REPUBLICAN STATE CONVENTION.

The Republican State Convention which met at Harrisburg on the 30th ult., did its work promptly, harmoniously and exceedingly well and satisfactorily. The ticket placed in nomination is an exceptionally strong one, and could not give better general satisfaction. All the nominees are well and most favorably known throughout the state; the selder is particularly well represented, not one of them but has bravely, gallantly borne the brunt of battle during the late war. We gladly nail such a spotless ticket to the mast head of the REPUBLICAN, confident it will be triumphantly elected this fall.

The platform is one upon which every true Pennsylvanian can stand, and is bound to command the admiration of every true patriot. We give it in full below. Read it and see if it isn't sound to the core.

THE PLATFORM.

Resolved, That the Republicans of Pennsylvania demand of Congress that the Limitation of Arrears of Pension bill, whereby unjust discrimination was made against applicants for pensions after June 30, 1880, should be repealed, and all soldiers and sailors entitled to pensions should share equally and justly in the payment of claims by the Government.

Resolved, That the Republican party of Pennsylvania place themselves on record against the disfranchisement of the colored vote, come from what source it may, by intimidation, by tissue ballots, by a false count, by murder, or by amendment of the Constitution or by Congressional action.

Resolved, That the thanks of the Republicans of Pennsylvania are due to Hon. Thomas V. Cooper for his efficient services as chairman of the State Central Committee, and that this Convention recommend that he be retained in his position for another year.

Resolved, That the office of senatorial delegate be and the same is hereby abolished and that hereafter delegates to the Republican State Convention shall be elected by representative districts only and that the Republican State Convention shall hereafter be composed of delegates elected from the various representative districts on the basis of one delegate for each member of the House of Representatives to which such district is entitled.

Resolved, That we approve the bill, which has received the almost unanimous endorsement of the United States Senate and is now pending in the House of Representatives, as regulating commerce between the States and call upon the Legislature to adopt a like measure to regulate and supervise freight charges within the State.

We denounce the infamous work of importing foreign pauper labor, criminal and contract labor and the products of European criminal labor and demand the passage of a national law summarily and positively prohibiting such importation under any pretext whatever.

The products of the farm and dairy should not be lost sight of in the list of American industries to be protected under the American system, and both national and state Legislatures should protect them from dangerous and unjust competition and from any or all adulterations and counterfeits. Our hostility is likewise proclaimed to the Morrison bill, not only because it is an advanced step in the direction of Free Trade, but because it designs to permit raw materials to be imported duty free and strikes at the prosperity of farm, the mine and the workshop.

Labor and capital are of right, and should be, through custom and law, as mutual as man and wife, and to the end that their mutual relations shall be strengthened we advocate at the hands of the National Congress and of all state Legislatures the enactment of proper laws affording facilities for conference and arbitration based upon the principle that all men are free and equal, and directly recognizing the equality of all the interests involved—the workers, the employers and the people at large.

OFFICE OF THE COMMISSIONERS OF FOREST COUNTY, TIONESTA, PA., July 1st, 1886.

The Commissioners of Forest County will, on August 23rd 1886, receive sealed proposals for the repairing of the iron bridge at the mouth of Tionesta Creek. Said repairs to consist in removing eleven courses of stone off the right hand pier, and rebuilding the same, and to furnish any other stone that may be necessary for the building of the same, together with all building materials. Also repairing the wooden ice breakers, and the raising of the shore span of said bridge with sufficient traveling to keep it in its place so that travel over the bridge may not be impeded during the building of the pier.

The Commissioners reserve the right to reject any and all bids.

J. R. CHADWICK, County C. RYERLY, W. D. STEIN, County's Attest, JAS. T. BRENNAN, Clerk.

Notice of Application for Charter.

Notice is hereby given that an application will be made to the Governor of the State of Pennsylvania, at Harrisburg, Pa., on the 13th day of August, A. D. 1886, at 2 o'clock, p. m. of said day, or as soon thereafter as may be, under the act of Assembly of the Commonwealth of Pennsylvania, entitled, "An Act to Provide for the Incorporation and Regulation of Certain Corporations," approved April 29, 1874, and the supplements thereto, for the charter of an intended corporation, to be called "Excelsior Pipe Line Company," whose character and object shall be the transporting and shipping of petroleum, for the public, from the oil producing territory of Venango, Clarion, Butler, Washington, Forest and Warren Counties, Pennsylvania, to storage tanks and points within said State, and the storing and insuring of such petroleum, and for these purposes to lay down, construct and maintain pipes, etc., and have, possess and enjoy all the rights, benefits and privileges of said Act of Assembly and its supplements. The principle office or place of business of said corporation will be at Oil City, Venango County, Pennsylvania. The names of five of the subscribers to the capital stock of said corporation are: F. D. GUMBER, R. G. LAMBERTON, C. A. HOTCHKISS, JOHN SCHWARTZ, J. E. BICKNELL.

Resolved, That it is the opinion and judgment of this convention that the Legislature of the State should at once adopt measures providing for the submission of this great question to a vote of the people in accordance with the true spirit of our free institutions.

INVITING Mr. Cleveland to the Grand Army reunion was a sly dig at the well-covered ribs of that thick-waisted statesman. They might have known that he was too busy vetoing pensions to needy veterans to indulge in any frivolity.

THE rejection of the appointment of John Goode for solicitor general means substantially that while manipulating tissue ballots may qualify a man for political honors in Old Virginia, it does not necessarily entitle him to any distinguished reward from the federal Government.

THERE can't be any truth in this report that Attorney-general Garland is about to be succeeded by Judge Thurman, of Ohio. The Administration drove into the swamp with its eyes open, and old wheel-horses like Thurman are evidently disposed to let it pull itself out of the mud the best way it can.

CAPT. STRATTON, a gallant soldier in the late war, well known in this city, who entered the post office department at Washington twenty years ago, in the lowest grade of clerkships, and by his ability and devotion to duty was promoted to be chief of the Dead Letter Division, was dismissed from the service on Friday last. When he received his discharge he went to Postmaster General Vilas to ask the cause and was informed that the reasons were purely political. As he had been in no sense a politician and has never done more than vote a straight Republican ticket, he was naturally surprised at the charge, and asked for specifications, which Vilas refused to give. A Confederate soldier will probably get his place.—Venango Citizen-Press.

Resolved, That the office of senatorial delegate be and the same is hereby abolished and that hereafter delegates to the Republican State Convention shall be elected by representative districts only and that the Republican State Convention shall hereafter be composed of delegates elected from the various representative districts on the basis of one delegate for each member of the House of Representatives to which such district is entitled.
