Also vacant lots in Tionesta Boro, and one small farm in Tionesta Township. Also 1000 acres, Warrant 2380, Howe twp.

Condensed Time Table Tionesta Station.

Table with columns for NORTH and SOUTH, listing train numbers and times.

Church and Sabbath School. Presbyterian Sabbath School at 9:45 a. m.; M. E. Sabbath School at 10:00 a. m. Preaching in M. E. Church every Sabbath evening by Rev. Small.

LOCAL AND MISCELLANEOUS.

—Oil market closed yesterday 73 1/2. Opening this morning at 73 1/2.

—Geo. Dougherty is at his former place in Mr. Fulton's harness shop.

—Hon. Peter Berry of Balltown, was in the burg a few hours yesterday.

—Dr. Stillson of Tidouate, who has been in Florida for some months, has returned home.

—Mr. David Ramsley's cheerful countenance again smiles on the customers at Robinson's store.

—Mr. Ham. Foreman, who has been stopping in the Washington county oil field for some time past, came home for a few days' visit last week.

—Mr. H. H. Stow of Bradford was in town Saturday and took occasion to shake hands with many of his old friends here, by whom he is always cordially received.

—Born.—At Herman, Minn., on May 3d, 1886, to Mr. and Mrs. M. L. Vought, a daughter.—Herman Herald. Many congratulations from your Tionesta friends, Luther.

—The Emlenton semi-weekly Critic, one of our welcome exchanges has been materially enlarged and improved, and shows unmistakable signs of prosperity, all of which we rejoice to know.

—Court next week, and it gives promise of being an unusually busy one. Seventy-two jurymen, and a correspondingly large number of extra witnesses, clients and lawyers will just about fill up the town.

—Hon. H. S. Bates and wife of Titusville, spent last Sabbath with Tionesta friends. We observe Mr. Bates is a candidate for re-election to the Legislature, and should be elected, for he made a good member of the last session.

—The Franklin News hears that "important developments have recently been made which may lead to the arrest of the Lickingville murderers." While nothing new has been learned hereabouts, we hope the News' information is reliable.

—We understand a well has been located about one-half mile farther down the creek from the Alshouse well on Hemlock, Tionesta township. The owners will be satisfied with either oil or gas. The well on the Botzer farm is an unmistakable duster.

—There will be a meeting of the school directors of the county in the Superintendent's office on Tuesday afternoon and evening next, court week, for the purpose of a general consultation on school affairs. And it is desired that every director who can possibly will be present.

—The height in feet above the level of the sea of a number of oil country points is given as follows: Bradford, 1,464; Butler, 1,010; Emlenton, 905; Franklin, 988; Kane, 2,015; Karns City, 1,204; Oil City, 1,009; Olean, 1,438; Parker, 899; Smethport, 1,493; Tidouate, 1,112; Titusville, 1,181; Warren, 1,183.

—Last week Mrs. G. W. Sawyer departed for Boston, Mass., being summoned there by the serious illness of her aged father. She arrived a few hours too late, however, to see him alive. His name was Henry Robinson, and he had attained the ripe old age of 87 years. His wife, aged 84, and several daughters, survive him.

—Mr. W. W. Kellett of Boston is paying a visit this week to the busy little village that bears his name, to make some observations as to the progress of the new tannery that is building there. We dare say he found the work progressing finely under the management of his wide-awake superintendent, Mr. Howe, who is well spoken of by people of Kellettville.

—The death of G. S. Crosby Esq., late editor of the Kittanning Free Press, occurred on Thursday last, 6th inst. Mr. Crosby had suffered with consumption for some months past and was obliged to relinquish his connection with his paper, as well as an intention to try for congressional honors in this district. He was aged 43 years and was rapidly rising as one of the prominent men of his section.

—Hon. Marriott Brosius, the Republican Candidate for Congressman-at-large on the Beaver ticket in 1882, contributes to the Philadelphia Weekly Press of May 5, a most vivid and stirring account of the siege and capture of Fort Wagner and the part taken therein by the 97th Regiment P. V. Mr. Brosius' reputation as a master of the English language is sustained by one of the most important approaches to Charleston.

—Arthur Kirk, president of the Western Pennsylvania River Improvement association, is satisfied with the appropriations given Western Pennsylvania in the river and harbor bill, and says most of the appropriation for the Allegheny will be spent between East Brady and Pittsburgh, and when this is done boats drawing twenty inches of water may go up and down at any low stage of the river—Blizzard.

—The dogwood is now in blossom, being fully three weeks earlier than its usual time for coming out. The clear white blossom, tipped with a purplish hue, is very pretty, and many of our ladies with an eye for the beautiful bring bouquets of them on returning from a ride in the country.—Franklin News. As a matter of piscatorial information we will add that the blooming of the dogwood is a never-failing sign that "Buffalo suckers" are on the riffles.

—The Grove Brothers of this place, who have been operating quite extensively in the Grand Valley field, have come in possession of one of the best pieces of territory in that section, and which is bound to yield them a handsome thing. It is pleasant to record the good fortune of these our townsmen, and we hope they will get all out there in it. They have stuck to the drill with a pluck that is commendable and their prosperity will be a matter of pleasure to all our townspeople.

—Mr. Samuel Clark met with a painful accident at Tidouate Tuesday of last week. While attempting to climb over a freight car he, in some unaccountable manner fell giving his left hip joint a terrible wrench, and otherwise bruising himself. He was unable to be moved for several days, but is now at home and improving slowly. It is the second time within the past two months that he has been brought home from Tidouate on a cot, and it would seem that fate is against him in that latitude.

—The borough schools have come to a close for the season. The term has proven a very satisfactory one to the patrons, a profitable one to the pupils, and we trust a pleasant one to the teachers. The school at Gilfoyle, this county has been waiting several weeks for Miss Kerr to finish here; she commences the term there in a few days. Mr. Kerr, we believe, has no objective point in view at present, and will take a few weeks of recreation. Miss Keller goes as one of the faculty in a new college just started in Ohio. All depart from among us bearing with them the best wishes of our citizens for their future welfare.

—Maj. Hilton's lectures at the Court House during last week were a source of much enjoyment to the audiences that greeted him on each evening. He is an eloquent and polished speaker, entertains his listeners from the start, and impresses them that he is terribly in earnest in his work. A county convention of the W. C. T. U. is in session at the Presbyterian Church to-day, and this evening will hold a mass meeting in the Court House, which promises to be well attended. This meeting will be addressed by Major Hilton and will finish his series of lectures here for the present. Everybody is invited to come out this evening.

—Next Monday evening, 17th inst., at the Court House, Chaplain Woodruff will exhibit his Stereopticon views of the life of General Grant, which will embrace over 100 views illustrating the life of the World's Greatest Soldier, from the cradle to the grave. The Chaplain is a fine speaker and will give a good description of every scene that is presented. He comes under the auspices of Capt. Stow Post, G. A. R., to whose benefit a percentage of the proceeds will go, and the entertainment should therefore be liberally patronized. The admission will be very reasonable—25 and 15 cents—so that all can enjoy it who wish. There is a rare treat in store for those who attend.

COUNTY CORRESPONDENCE.

CLARINGTON.

James Ward is lying dangerously ill with Bright's disease; he is not expected to recover.

Mrs. Jos. Landers is quite sick. Mrs. Johnson, daughter of John Henderson of Sigel, died of consumption at Sigel, on Friday, May 7.

Mrs. Dunkle is having a house built on the Brookville road on the Jefferson side of the creek up from the bridge a short distance.

J. B. Pearsall's health has so far recovered as to permit him to attend to business again.

Mac. Elder lost a valuable horse from pneumonia. Jackson Haight has bought 40 acres up on Cherry Creek, has built a small house and moved thereon.

Braden & Elder's mill is running. They have quite a stock in.

NELLTOWN.

A new well was struck on the Landers farm last Monday week ago. It is probably good for 10 barrels at least. As far as indications are concerned it is the best well yet found there, the sand being better and thicker. It is a short distance north or nearly north of the old wells there.

The well on the Foutz place will soon be down. Mr. Krautzer and family have moved away, Mr. K. having bought an oil production somewhere near Bradford.

ELSEWHERE.

Business seems good at Brookston and in the vicinity.

The pigeon hunters report the present season's experience as a quite unusual thing in the pigeon line. They say the pigeons were here, sure, but at the time they came the snow was too deep to allow feeding and they went elsewhere. A few have stayed but they are young ones that have not nested heretofore. The only hope now is that after nesting elsewhere they may come back here again.

During the very dry weather of two or three weeks ago the forest fires in the hemlock slashings from Pigeon down toward and beyond and below Bowman's Mill on the "extension" were fierce and quite destructive. Two houses with almost the entire contents were destroyed at Bowman's. Quite an amount of logs was more or less injured.

The stumps are being blown out of the road leading from the station at Vovineckel to the Corners, and beyond toward Cooksburg. Dynamite is the persuasion employed. We pause long enough here to move to amend the original motion by inserting a small cartridge under the worst mud holes along the above mentioned route.

A son of Daniel McCanna's, living near Greenwood, has had the misfortune to lose to a great extent, his eyesight. Some time in February last his eyes began to fail, he having been troubled previously with the peculiar eye trouble known by the general name of "pink eye." Previous to that time his eyes were good and strong.

HICKORY.

Mr. Carlson's new house is rapidly nearing completion. Grading on the Stowetown R. R. has not began yet.

We presume the building so attractive in architecture and paint standing near the road down below the depot is the new tannery office-building.

Up along McArthur Run one sees notices nailed up to trees here and there warning the trespasser to beware. Dr. Shamburg stocked the run last year with trout and is determined to enforce the fish laws in that "neck o' woods" if possible.

ONION SETS very cheap at Smearbaugh & Co's. 24.

Kellettville Items.

Capt. Kellett of Boston arrived Sunday.

Lyman Cook of Nebraska is visiting relatives here, and also taking in a little fishing; no doubt Lym has in his time flipped more of the speckled beauties from these streams than falls to the lot of most anglers.

We neglected to mention the presence of Mr. Charley Walters, in speaking of his brother John last week; we didn't mean to slight you, Chas., not by any means.

Miss May Sloan began her third term of school here yesterday; which speaks for itself as to Miss May's popularity as a teacher.

Robert Fryar has located a shoeshop here, where he will be found at "awl" times.

A foot-bridge now spans the Tionesta at this point; one man put it up in a day, so you may form some idea of its stability. A good, substantial bridge is what this place needs, but we fear it will be some time before we get that.

Charley Whiteman now drives a handsome new team which he purchased in Clarion Co.

A couple strangers came to town one day last week with about 400 fine trout. They gave them to Mrs. Arner who cooked them fit to set before a king.

Mr. Levi Pierson has taken the contract of peeling and delivering 2000 cords of bark from W. W. Kellett & Co. EZEKIEL.

Brookston Items.

Barkpeeling has commenced in good earnest; the Forest Tanning Co. shipped three car loads of provisions into their camps during the past week.

Mrs. Will Sheeley of Highland is dangerously ill, and is not expected to live.

The little daughter of John Billy-dew met with a severe accident by falling out of the door and cutting its face very badly. Dr. McNett dressed the wound and the child is doing well.

Black eyes are fashionable at present; the most of our young men wear them.

Dr. C. C. Smith has just began to plant his potatoes.

H. Tousey has painted his house and also planted quite a number of shade trees, which adds to the appearance of his place.

Mr. Frank Dickson has purchased a new speaker which will save some of his sole leather.

Married.—At the residence of James Schwerfeld, at Brookston, Pa., by W. S. Cole, J. P., Mr. James Brine to Miss Della Haven, sll of McKean Co., Pa. OBSERVER.

Our Western Rivers.

The river and harbor bill has passed the house with the Monongahela river appropriation all right, and the clause providing for a government estimate of the value of the Navigation company's plant still standing. The Pittsburgh portions of the appropriations are in much better shape than the course of the debate led people to expect, and the probabilities are the three rivers have received more in proportion to the estimates than any others in the bill. The Monongahela, which caused the principal fight, receives \$121,000 which was the full amount called for by the engineers. The proposition for purchasing the Slackwater plant dwindled down to a provision to inform congress what it was worth, but it makes a start towards a government purchase and is regarded as a very favorable compromise both by Col. Bayne and Mr. Boyle. The Allegheny gets \$40,000, about the same reduction from the estimates that other rivers have had to suffer, and the Ohio, though not mentioned near Pittsburgh, gets a reasonable share also.—Blizzard.

—Stated by H. B. Cochran, druggist, Lancaster, Pa.: "Have guaranteed over 300 bottles of Burdock Blood Bitters for dyspepsia, sour stomach, bilious attacks, liver and kidney troubles."

—Use Electric Light Flour, the best in the world for the money. Ask your grocer for it. my5.

Last Notice!

All persons knowing themselves to be indebted to me on account are hereby notified to call and settle with me before May 15th if they wish to save costs. I am going to move from the County and must close up my business affairs by that time. Wm. C. COBURN M. D. Apr. 26, 1886.

Memorial Day, Programme, 1886.

Owing to the fact that the 30th of May falls this year on the Sabbath, Saturday the 29th will be observed, when the Post, and the people will pay a tribute to the memory of our comrades who have fallen asleep.

The Band will report for the duties of the day at 1 p. m., to the Post Commander. At 1 p. m., all members of the Post, and veteran soldiers will report at Post headquarters, where preliminary arrangements will be made at 1:30 p. m., sharp. The different Orders and Societies of Forest County, are cordially invited to participate with us upon the occasion, and will be assigned places in the line should they report. The Tionesta Fire Co., are invited to turn out with us, as well as the Sunday Schools, with floral offerings under their Superintendents. We deem it highly proper that the youth of the land should take a prominent part. The children and youths belonging to the Sabbath Schools are requested under the management of Mr. J. H. Dingman, to select and sing two or three odes at the Cemetery.

The marching will be arranged according to the order presented in the ritual.

The Tionesta Cornet Band have kindly consented to discourse music upon the occasion, their leaders having arranged the following programme of tunes &c., which will be played in proper order:

- 1. Drum Major. 2. Marching Through Georgia. 3. Morning Light. (To be played at Cemetery.) 4. Rally Round the Flag Boys. 5. Red, White and Blue.

MEMORIAL ADDRESS.

Our Comrade, Rev. B. F. Feitt is expected to deliver the Memorial Address upon the occasion. His reputation and ability as an excellent speaker on such occasions is too well established to require comment.

Short addresses may be delivered by other comrades. The addresses will be at the Cemetery should the day be clear—in case of inclement or stormy weather, at the Court House.

We ask the aid and cordial co-operation of all citizens in properly observing the day, and suggest the usual decoration of houses and buildings, also that during the ceremonies that stores and places of business may be closed out of respect for the honored dead.

Geo. Stow Post, No. 274, earnestly requests that every veteran who can possibly do, so will be in attendance to honor the day.

By order of the Commander, J. W. MORROW.

Attest, SAMUEL D. IRWIN, Adj't.

NOTICE.

All parties having bad sidewalks or rubbish on street in front of their premises, who shall fail to repair said walks or remove such rubbish immediately after receipt of notice so to do, are hereby notified that if such walks be not repaired or rubbish removed within ten days council will proceed to build new walks and remove rubbish at the expense of such property owner or owners.

3t. BY ORDER OF COUNCIL.

'TIONESTA MARKETS.

BURDOCK BLOOD BITTERS!

BURDOCK BLOOD BITTERS Purify the Blood.

BURDOCK BLOOD BITTERS Sound, Refreshing Sleep.

BURDOCK BLOOD BITTERS That Tired, Weary Feeling.

Sick Headache. GENTS—I have been subject to Sick Headache for years, and have tried, in vain, many advertised remedies and several physicians, but all to no purpose. At last I tried your B. B. Bitters—without much faith, I admit—but to-day I can truly say, that after taking the third bottle, I have not suffered from it. I recommend it to all my friends; several have been cured by it. My little grandson was permanently cured of biliousness and Sick Headache, which were so severe as to cause convulsions. They have all ceased since he commenced the use of B. B. B. MRS. B. C. BOBLE, Orange, Luzerne County, Pa.
