The northern end of this county is now all broken up over the discovery that they have been the dupes of a very sleek fraud, who has been deceiving them under the pretence of curing their ills, his object being to secure their good money, to say nothing of baser purposes. It is strange that people will never learn wisdom, but continue to admit strangers to their homes and grant them confidence that they would deny their most intimate neighbors and friends. —Brookville Republican.

Trout are not very numerous in Forest county, but occasionally one is lifted that makes up in avoirdupois all that is lacking in numerosity, and more too. One day last week Frank Witheral caught a monster out of Hickory creek that beats anything yet heard of in that line in this section. It measured sixteen and one-half inches and weighed just two pounds. This may sound like the boss fish lie, but we have the best authority for its correctness, besides the fish may be seen by any skeptic, as Mr. Witheral has him still alive at his place at Stowtown.

The authorities of Punxsutawney, a few weeks ago, passed an ordinance prohibiting children under fifteen years from being on the streets after 8 o'clock p. m. The Spirit has the following to say of the good effects of the ordinance:

"The law requiring children under fifteen years of age to be off the street by 8 o'clock seems to work admirably. No matter how thickly they may swarm along the pavement a few minutes before, they all disappear before the clock strikes eight. It is a little surprising, though, that there are so many boys that have attained their fifteenth year, but who are very small for their age. Our sister towns would confer a favor on the rising generation by passing the same kind of an ordinance."

A serious accident occurred on Sunday morning to Amos Houghtaling and R. E. Smith, of Cameron, Elk county, while they were attempting to dynamite fish in the Clarion river. Houghtaling had ignited one cartridge and held it too long in the effort to ignite another from the same fuse. The first cartridge exploded in his hand and the concussion exploded the second. Both hands were blown off, his nose and one eye torn out and his face badly burned. He will probably die. Smith's face was badly scarred by pieces of bone from Houghtaling's hands striking him. —Emlenton Critic.

The Coming Primaries.

We publish this week the call of Chairman Irwin for the Republican Primary Elections of this county on Saturday, the 19th, inst., also the Rules governing the same. There should be a good turnout of the Republicans in all the townships, and it is earnestly hoped there will be. A good vote at the primaries and a free expression of the voters as to their choice of candidates is always conducive to the success of the party in the fall, and makes victory much easier to attain; therefore, we hope no Republican will absent himself from the polls on the afternoon of the 19th. Don't fail to perform this important duty.

Memorial Day.

Saturday last was a veritable red letter day for Tionesta. People from the surroundings began to arrive in good season, and by noon the streets were fairly thronged with visitors. At 2 o'clock the line was formed in front of the Presbyterian Church in the following order:

- Marshal. Tionesta Cornet Band. Sabbath School Children. Geo. Stow Post, 274. Citizens.

At the hour appointed the band struck up a delightful march and the procession was ordered to move. Arriving at the cemetery appropriate airs were rendered by the Sabbath Schools, led by Mr. Dingman; after prayer by the Chaplain, the roll of honor was called; short, and very pleasing and appropriate remarks were made by Comrades, Morrow, Agnew, Hart, Irwin, Rhodes and others. The graves of deceased soldiers were then decked with lovely flowers by the members of the Post, after which the orator of the day, Comrade Feitt, was introduced and delivered an eloquent address that was listened to with marked attention by the large assemblage of soldiers and civilians. Rev. Feitt was followed by Comrade Canfield in a neat little speech that was quite appropriate to the occasion. The ceremonies being completed the line of march was again taken up in the order first named, and the procession broke ranks after reaching town again, but not forgetting to pay a fitting tribute to the memory of Lieut. John Range, a soldier of the Revolution, who lies buried in a lot in rear of the Forest House.

The day could not have been more pleasant for the occasion, while the crowd in attendance was much larger than on any previous Memorial Day. The ceremonies were carried out without a jar, and the entire affair proved a source of much pleasure to all who were present.

Kelleysville Items.

We venture to say that this place is visited by more hucksters and peddlers than any other in the county; which enables the house-wife to keep her table well supplied, but is hard on the pocket book.

The friends of Coon Ikenberg, who lives at Newtown, may now claim the usual treat of cigars on the arrival of a wee lassie at his house last week.

Candidates, to be successful, should show no partiality. A hint to the wise is sufficient.

The new gate at the school house is quite nobby; the only improvement we can suggest is an Arch bending over it.

Mrs. W. A. Dusenbury of Newtown called on some of the Kelleysville ladies last Friday.

Owing to Judge Arner having the inside of his house painted, the preaching last Saturday was held in the school house.

Some one has carelessly set fire to the woods on the Cole tract, and at present writing it is burning quite fiercely.

The spile driver used by the tannery men fell over last Saturday and the workmen narrowly escaped being hit. They had no more than replaced it and began work again, when Mr. Whitcomb lost the end of his thumb by too close contact to that rather dangerous machine.

If you see any of our citizens down your way next Monday you may conclude it's the preachers meeting and not the circus that has taken them there. EZEKIEL.

CONSTIPATION!

There is no medium through which disease so often attacks the system as by Constipation, and there is no other ill flesh is heir to, more apt to be neglected, from the fact material inconvenience may not be immediately felt from irregular action of the bowels. When there is not regular action, the retention of decayed and effete matter, with its poisonous gases, soon poisons the whole system by being absorbed into it, causing piles, fistula, headache, impure blood and many other serious affections. BURDOCK BLOOD BITTERS will immediately relieve, and one bottle positively cures or relieves any case of Constipation. "Was troubled for a year with torpid liver and indigestion, and after trying everything imaginable, used BURDOCK BLOOD BITTERS. The first bottle revived me and the second cured me entirely."—J. S. Williamson, Rochester, N. Y.
