WEDNESDAY MORNING, DEC. 9, 1886.

WE think John Sherman will make a good presiding officer of the Senate.

we can begin to judge whether there is anything in it but seeds.

WILLIAM H. VANDERBILT dropped dead in his house in New York City yesterday, about 2 p. m. of heart disease. He was one of the world's wealthiest men.

CONGRESS met on Monday, but the President's Message was not submitted until yesterday. Carlisle was reelected Speaker of the House. John Sherman was elected President pro tempore of the Senate. Senator Logan was tendered the position unanimously but declined, saying he could better serve the country on the floor.

Horses and Cattle not Taxable for State Purposes.

On account of some dissatisfaction relative to the blank form to be used on the subject of personal taxation. the Auditor General has issued the following circular, which has been sent to the commissioners of each county in the State :

"In reply to numerous inquiries, I beg to advise you that the item of horses and cattle, shown on the blank form, R-12, is not in any way to be construed as making such property subject to state taxation. When I was having blanks prepared they were submitted to the officers of several counties for approval and such suggestions as their experience would dictate. These officers all agreed in having the item of horses and cattle shown on the blanks, believing it would facilitate their local assessment. It was in deference to this wish that the item was included on the blank. Please advise your assessor that the taxpayers not obliged to make return of them on the blanks."

Gusher City Gleanings.

Gosher City is enjoying a season of quiet. Snow about 8 inches deep, and mud underneath twice as deep, makes it rather unpleasant to get about. However this bad going does not prevent a large attendance at the "Literary," for each Saturday evening our large hall is well filled. The so-Now that Congress has been opened ciety has been regarded as a grand success ever since it organized for the winter, but last Saturday night was unusually good, when a large and full program was given. The Soles children always give a good performance. The Recart children made their first appearance and have pleased everybody. The boys' debate was a success. Harry Maghee did well for his first attempt, and so did Bert. Ollie We would like to hear the boys again. The crowning feature of the evening was a duet by Misses Pearlie Winger and Gracie Turner; those little ladies rendered "Courtship" in a masterly manner; their make-up was without fault; they were encored and cheered, and they deserved it.

A very enjoyable Thanksgiving party was given by Mrs. Taylor and Mrs. Pratt, on the Bain and Fuller lease, Thursday evening. Everybody eujoyed themselves, and we are convinced that more parties like it would conduce materially towards enhancing social fellowship, and tend to endearing society.

Mr. T. B. McBride, commonly called Doctor, of this place, has been missing since election day; he left his sister's residence stating that he was going to election at Brookston, but did not put in his appearance. Inquiries in all directions have failed to bring tidings of his whereabouts, further than that he registered at a hotel in Sheffield on the day he left. He was teaching a school at Crisbon's Mills. His mother lives in Ohio. He came from Scotch Hill, Clarion county, and is acquainted in Barnett township, this county. GLEANER.

"What Tommy Did."

John Habberton author of "Helen's Babies" says: "'What Tommy Did' would be worthy of the serious consideration of parents if it were possible for any one to be other than wildle mirthful over the saintlinesses and dreadfalnesses of the little hero, Tommy is an ideal buy -- one of the kind which are by turns unendurable and angelir, which changes parents from young to old, and from old to young again many times a day. We pity parents who fail to read this book ; there is no time in the day, nor any day in the week, in which its pages will not dispel care." The Chicago Tribune pronounces it a book that will delight every boy and girl, and every mother too." It has just been published in dainty delightful shape, fine cloth, richly ornamented binding by Alden, the "Revolution" publisher, at half its former price, 50 cents. Alden's 148-page illustrated catalogue price 4 cents-confensed catalogue free), of his immense list of standard books, is a wonder as well as jor to book lovers. John B. Alden, Publisher, New York.
