informing against them, and taken of the grapes there growing. The charge was sustained, and under the recent act of the Legislature, the Justice had but two alternatives left him, impose the fine of \$5.00 as provided in the law, or, in default of payment, commit the parties to jail. The fine was not paid and in consideration of the tender years of the accused, they were given in charge of Deputy Sheriff Wilson, who detained them until their parents secured their release. This is the first case in our town under the new law, but in view of the great annoyance experienced by many of our citizens from the trespassing of their neighbor's children, it is a great wonder that the protection of the law is not invoked every day, there being certainly great provocation in many instances. The law was enacted for the protection of citizens in the possession of their property, is righteous in its provisions, and we will hail the auspicious moment when it is vigorously executed, regardless of the personality of those who become its victims.

This is the first case in our town under the new law, but in view of the great annoyance experienced by many of our citizens from the trespassing of their neighbor's children, it is a great wonder that the protection of the law is not invoked every day, there being certainly great provocation in many instances. The law was enacted for the protection of citizens in the possession of their property, is righteous in its provisions, and we will hail the auspicious moment when it is vigorously executed, regardless of the personality of those who become its victims.

—The following little extract from the Brookville Republican of last week may be a warning of some use in these parts, at any rate it will do no harm to look it over: Thursday last, on the information of a lady residing in West Brookville, two little girls were arrested and taken before Squire Walker, charged with trespass, they having gone into the garden of the lady informing against them, and taken of the grapes there growing. The charge was sustained, and under the recent act of the Legislature, the Justice had but two alternatives left him, impose the fine of \$5.00 as provided in the law, or, in default of payment, commit the parties to jail. The fine was not paid and in consideration of the tender years of the accused, they were given in charge of Deputy Sheriff Wilson, who detained them until their parents secured their release.
