—The Tidouite News says that last Monday evening, Sam Hunter, in charge of a 2500 pound team belonging to Wheeler & Dusenbury at East Hickory, hauled in one load ten thousand feet of lumber from the mill at Stowtown to the West Hickory railroad station. That knocks out the Warren Mail's four tons of hay man; and cleans up the record for big loads.

—We mention with regret the insolvency of Hubbard, the newspaper advertising agent of New Haven, Conn., who has liabilities of \$104,000, assets of about \$21,000, and 2,080 creditors. Would that we could place our hand on our heart and declare that our regret is entirely unconnected with the bill Hubbard is owing us. But like Washington, we dislike to tell a lie unless obliged to. —Franklin News. Sic temper! We're one of you.

—Franklin was visited by a 100,000 dollar fire on Wednesday night of last week. Hanna's block, one of the largest buildings in this section, was destroyed, together with all its contents. The fire started near the stage of the opera house, and didn't let up until the whole inside and roof of the fine building were destroyed, leaving the walls standing. A large number of stores occupied the first floor, and the Masons had their ball in the building which was also used by nearly all the secret orders of the place, all of whom lost their records and paraphernalia. The Spectator of fire was entirely wiped out by the flames, saving nothing but the account books and files. The fire proves a heavy blow to the business interests of the town.

—Judge Joshua Davis, who died on the 7th inst., at the residence of his son, Rev. A. D. Davis, in Frankford, Delaware, was long a prominent and esteemed citizen of Venango county. He had reached a great age, dying in his 91st year. Mr. Davis was born in Maine in 1795. He had lived under every Presidential administration of this Government, and voted at every Presidential election since the term of James Monroe. Judge Davis served in the war of 1812, and soon after that date came to Venango county, living first in Tionesta, next in Scrubgrass township, and finally settling in Rockland. He served as County Commissioner and also as an Associate Judge. He was a gentleman of fine literary tastes, a good debater, and an influential member of the Republican party. About twenty years ago he went to live in Delaware with his son-in-law, the late Hon. C. P. Ramsdell, and subsequently moved with the latter to Virginia. In November last, while on a visit to his son, Judge Davis was stricken with paralysis. His daughter, Mrs. Ramsdell, now lives in Philadelphia. —Franklin News.

—The Philadelphia WEEKLY PRESS is now engaged in publishing a series of papers descriptive of the part taken by Pennsylvania troops in the late war. These articles are written by officers in command, or soldiers who participated in the scenes described, and each will be a vivid pen picture of the most important incident in the war experience of the writer. The first of the series was written by J. W. Hofman, who commanded the Fifty Sixth Regiment Pennsylvania Volunteers, and was entitled "The First Infantry Fire at Gettysburg," and appeared in the issue of January 13th. The second article "Where Reynolds Fell," written by Capt. J. C. Rosengarten, appeared in the issue of January 20th. A long list of Pennsylvania distinguished soldiers have furnished or are writing articles for this series of papers, and they promise to be the most interesting and valuable of any similar collection of war papers. Back numbers will be supplied until the edition is exhausted. All information can be promptly obtained by addressing The Press Company Limited, Philadelphia, Pa.

Oil Notes.

What with the outlook for early and active operations at Blyson Run and in the Scotch Hill districts the indications for a boom in oil business hereabouts next spring are decidedly favorable. —Clarion Democrat.

Porkey correspondence to Warren Mirror: The Balltown Oil Co.'s well across Tionesta creek has been shut down since last Saturday on account of water. They expect to start again soon. The deep snow we have had here makes the water scarce. They are having trouble with the casing at the Dutch Oil Co.'s No. 5; can't get it tight. They expect to reach the sand this week. N. F. Clark's No. 1, on Chrisman farm, is shut down on top of the sand, waiting for tankage.

Oil matters are looking up considerably in Harmony township, this county, several paying wells having been struck within the past month. Mr. Wolcott is about ready to start the drill on Dawson Run, Oil City parties being the interested ones.

The proposition is that the Alls house well or Hemlock is n. g., at any rate nothing is doing there at present, so it is reported. We had hoped for a good well from that locality, and still live in anticipation that something will be opened in that vicinity yet.

The Morek & Beatty well on the Lacy lands, 5503, Green township, is below the Clarion county sand, but has as yet no show of oil. The well will be pushed on down, however, until something is struck, if nothing more than a Chinaman's queue.

Sleighing continues good, and many of our citizens are taking advantage of the good roads, some for pleasure, some to attend church, others for business. Mr. J. Russell, jobber for Haskell, is one of the latter, and has 85,000 feet of square timber on the bank, and still taking out more. —Nelt Cole, piler.

Another case of scarlet fever to report. Maud Siverling, a bright child of three summers, is the victim of this dread disease so prevalent among children. Dr. J. B. Siggins is attending the patient.

Our school had an old-fashioned "spelling bee" last Thursday night, much to the diversion of old and young, who enjoyed it immensely. Miss Maud Thompson and Lymne Cook were the last contestants. Lymne at length sat down with a good grace, leaving his fair opponent in full possession of the floor.

Among the visitors last week to this place were Mrs. and Miss Berlin of Whig Hill, guests of Mrs. Tom. Flynn.

We failed to mention in our last a visit from our former neighbors, Mr. and Mrs. Ledebur, which visit was highly appreciated by their many friends.

By some oversight the REPUBLICAN failed to reach this post office on Thursday last. If the editor had overheard the frequent calls and expressions of regret, he certainly would have been flattered. We say this in good faith, as we are not a candidate for office, neither do we expect to be.

Feb. 2, '85. JOHN.
[Our paper is always mailed on Wednesday evening, and why it should not reach Nebraska on Thursday's mail is a mystery, but we trust it will not occur again. —Ed]

Neighboring Notes.

Mr. Benjamin F. Crisman died at the residence of his son at North Pine Grove on Sunday and was brought here for burial on Tuesday. Mr. Crisman was in his 89th year. For a number of years he was a resident of this town and owned considerable real estate here. —Clarion Democrat.

The publisher of the Venango Spectator has rented the rooms Nos. 6 and 7 on the second floor of Bleakley's Block, formerly occupied by the Independent Press. In size and conveniences for their business these rooms will be an improvement on the former quarters of the Spectator. The agent of a printer's supply house was in this city to-day, and Mr. Whittiker is negotiating with him for an entire new outfit. We may therefore prepare to welcome the Spectator renewed, rejuvenated and transfigured. —Franklin News.

The New York Legislature has a measure on foot that is designed to establish aristocratic privilege in hunting. The killing of deer, pheasants, partridges and hares is to be prohibited for five years, except by persons or associations owning game preserves. During that period the common people are forbidden to shoot that kind of game while a favored class can have all the fun they want in their happy hunting grounds. Better that game should not be protected than that its protection should be associated with a privilege that savors so much of aristocratic favoritism and feudal injustice.

Eleven girls from Brookville packed into one sled, with no masculine arms to hold them from falling out, visited Clarion on Saturday last, and appeared to enjoy themselves immensely. Those eleven names inscribed on the Jones House register will ever stand in solemn judgment against the young men of Brookville, a monument to their utter lack of appreciation of the good things of this earth. Old as we are, the father of a family, and the abiding place of nine kinds of rheumatism, we would gladly embrace the opportunity of holding one or all of the eleven in a sleigh for seventeen miles. Embrace it! Yes and the girls, too, still more gladly, and then some. —Clarion Jacksonian.

Minutes of an Educational Meeting held at the German Hill school house, on Friday evening, January 29, 1886. House called to order at 7:35 by Mr. R. Z. Gillespie. Mr. H. A. Zuendel was elected President, and E. E. Zuendel, Secretary, whereupon the President introduced Mr. R. Z. Gillespie, who spoke on Physiology and Hygiene, showing forth the effects of the misuse of the human body, closing his 23 minutes talk by very strongly advocating temperance.

Prof. J. E. Hillard was then introduced, and opened his remarks by heartily endorsing what Brother Gillespie had said, and asked the question "Should there be a Normal School at Tionesta?" which was left to the people to study over, and took for the basis of his talk, the word "Educate," which naturally brought his remarks to bear on school work of the present time. We give the Prof. credit with 45 minutes of good, instructive talk.

Mr. F. B. Wines next spoke on "school work," and showed very plainly how we should try to draw the boys and girls to be more attentive at school, and by what means and forms this may be done. After he had spoken for full 12 minutes he thought the time was short and he would close his remarks for the present.

E. E. Zuendel then spoke for a short time to the "Pupils and School Directors," giving reasons why we are so poorly educated, and that the teacher who taught the winter term is the one to teach the summer term, as this will give the boys of to-day a fairer chance to improve more rapidly, as they would very likely take up their studies where they left off the preceding term.

The President then spoke for a short time, advocating a compulsory school law; that each child should attend school until the age of 16, giving a brief history of his school days, some fifty years ago, as a comparison to the chances pupils have at present.

Miss Ida Weikal, teacher of the school, then favored the audience with a rec
