—A card in a Philadelphia street car says "Advertising is a great deal like making love to a widow—it can't be overdone." This is a great and everpressing truth.

—The Warren Mirror reports the marriage of Mr. James Miller and Miss Emma Kiester of East Hickory, at Jamestown, N. Y., on the 29th of April, the officiating clergyman being Rev. John Peate.

—Our citizens need not be surprised to see the pipe for a gas main unloaded at the depot here and a gang of men at work laying the same before long. The recently chartered company means business.

—The Franklin News man says he's hunting up the data concerning the cold summer of 1410, when the ink froze in the pens while writing, and when they used snakes for tent-pins by driving their tail foremost into the ground with a maul.

—This morning a marriage license was taken out by Albert A. Arther-ton of Centreville, Crawford county, and Carlisa Noyes Gilman, of Rousseville, Venango county.—Franklin News. Mr. A. was formerly a citizen of this place, being employed at the depot with Mr. Craig.

—Advance sheets of Gen. John A. Logan's forthcoming book entitled "The Great Conspiracy," are issued, and judging from which the work will be an exceedingly fascinating one. It is an impartial and faithful review of the causes and occurrences which led to the great civil war, by one who is eminently fitted to write such a work, and will contain portraits of the leading statesmen of the period covered by the book. Hubbard Brothers, of Philadelphia, are the publishers, which is a guarantee that nothing will be lacking in the make-up and beauty of the volume.

—Mr. J. I. Range of Stewarts Run was in town one day last week with such a cheerful look on his countenance that one would hardly recognize him as a decapitated Republican postmaster. Mr. Range left with us the following little circular, which came to him a short time before election last fall, and that will explain why he no longer officiates as the excellent P. M. of Stewarts Run.

The circular bore neither postmark nor signature, and reads thus: "Dear Sir:—Chairman Cooper, of the Republican State Committee, is appealing to his party to elect Quay State Treasurer as a rebuke to President Cleveland. It is respectfully submitted to Republicans holding office under the Democratic administration that it is not a decent and fit thing for them to give their votes and influence to the support of such a proposition. Right minded men of any party can consistently withhold their votes from such a candidate as Quay." Mr. Range insists that there is a trifling inaccuracy in the above, and wants it distinctly understood that he was holding office under Abraham Lincoln, and not under Grover Cleveland, and his head is level.

Marienville Murmurs. Mrs. Eliza Warner, who has been on the sick list, is much better. Mrs. M. L. Caringer has returned from visiting her mother, who has been very sick.

A Ship Canal.

The Pittsburgh Commercial thus speaks of the ship canal project for connecting Lake Erie with the Allegheny:

We are glad to observe that at a meeting of the producers of coal located on the Allegheny river held in Oil City on Tuesday of last week, the following resolution was passed: Resolved: That we favor unanimously the bill introduced in the House of Representatives by Hon. A. C. White, of the twenty fifth district, for the construction of a ship canal connecting the Allegheny river and Lake Erie, and urge upon the representatives from Western Pennsylvania the great advantages to be derived from such a water-way to our mining and manufacturing interests and request their united support."

Attention has long been called to the manufacturing interests of Pittsburgh. With a ship canal of sufficient capacity to float lake vessels, so that Lake Superior ore could be delivered at the wharves of this city without transshipment, the economy would be very great. Such a water way would be of National importance, since the improvement of the Ohio river has been begun on a scale commensurate with such shipping interests. It would afford a direct water-way from the great lakes to the whole Ohio and lower Mississippi valleys, and the expense of completing it would probably be less than the Canadian government has already laid out on the Welland canal, or the State of New York on the Erie Canal. It is worthy of the attention of our people.

Rattle Snake Oil.

Under the above caption the Clarion Rep. Gazette gives a sleek scheme away, as follows:

On last Friday, a couple of unassuming young men struck Clarion. They first visited the Republican Gazette office and got some job printing done, describing the many good qualities of "Rattle Snake Oil." They next visited A. G. Corbett's drugstore and purchased a gallon of linseed oil, into which they poured enough oil of pennyroyal to flavor the mixture, then a few gross of two ounce vials were purchased, and the two y. m. were ready to commence business.

After supper they drove around in front of the Coulter house, and opened up their stock, first saying to the crowd which had gathered, that they did not have any goods for sale, but that Mr. A. G. Corbett had taken the agency for "Rattle Snake Oil" and Catarrh remedy, and these remedies could be procured of him, but if the people would lay prejudice aside they would sell one dozen bottles of oil, and the same number boxes catarrh remedy. The crowd bit, and for half an hour, the aforesaid y. m. were kept busy handing out goods and raking in the quarters. It is needless to say, the stuff sold for twenty-five cents would be dear at five cents, bottles thrown in, and that Mr. A. G. Corbett is too sharp to be caught with the agency of such stuff.

—Some remarkable cures of deafness are recorded of Dr. Thomas' Electric Oil. Never fails to cure ear-ache.

G. A. R. GENERAL ORDERS.

PHILADELPHIA, April 27, 1886. 1. The Thirtieth of May falling upon Sunday, in consequence of the preceding day having been made a holiday by legal enactment in the Department of Pennsylvania, Saturday, May 29th, will be observed as Memorial Day.

2. The fitting observance of the day and of the ceremonies which hallow it, intensify in interest as the graves increase and the years multiply which separate us from the scenes which made the lives of our comrades memorable. The fairest offerings of this bright spring time, we will again bring to their last resting places, to testify to the nobility of love and affection they deserve at our hands. From the outpouring of grateful hearts, we select the words most fitting to tell the story of their lives, that posterity may read in their deaths the true virtue of loyalty to flag and country. In a land for which, as citizen soldiers, they offered their lives that it might forever exist as the home of liberty and freedom, we cannot render them too much homage.

3. Regard our every grave as a mausoleum before which future generations will stand with uncovered heads. The individual soldier who sleeps within, however humble his sphere in life, represents the grandest principle for which battles were fought since the world began. The maintenance of that principle in all its purity is the assurance of the perpetuity of the Republic. The Union, which was the gift of the soldier to the citizen, should be the inspiration of the citizen to do honor to the soldier.

"Comrades! all rally for muster to-day. Come, with oblations of reverent love, With beautiful flowers, To honor the brave who lie Peacefully sleeping around us."

By command of Department Commander, J. P. S. GOBIN.

THOS. J. STEWART, Asst. Adj't General.

Alden, of New York, and can now be had in a very handsome cloth-bound volume, for the price of 40 cents. D. LANCELL'S

ASTHMA AND CATARRH REMEDY.

SOLD BY ALL DRUGGISTS.

Having struggled 20 years between life and death with ASTHMA or PHTHISIS, treated by eminent physicians, and receiving no benefit, I was compelled during the last five years of my illness to sit on my chair day and night gasping for breath; my sufferings were beyond description. In despair I experimented on myself by compounding roots and herbs and inhaling the medicine thus obtained. I fortunately discovered this Wonderful Cure for Asthma and Catarrh, warranted to relieve the most stubborn case of Asthma in five minutes, so that the patient can lie down to rest and sleep as usual. Please read the following condensed extracts from unsolicited testimonials, all of recent date: Oliver V. R. Holmes, San Jose, Cal., writes: "I find the Remedy all and even more than represented. I receive instantaneous relief!" E. M. Carson, A. M., Warren, Kan., writes: "Was treated by eminent physicians of this country and Germany; tried the climate of different states—nothing afforded relief like your preparation." T. E. Gates, County Treasurer, Philadelphia, Miss., writes: "Have used the Remedy. Would not live without it. Every one that uses it recommends it. We have many other hearty testimonials of cure or relief, and in order that all sufferers from Asthma, Catarrh, Hay Fever, and kindred diseases may have an opportunity of testing the value of the Remedy, we will send to any address trial-packets free of charge.
