LOCAL AND MISCELLANEOUS.

These are dog days.
Born—On Sunday last, to Mr. and Mrs. Geo. Raab, a daughter.
William Killmer lost a good cow yesterday by death. Cause unknown.
Mr. Geo. Raab's mother of New York City, is paying him a visit at present.
Rev. Wm. Richards will occupy the pulpit of the F. M. Church next Sabbath evening.
Mr. and Mrs. G. W. Bovard are visiting relatives and friends in Butler county this week.
It is pretty generally agreed that the brass band of this place is making rapid improvement.
A gas ordinance passed by the town council yesterday, will be found in another column of this paper.
From present appearances squirrels will be numerous hereabouts this fall. Nuts of all kinds will be abundant.
Forest county's bastille has not had an occupant, unless perchance a stray tramp over night, since last court week.
Mrs. S. C. Sloan and daughter Emma returned home last week from a month's visit with Mr. Van Giesen's family at Edenburg, Pa.
Mr. Geo. Watson has made some improvements about his premises which add materially to the comfort and convenience of the place.
Mr. Charles Southworth, of Newtown, this county, last week attended the reunion of his old regiment, the 27th N. Y. Vols., and reports a very pleasant time.
Hon. J. B. Newton, of Cameron county, and a Democratic candidate for State Senator in this district, was circulating among friends in this county yesterday.
The Tribune, a new candidate for public favor, is published at Verona, Pa., by G. Wash. Richards. It is handsome in appearance and brim full of crisp local news.
Messrs. Scowden & Clark, the new proprietors of Raisig's carriage and wagon factory start in with a rush of work that speaks well for the prosperity of the new firm.
Hon. J. B. Agnew, and Mr. J. F. Proper, of Tionesta, were in town on Tuesday on business. Mr. Agnew is the choice of Forest county for Congress in this district and is a pleasant and affable gentleman.—Clarion Republican.
Mrs. W. E. Lathy and nephew, Jas. Kelly, are sojourning at Asbury Park, a charming resort on the Jersey coast. Mr. Lathy will join them there and expects to make Tionesta friends a visit before returning to Kansas.
Several people in McKeesport are suffering with a malignant sore throat, attributed by the physicians to the use of chewing gum colored by a poisonous substance. The poison has eaten into their throats, and, it is feared will prove fatal.
The Oil City Blizzard issued a double sheet yesterday, most of which was devoted to a review of the past history of the place and the future outlook for that thriving city. The Blizzard's enterprise in this connection is commendable and should be appreciated.

Norton Discharged.

A telegram from Clarion to the Derrick, dated yesterday, says: W. D. Norton, arrested for complicity in the Everhart tragedy, has been discharged, counsel for the commonwealth admitting that the witnesses produced by Detective Levy clearly established his innocence instead of his guilt.

Quite a number of Tionesta's citizens took advantage of the cheap excursion to Warren last Friday, to see the soldiers in camp, and get a glimpse of Governor Pattison.

Chas. Raisig, having sold his carriage and wagon factory, has still on hand four wagons and four buggies, just finished, and all of the best material. He is anxious to dispose of these and close up his business here. Call and see them.

The place of holding the coming Free Methodist camp meeting has been changed from Robinson's grove, to a location on the German Hill road, above the watering trough. See Rev. Schooley's notice concerning the meeting elsewhere in this issue.

A shooting club has been organized in this place. The first practice-shoot was held on the island last Saturday at which those who did their first shooting at glass balls made fair scores. The next meeting takes place next Saturday on the island, and it is requested that all members be present.

In excavating for a mill site at the west end of the creek bridge last week, large timbers were found that were as fresh and sound as the day they were placed there. These timbers were used in the construction of the old Forge Property, fifty-eight years ago, long before the greater portion of our populace was born.

Collector Canfield wishes to give warning to all who want to save their nickels on borough cash tax, that the same must be paid before Monday next. He will also resume work on the streets on that day, and those who wish to finish up their work tax should be on hand.

S. D. Irwin Esq., attended U. S. Court at Erie last week on the case of Bell vs. Henry & Parmlee, concerning a tract of land lying in Warren county along the Forest county line, known as the Davidson tract. The case was decided in favor of the plaintiff, and involved a considerable sum. Mr. T. J. Bowman of Hickory was also there on the same case.

The Jamestown correspondent of the Bradford Era, speaking of the evasion of the Pennsylvania marriage law, has this to say of Rev. John Peat: "He has united 240 hearts in couples since the law went into effect last October, and hopes to double that number before the first of next year. Clergymen in this section are offering large sums for charges near the Pennsylvania State line."

The annual session of the Erie Conference of the M. E. Church, will commence in Brookville on Thursday, September 9th, one week earlier than the time originally named. We understand that the date was changed by Bishop Andrews, in response to a request of members of the church in this place, because of the holding of court and the fair on the following week.—Brookville Republican.

A valuable six years old mare was stolen from the stable of M. R. Ritchey, this county, about one mile from Marienville, last Wednesday night. The animal has four white feet and a white spot on rump giving it the appearance of a circus horse. Mr. Ritchey can ill afford the loss and it is hoped that the thief, who it is thought rode towards Oil City, may be overtaken.—Clarion Democrat.

If anybody wants to know our opinion of natural gas—that is, the burning kind—it is this: Having tried it in our cook stove we like it very well; as it does all it is recommended for, saves a great deal of trouble, is perfectly safe, and is cheaper than coal or wood; it is always ready, and with your eatables ready for cooking over night, you can have breakfast and the room warm in fifteen minutes after you set a light to your fire. For heating purposes for engines it is superior to anything yet—steam up in 10 minutes, and keeps it right where you want it. We recommend it. N. B.—This isn't a paid notice, but a just tribute to a good thing newly brought into the city for use.—Corry Leader. Hurry on the gas for Tionesta.

It is stated that if an outside leaf of a cabbage plant which is infested with green worms is broken off and placed flat over the top of such plant in the afternoon nearly all the worms in the cabbage will be found next morning congregated on this leaf, and can easily be removed and destroyed. A valuable remedy if true.

Peaches are to be plenty this year. They're expecting a glut of them in the eastern markets, owing to the fact that there is a good crop in the west and southwest, so that those sections will not draw from the eastern supply. It is estimated that New Jersey will yield 1,500,000 baskets this year, and Maryland and Delaware over 2,500,000. The fruit will probably be wholesaled at 40 to 50 cents a basket.—Franklin News.

The agricultural fairs in this part of the State will be held as follows: Venango County Fair, Sept. 7, 8, 9 and 10; Butler, Sept. 14, 15 and 16; Cochran, Sept. 15, 16 and 17; Conneautville, Sept. 29, 30 and Oct. 1; Woodcock, Sept. 22, 23 and 24; Stoneboro, Sept. 28, 29 and 30; Parker, Sept. 21, 22, 23 and 24; Titusville, Sept. 21, 22 and 23; Warren County Fair, Sept. 7, 8, 9 and 10. The State Fair will be held at Harrisburg, Sept. 6th to 18th.

When Jack Kribbas takes a hand in the matter of looking for the murderer of Mrs. Everhart and her mother we may expect to hear of something being accomplished.—Clarion Democrat. Since about four-fifths of the money which is being expended in ferreting out the guilty ones has been paid by citizens of Forest county,—except what the Everharts have paid,—we'd suggest that the citizens of the county in which the horrible crime was committed, raise a purse and set Jack to work on the case at once.

A Western exchange tells its readers "to mind their P's," in the following paragraph: "Persons who patronize papers should pay promptly, for the pecuniary prospects of the press have a peculiar power in pushing forward public prosperity. If the printer is paid promptly, and his pocketbook kept plenteous by prompt paying patrons, he puts his pen to his paper in peace; his paragraphs are more pointed; he paints his pictures of passing events in more pleasing colors, and the perusal of his paper is a pleasure to the people. Paste this piece of proverbial philosophy in some place where all persons can perceive it."

Why is it that when parents announce the birth of a child they always mention the weight? Is it considered a credit to the father, the mother or the infant? This is particularly the case with young married people. Parents of age and experience know that the care and anxiety and labor of raising a baby are not apportioned to the number of pounds it weighs. Six pounds of baby represents just as many nights of floor-walking as ten pounds, and an eight-pound baby can hold just as much colic as a ten-pounder. In fact when you come to weigh little incidentals like these you will have to throw away the steelyard and bring out the hay scales.—Ex.

Ballou's well known literary magazine continues to make us its regular monthly visit, and for general family reading, we do not hesitate to recommend it in every respect. Kellettville Items.

Black raspberries are no longer to be had. The next native fruit is the blackberry, of which there promises to be an immense yield.

A great many strangers have been in Kellettville last week and this, making a variety in its every day life. No further move has been made as to putting down wells, &c. All seem to be waiting for the well at Minister to prove good or bad, as it may be. In drawing the casing in the well up the Branch it was found that it had filled up with oil, but probably not in paying quantities.

Miss Mand Whitman of Brookville, is paying her brother Charles a visit. Wm. Puffenberger has bought another team. Archie has disposed of his, and secured a fine driving horse, in anticipation of camp meeting, no doubt.

Quite a chapter of accidents: Charley Bauers was landed out of the barn by a kicking horse one day last week, and is still somewhat sore. One of the carpenters goes on crutches from a cut foot, and 'tis reported that Abe Clark was hurt, but we have heard no reliable report about it as yet.

John Bell and bride are stopping at the mill where they soon expect to begin housekeeping. We wish them a happy life. EZEKIEL. July 27.

THE CAMP-MEETING.

The Oil City District camp-meeting this year, commences at Tionesta on Wednesday evening, August 18th, and closes Wednesday evening, Aug. 25th. The meeting is not to be held in the old side-hill grove, but on an almost level grove, one-half mile from the town, on the German Hill road. There is plenty of room, three large springs of water, and fire-wood free. Arrangements will be made to have groceries, provisions, straw, meat, country butter, milk &c., delivered on the grounds. Mail directed to the "camp-ground" will also be delivered. The people of this and surrounding counties, whether members of churches or not, are invited to come and enjoy an old fashioned Methodist camp-meeting. Admission free to all.

TENTS—Tents will be furnished to all who order before August 5, 1886, at the following rates, exclusive of freight: 9x9, \$1.50; 9x12, \$1.75; 12x12 \$2.00; 14x14, \$2.50; 14x19, \$3.00; 16x21, \$3.50; 3 room tents, \$3.00; 5 room, \$4.50; cots, 25 cents each; chairs, 15 cents each; stools, 8 cents each. A fee of 25 cents will be charged where the committee put up the tents.

BOARD—There will be no boarding tent on the ground. No provisions or milk delivered on the Sabbath day. Reduced rates will be secured for regular attendants who stay on camp ground. Those driving to the meeting to remain during the session can secure stabling with or without rates. For further information address with stamp. REV. M. L. SCHOOLEY, Lock Box 55, Tionesta, Pa. Persons paying full fare over B. N. Y. & P. R. R., to camp-meeting, will be returned at one cent per mile, by applying for return certificate, to J. T. Michael, Chairman, on the ground. M. L. SCHOOLEY, P. C. Tionesta, Warren, Clarion, Franklin and Oil City papers please copy.

A Few Suggestions to Teachers.

J. E. HILLARD, Co. Supt.
Make your school room attractive: 1, by keeping the floor clean. 2, by keeping the stove bright. 3, by keeping the cob-webs swept down. 4, by relieving the monotony of bare walls with pictures, mottoes, and wreaths tastily arranged and disposed. 5, by hanging curtains or lambrequins of some cheap material—paper, if nothing better can be had—in the windows to tone down the glare of the unobstructed sunlight and heat. 6, by keeping the dust brushed off the apparatus, such as maps, globes, etc. 7, by keeping the apparatus in its proper place, and by making a proper use of it. By using apparatus properly the exercises in which it is employed can be made very attractive. 8, by keeping the blackboard clean when not in actual use. 9, by keeping the schoolroom properly ventilated, and comfortably warm or cool as far as possible. 10, by cultivating a few easily grown and pretty window plants or flowers. 11, by associating the school room, in short, with the beautiful in as many forms and in as high a degree as possible.
Make the exercises interesting and attractive: 1, by being pleasant and respectful while conducting the exercises. 2, by avoiding fault-finding tones, actions, or looks. 3, by avoiding personal reflections upon any member of the class. 4, by having something definite to accomplish in each recitation or other exercise, and

by accomplishing that something. 5, by having a method for introducing, conducting, and closing exercises. 6, by introducing variety that is variety and not confusion or complexity. 7, by quitting when you have done. 8, by conducting the exercises so as to engage the attention of the whole class. 9, by being so well prepared beforehand that you know what is important, curious, wonderful, difficult, etc., in the lesson. 10, by calling and dismissing classes in a systematic way so as to save time and add dignity to the work. 11, by arranging the exercises so that they will not clash with each other.

Borough Ordinance.

An Ordinance authorizing any Natural Gas Company accepting its terms, to lay mains and pipes in and through the streets, &c., of the Borough of Tionesta, for the purpose of transporting, distributing and supplying natural gas.
Be it Ordained and enacted by the Town Council of the Borough of Tionesta, and it is hereby ordained and enacted by authority of same.
Sec. 1. That each and every Natural Gas Company filing with the Borough its written acceptance of the terms and provisions of this ordinance is hereby granted the right and privilege to lay down, maintain, alter and repair iron mains and pipes in, through, and under the streets, avenues, lanes and alleys of this Borough, for the purpose of conveying, distributing and supplying natural gas to the citizens of said Borough for heating, lighting, manufacturing and other purposes; Provided, That the work done in and upon the said streets, avenues, lanes and alleys, and in the location of gas tanks, &c., shall be done under the direction and supervision of the Council, and in such manner as to do as little damage as possible to the said streets, avenues, lanes and alleys, and all pipes used for such purpose shall be required to be placed and laid at a depth of not less than two feet below the surface of the street, lane, alley or highway, and shall occupy such part of such street, lane, alley or highway, as may be designated by the Council, and shall interfere as little as possible with the public use and travel thereon.
Sec. 2. That the first company which shall enter the Borough under the provisions of this Ordinance, shall furnish sufficient gas to heat one entire one-story house and a lock-up, and sufficient gas to light not to exceed twenty-five (25) street lamps at the total price of ten (10) dollars per annum. Said lamps to be located as the Borough authorities may direct. Provided, That the said Borough shall make all connections from the street, and in such manner as to expense; And provided further, That when two or more companies shall introduce gas into this Borough, each company shall furnish an equivalent amount of gas for such purposes as the Borough authorities may direct, on the same terms as furnished by first company.
Sec. 3. Each company accepting the terms of this Ordinance shall, before commencing work on the streets, file with the Burgess, a bond to said Borough, with sufficient sureties to be approved by Council, in the sum of Five thousand dollars (\$5000), indemnifying said Borough from any and all actions, suits and proceedings by reason of the opening of said streets and laying pipes and the introduction and maintenance of natural gas in said Borough, which said bond shall also be conditioned for the faithful observance of this and all the other ordinances of said Borough.
PASSED, July 27th, A. D. 1886.
