

**Republican Ticket.**  
COUNTY.  
Congress,  
Hon. J. B. AGNEW.  
[Subject to action of District Conference.]  
Assembly,  
CHARLES A. RANDALL.  
Treasurer,  
SOLOMON FITZGERALD.  
Surveyor,  
HENRY C. WHITTEKIN.  
Coroner,  
Dr. J. W. MORROW.

**The Result.**  
The result of the Republican primaries held last Saturday, shows that, notwithstanding the contest was a very quiet one, a very large and respectable vote was polled, which must certainly be very satisfactory to the Republicans of the county. As to the choice of candidates, we feel safe in saying that the result will be cheerfully acquiesced in by every true and loyal Republican in the county. We have not the time at present to speak of the ticket in detail; suffice it to say, it is an excellent one, and will command the hearty support of the party in the fall. As to the defeat of Mr. Berry we can only say it was a square and honorable contest between him and his successful opponent, Mr. Randall, and we have yet to hear of a place where there was any work done by any except the two gentlemen named. Mr. Berry made a good Representative, and had the choice fallen to him, would have been as cheerfully and as earnestly supported by every Republican in the fall as will Mr. Randall.

**Too Late.**

After suffering defeat through their own folly, the Free-traders now turn to Mr. Randall and ask him to produce a tariff bill to save the party. We have always supposed that measures affecting the revenue originated in the Ways and Means Committee and not in the Committee on Appropriations. Both Mr. Carlisle and Mr. Morrison refused Mr. Randall's friends any representation on the Ways and Means Committee, though they were both asked to make up the committee so that it would fairly represent the different shades of opinion on the tariff question. They preferred extremists. Hewitt himself was even regarded as uncertain, and Morrison made his boast that he held a majority without the "Old Man of the Sea," which is a playful way the Illinois statesman has of describing Mr. Hewitt.

It is hardly likely, therefore, that Mr. Randall feels it necessary to perform the work of the Ways and Means Committee when his services and that of his friends have been disrespectfully declined from the beginning. Surely the Southern and Western wing of the Democracy, aided and abetted by the President ought to steer the party successfully on this question without the help of Mr. Randall.—*Phila. Press.*

In Venango County the Democrats will antagonize William L. Scott's nomination. The Free-trade faction of the party, which has lately had control there, has brought out J. D. Hancock. He is a Free-trader without any saving clause, but why there should be any opposition to Congressman Scott on this ground it is not easy to see. Perhaps Scott's position as a friend of the Morrison bill isn't Free-trade enough for the Venango Democrats.—*Phila. Press.*

**WASHINGTON LETTER.**

From our regular Correspondent.)  
WASHINGTON, D. C., June 19, '86.  
Republican Senators held another order of business caucus Monday morning. They discussed the proposition of the democrats to put the Mexican pension bill and the Hot Springs bill upon the list of measures to be considered this session. The proposition found no advocates but many opponents in the caucus. No determination was reached. The river and harbor bill, the time of its consideration, the limit within which it was best to keep its aggregate and its probable fate when it reaches the

President was incidentally discussed at some length.  
The warm weather has imparted considerable interest among congressmen on the subject of adjournment, but in the Senate there does not seem to be any hope of getting away before late in July. Some of the Senators express the opinion that August will find Congress in session. The date of final adjournment depends entirely upon the House, as the Senate can expedite business much more rapidly than the other body. There are very few among the Senators who now hope for adjournment before the 20th or 25th of July. Senator Sherman, as presiding officer of the Senate, has urged Senators having bills in charge to decline to yield for motions to take up other measures. He says that by permitting other measures to come up in this irregular way the regular business is delayed, and that everything should now be done to push forward preparations to adjournment.

The first state reception of the President and Mrs. Cleveland at the White House Tuesday evening was a very brilliant affair. The state reception rooms were gaily decorated with plants and flowers and were brilliantly lighted. Cool breezes swept through the rooms by the open windows, and they were at no time oppressively warm. The receiving party descended the stairway to the air of "Hail to the Chief" a little before 9 o'clock, the President escorting Mrs. Cleveland. Secretary and Mrs. Eadicott, Secretary and Mrs. Whitney, Postmaster General and Mrs. Vilas, Col. and Mrs. Lamont, Mr. and Miss Eadicott and Liet. Duvall followed in the order named. The company arranged themselves in a curved line about the oval of the blue room. At their own request a special reception was accorded the members of the diplomatic corps, who next entered the room. Chief Clerk Sevellon A. Brown presented them to the President, and Assistant Secretary of State Porter performed the same office for Mrs. Cleveland. The corps was out in full uniform and full numbers, that is, all that remain in the city.

Senator Daves has introduced in the Senate a bill to protect the freedom of commercial intercourse. It provides "that whenever the President shall be satisfied that American vessels are denied the privilege of purchasing supplies, bait or other commercial privilege in any port or ports of any foreign country, he may by proclamation prohibit the vessels of such country, or of any dependency thereof, from entering American ports or from exercising such commercial privileges therein as he may in such proclamation define; and violation of the provisions of such proclamation shall leave the vessel so violating liable to seizure and confiscation."

In anticipation of the tariff bill coming to the surface of the legislative sea Thursday morning, there was an unusually large number of members present when the House was called to order. The gentlemen having charge of pairs on the respective sides of the House were kept busily at work, and the chief, indeed, the only topic of conversation upon the floor was the probable fate of the coming motion, to consider the Morrison bill. The House spent the morning filibustering. It was the purpose of the public lands committee to take up and dispose of the Sioux City and St. Paul land grant forfeiture before the tariff question came up. Several measures had to be passed over on the calendar in order to reach the bill, and its opponents took advantage of the opportunity to delay action in each case as long as possible. The opposition grew partly out of the idea that there was going to be an effort made on the part of some of the members of the public lands committee to cast a shadow over the title of the Milkauke and St. Paul lands, which has been passed upon by the Supreme Court.

The Iowa bill was not reached when the hour of 1:30 arrived, and then Mr. Morrison moved that the House go into committee of the whole on revenue bills. On this motion he demanded the yeas and nays. In answer to Mr. McKinley he stated that his purpose was to consider the general tariff bills. Thereupon Mr. McKinley said that he concurred with Mr. Morrison in his demand for the yeas and nays, and the speaker ordered the clerk to call the roll. Mr. Morrison's motion to go into committee of the whole to consider the tariff bill was defeated; yeas 140, nays 157.

**BARK AND LOG JOBBERS**  
Should send for Cartwright's Bark Tally Book. The principle is similar to Cartwright's Standard Log and Lumber Tally Books, so well known—slated surfaces; May be used in the Wet. Written upon and Erased. It gives the exact contents of any sized pile or any number of such piles.

IT INSURES ACCURACY,  
And absolutely makes disputes between jobber and owner impossible, no matter how deficient in figures either party may be.

A paper book properly ruled and printed, to contain general results of each measurement accompanies each slate book, so that the slate book may be erased whenever desired. The price of these books can be saved, many times in each measurement.

**ASTHMA AND CATARRH REMEDY.**

SOLD BY ALL DRUGGISTS.

Having struggled 20 years between life and death with ASTHMA and CATARRH, treated by eminent physicians, and receiving no benefit, I was compelled during the last five years of my illness to sit on my chair day and night gasping for breath; my sufferings were beyond description.

In despair I experimented on myself by compounding roots and herbs, and substituting the medicine thus obtained. I fortunately discovered this Wonderful Cure for Asthma and Catarrh, warranted to relieve the most stubborn case of Asthma in five minutes, so that the patient can lie down to rest and sleep comfortably. Please read the following enthusiastic extracts from unsolicited testimonials, all of recent date.

Oliver V. R. Holmes, San Jose, Cal., writes: "I find the Remedy all and even more than represented. I receive instantaneous relief."

E. M. Carlson, A. M., Warren, Penn., writes: "Was treated by eminent physicians of this country and Germany; tried the 'climate of different states—nothing afforded relief like your preparation.'"

T. E. Gates, County Treasurer, Philadelphia, Miss., writes: "Have used the Remedy. Would not live without it. Every one that uses it recommends it."

We have many other heavy testimonials of cure or relief, and in order that all sufferers from Asthma, Catarrh, Hay Fever, and kindred diseases may have an opportunity of testing the value of the Remedy we will send to any address trial packages free of charge. Address,

The celebrated author, in this admirable essay, clearly demonstrates from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured; pointing out a mode of cure at once simple, certain, and effectual; by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.
