Announcements.

Announcements will be charged for as follows, strictly each in advance. Primary tickots must also be paid for when order-ed: Congress, \$30; Assembly, \$10; Treas-arer, \$5,00; Surveyor, \$1,00; Coroner, \$2,00; Pelegale to State Convention, \$2,00.

We are authorized to announce Henry C. Whittokin as a candidate for County Surveyor, subject to Republican usages.

ALL efforts to force Eckley B. Coxe. They may have to take Conrad B. Day yet.

EVER since Frank Hurd's failure to capture a congressional seat to which another man had been elected the star-oyed goatlet of Free Trade has worn crape on his horns.

Tun statement that Senator Wallace is Mr. Cleveland's caudidate for governor of Pennsylvania is of no consequence. What the Democrats want to know is, Who is Uncle Randall's candidate ?

SENATOR CULLOM, of Illinois, has introduced a bill appropriating half a million dollars for a monument in Washington to the memory of Abraham Lincoln. This is proper, and all passage of the bill and the prompt erection of the monument, though judging from past experience in this regard, the latter hope rests on a poor foundation.

MANAGER HOXIE has consented to arbitrate the differences between the Missouri Pacific railway and the Knights of Labor. This is good news. Let us hope that, having reached such a point, the overtures for piece will not fail, that the hum of industry will soon be heard as of yore in the silcut shops and round houses of the Southwest, and that freight traffic, so long clogged to the great inconvenience of the business interests of the country, will soon be moving in its accustomed channels. Let us all rejoice that light is at last gleaming through the darkness ahead.

Ir is announced that Chairman Cooper will call the Republican State Committee together at an early date to fix the time of holding the next State Convention. Four years sgo rules were adopted fixing the second Wednesday of July as the time of holding State Conventions on all excepting Presidential years, and we believe this time the most satisfactory to the Republicans of the State. An earlier date would interfere with the election of delegates in this and many ather counties .- Brookville Republican. The above date would suit Forest county better than any other, no doubt. the army as an enlisted man and shall through the House. serve as such in the field for the term

WASHINGTON LETTER.

From our regular Correspondent.) WASHINGTON, D. C., April 3, '86. The republican Senators met in caucus this morning and ratified the action of the cancus committee in filling committee vacancies-Mr. Sherman to the head of the foreign relations committee and Mr. Spooner on the District committee.

Mr. Sewelt, from the committee on library, reported favorably a bill for the erection of a monument to Abraham Lincoln. Mr. Collom said he had the honor to introduce this bill. It appropriated \$500,000 for the crection of a monument at Washington to of Luzerne, into the Democratic race the memory of Mr. Lincoln. Time, for governor have fizzled miserably. Mr. Cullom said, would not dim nor lessen the glory that clustered around the name of Lincoln. He was a man that could not diverge from his duty. a generous and great-hearted man, full of human sympathy-"with charity for all, with malice toward none." It was he who had said : "I have not willingly planted a thorn in any man's

bosom." His name had taken its place by the side of Washington. The bill was passed.

Mr. Reed summed up a good deal of the common sense of the situation when he said Wednesday, during the Ree'd from Erie City, for Christ debate on the arbitration bill in the House: "It may turn out that this Seated return for year 1884. Unseated tax for year 1885. legislation will amount to but little. It may turn out that it will amount to much. Suppose we tcy it, when we learn more, do more." The tenor of the debate throughout showed that. good people will hope for the speedy the debate throughout showed that, however the partakers in it might differ about details, they were a unit in recognizing arbitration as the key to the whole labor problem. Great reforms do not mature, like fungi, in a night. Their beginnings are often feeble and their evolution the work of time. As Mr. Reed suggests, it is worth trying even a confessedly imperfect measure, and see how it works. When its faults are apparent, they can be corrected. Meanwhile, the friend of progress will have the satisfaction of seeing the United States govern-

ment, by the hand of Congress, set the stamp of its approval on arbitration as a principle. That of itself would be a great point gained. The House ways and means com-

mittee is still considering the Hewitt customs administration bill. This will be the tariff bill the committee will endeavor to put through the House. The tariff part of the bill has been practically completed, and when the administration bill is finished it will be tacked on and the bill will be ready to report to the House. The admin-to report to the House. The administration bill occupies some twenty-eight pages and consists largely of definitions handbild the source of the control prompty and carefully attended to. Upon receipt of model or sketch of in-vention, I made careful examination, and advise as to patentability Free of charge.

RESOLVED, That the Secretary of dience. War is hereby requested to state to this House what improvements, if any, are needed to make the port of Pitts. burgh, Pa., navigable in low water and whether any improvements are needed on any tributaries of the Allegheny River, Pennsylvania, and if any improvements are needed in the above named places. The Secretary of War is hereby requested to state to be profitably expended this year.

The above is an exact copy of a resolution offered in Congress, March 29th, by Hon. A. C. White, of this Congressional District, and is the first step towards getting a dam at Herrs Island, or any improvements on any of the tributaries of the Allegheny River. Mr. White deserves great credit for presenting it, as several chitis, and sore throat, " members had refused to present it.
