LOCAL AND MISCELLANEOUS.

—Pay your taxes. —Come —Out to the —Republican —Mass Meeting

—At the Court House to-night. —The gas aint a bad thing to turn on these mornings and evenings.

—Republican meeting at the Court House to-night. —Mr. Frank Fitzgerald of Barnett was a spectator at court for a short time yesterday.

—Mr. Geo. P. Park of Jamestown, N. Y., spent a few days in town last week as the guest of Ben. May, and was warmly greeted by old friends here.

—Mr. Samuel Clark has started a meat market in his vacant building just north of Herman's store, and will keep a good supply of the freshest meats of all kinds always in stock.

—If you have not paid state or county tax within two years you should do so at once, as the law requires such tax to be paid a month previous to election day to give anyone the right to vote.

—Everybody should attend the Republican Mass Meeting at the Court House this evening. The speeches will be first class and very entertaining, and a rousing time will be had.

—Mrs. S. R. Cogan and young son arrived in town from West Va., on Thursday last, and will visit for a couple of weeks with friends here. She reports Mr. Cogan and all her people in St. George enjoying excellent health.

—Hon. James T. Maffett, our very popular candidate for Congress, mingled with the people in town yesterday and to-day. He leaves a good impression with all, which will be to his advantage when election day comes around.

—Pay your taxes immediately, Republican voters. —It is stated that Thomas St. Clair of Indiana county has been nominated for Congress in this district, but as the Democratic papers of Clarion and Forest counties continue to keep the names of their respective candidates at the mast-head, we judge there is something not just right about it.

—The Pennsylvania Gas Company have adopted the Kline Gas Burners, and will use no other. This is a high recommendation, as the Pennsylvania Company are by far the largest furnishers of natural gas in the State, and examined all the burners to use before making a selection.—Ridgway Advocate.

—The Kline Gas Burner is said by those who have used it, to give a heat much like coal. Before this invention was put on the market, it was found that gas ruined stoves in a short time and overheated the top of the room, leaving the air cold below; but no complaint of this kind has come where Mr. Kline's invention has been used.

—The Tionesta shooting club acknowledge the receipt of invitations from the Sportsmen's Club of Franklin to attend a tournament there on the 30th inst., and 1st prox. Our club hasn't fully decided upon going as yet but if it does it will likely keep the matter quiet, lest other clubs should be frightened off, and thus spoil the fun.

—Republicans, don't put off the payment of your State and County tax till the last day for fear you might forget it. Pay now, and run no risk of losing your votes.

—Jacob Smearbaugh's best team horse had his right hind leg mysteriously broken last Sunday. He was all right when fed in the morning, but at noon was found in the condition above noted. There were no evidences of having been kicked or hit, yet the bone just above the hock was broken nearly square off and quite badly shattered. The animal had to be shot.

—Pleasantville correspondence to Titusville Citizen: Alex Hopkins will be located at the Tionesta store in the future. We are sorry to lose the ever genial Alex., but commend him to Tionesta society to which he will prove a valuable acquisition.—W. P. Black is getting ready to drill two more wells on his property at Neilltown. Mr. Black has already six wells down with a daily production of about 25 barrels.

—Relative to the item in our Kellektiville correspondence last week concerning the postoffice, we are informed that there never was any regularly established office there, but the citizens by subscription had arranged for the delivery of their mail matter, which was kindly attended to by Mr. Andrews. This convenience will continue if the people feel inclined to have it so. There is no doubt but that there is urgent need of an office there, and we hope that Uncle Sam will soon furnish the good people with one.

—We take pleasure in calling attention of our readers to the advertisement of the Kline Gas Burner Co., in this issue. This is a subject that just now interests our town readers. A good burner for natural gas is going to be a joy every hour in the day, and after a thorough test of all the devices now in existence, the Kline Burner is pronounced the best by great odds. It is so constructed that the air and gas are thoroughly mixed before ignition, an imperative necessity before perfect combustion and the greatest heat from the least amount of gas can be secured. Smoke and soot are unknown where it is used. The Tionesta Gas Co. will furnish these burners when wanted.

—The "plain statement of facts" which the County Commissioners set before our readers last week, seem to have knocked the editor of the National so silly that he couldn't gather in time to reply last week, but promises a tremendous (?) earthquake this week! We hope the community will not be thrown into convulsions when the shock comes. By-the-way, we've been listening attentively for orders from the Commissioners to "take it all back," but as we have heard no such words from them, conclude that they propose to stand over just what they say, having the facts and indisputable proofs to back them up. Besides they are gentlemen with a wonderful lot of backbone, and to scare them by simple bluff and bluster is about the last thing any sensible person would attempt.

—Ballou's well known literary magazine continues to make us its regular monthly visit, and for general family reading, we do not hesitate to recommend it in every respect. Containing as it does a large amount of the most entertaining reading by the best authors, and handsomely illustrated. Subscription price \$1.50 per year, post paid. For sale by newsmen, price fifteen cents. G. W. Studley, Publisher, 23 Hawley St., Boston, Mass.

—Peterson's Magazine for October has a steel-engraving, "Consider the Lilies," that is alone worth the price of the number. There are two colored patterns for the work-table, one being an illustration in hammered-brass work now so popular; a stylish double size colored steel fashion-plate; and some fifty wood-engravings. The original stories, for which "Peterson" is famous, are even better than usual in this number, we already find hints of the great things "Peterson" is to do next year, and an offer is made to send a specimen, free, to anyone wishing to get up a club. The terms are but two dollars a year. Address the publisher, Charles J. Peterson, 306 Chestnut St., Philadelphia, Pa.

—Every citizen, upwards of 22 years of age, must have paid a State or county tax at least one month prior to the election and within two years next preceding the election to make him a qualified voter.

Fatal Boiler Explosion.

By the explosion of a boiler on the Hugh Dougherty farm, near Black's Corners, Clarion county, on Friday evening last, Mr. John Dougherty, was instantly hurled into eternity. An oil well was drilling on the place and Mr. Dougherty had gone for a few moments to watch its progress as has been his custom since it was started. He had been near the boiler and had just turned to leave when the explosion occurred that mangled his body frightfully and blew it a distance of several rods. Another spectator was just entering the boiler house and was blown a wonderful distance but was uninjured. Neither the tool-dresser nor the driller were hurt in the least. The boiler and immediate surroundings were converted into a total wreck. Mr. Dougherty was a single man, aged about 35 years, and lived on the farm with his aged parents, of whom he was the main support. He was noted as a frugal and industrious man, very much respected by his neighbors and acquaintances. His remains were laid to rest in Leponto cemetery on Sunday last.

Death of Walter Byrom.

It is with sincere regret that we chronicle the death of one of Forest county's highly honored citizens, Mr. Walter Byrom, of Byrom Station, Jenks township, which occurred at 2 o'clock a. m., on Monday, Sept. 20, 1886, after an illness of only one week from pneumonia. Mr. Byrom was the senior member of the firm of W. Byrom & Co., quite extensive lumbermen at the above mentioned place. During his residence in our county he has been very highly esteemed by all who knew him. He was a consistent member of the Presbyterian church, and was always active in the upbuilding of Christianity in his neighborhood. He was a member of the board of trustees of the M. E. Church at his place, and on the evening of the day of his death the members of the board met and passed appropriate resolutions of respect and condolence, regretting sincerely the loss of so valuable a member. Mr. Byrom was aged about 60 years, and leaves a wife and one daughter who was but recently married. His remains will be taken to Newark, N. J., to-day for burial.

Court Proceedings.

There is quite a full attendance at court this week, and business is progressing quite as well as could be expected. The following business has been transacted up to this morning: T. F. Ritchey vs. Walter Dawson, verdict for plaintiff for \$51.00. Orvilla R. Wolcott vs. Calvin G. Hinckley, continued.

Zaver vs. Rice, continued. McCloskey et al vs. Ryder et al, continued.

COMMONWEALTH CASES.

Com. vs. Levi Pierson; rape. Grand jury ignores the bill. Com. vs. Wm. Hazeltine; burglary, etc., three true bills.

Com. vs. Thos. Horrigan; burglary, etc., three true bills. Com. vs. J. M. Kepler; libel; on trial.

Mr. Hiram Tousley was appointed Constable of Howe township. The following foreign attorneys are in attendance: John G. Hall of Elk; C. W. Stone, S. P. Johnston, Warren; Jas. T. Maffett, B. J. Reid, Clarion; A. B. Richmond, Meadville; H. C. Campbell, Jefferson; J. H. Osmer, C. Heydrick, Venango.

Kellektiville Items.

Most every one has gone a-courting, and the place looks quite deserted. Mr. W. W. Kellektiv, of Boston, is here attending to his business interests. We presume he is pleased at the rapid advancement the works have made since his last visit.

Miss Anna Kiser of German Hill, is visiting Mrs. C. M. Whiteman. Mr. James Gilfillan, the best millwright in the country, is doing some work on the Salmon Creek Mill, at present.

Andrew Small, with team and men, started this morning for Marionville, near where Mr. S. has taken a job of stooking the new mill being put in by F. M. Reck, for Horton & Co.

Mr. Gilger, the picture man, pulled stakes this morning and left for Balltown. If he does as well there as he did here he can soon retire from the business with full pockets.

Another arrival in town—a daughter at Preston McCollough's. ZEKE.

Committee Meeting.

A very full attendance of the Republican County Committee was had at Chairman Shawkey's office last evening. The ensuing campaign was fully discussed, each member giving a very flattering account of the outlook in his township, which showed a well united party. Vigilance Committees for each township were appointed whose duty it will be to co-operate with the regular County Committees in getting out the full vote, and assist him in the general work of the campaign. A lively interest in the arrangement of details by all present which augurs well for success at the approaching election.

Special Delivery of Letters, &c.

Every postoffice in the United States and Territories and the District of Columbia is, by act of Congress of August 4th, 1886, designated as a special-delivery office, to take effect and be in force on and after October 1st, 1886, when every postmaster will be held responsible for the immediate delivery of every article of mailable matter which may be addressed to his office, properly stamped with a special delivery stamp, such immediate delivery must be made to all persons residing or having a place of business within one mile of the post-office. The obligation does not extend beyond that distance, but the postmaster will be at liberty to make such delivery beyond such limits, whenever it is reasonably convenient, and it is commended to him as a proper thing to be done, as an accommodation to the sender. The hours within which immediate delivery shall be made shall be at least from 7 a. m. to 7 p. m. and further until the arrival of the last mail, provided that such arrival be not later than 9 p. m. Postmasters will be at liberty to make special deliveries on Sunday, but they are not required to do so.

List of Patents.

List of Patents granted by the U. S. Patent Office, to citizens of Pennsylvania, for the week ending Thursday, Sept. 16th, 1886, reported expressly for the FOREST REPUBLICAN, through the Patent Law Office of O. E. Duffy, 607 7th St. N. W. opposite the U. S. Patent Office, Washington, D. C.:

G. Allen, Franklin, sucker rod; E. C. Converse, Pittsburg, joint for gas mains; M. M. and W. B. Duy, Rowland, tricycle; P. Miller, Sharpburg, wire basket for cooking utensils; J. Nelson, Titusville, grain conveyor; D. B. Oliver, Allegheny City, making plates; Richard Pyle, Plymouth, car coupling; L. P. Rider, Pittsburg, regasse furnace; F. A. Smith, Steelton, ice making and refrigerating machine; G. Westinghouse, Jr. and F. Moore, Pittsburg, dynamo meter; M. Williams and S. W. Vaughn, Johnstown, joint for the bricks of ladle rods.

An Excellent Opportunity.

We have arranged with the publishers of the American Farmer whereby we are enabled to offer that excellent journal to all new cash subscribers to the REPUBLICAN, and to all present subscribers who will pay up all arrears and a year in advance, at an advance of only 25 cents. The price of the American Farmer is \$1.00 per year, and cannot be had except through us at a less cost. It is a sixteen-page Agricultural Magazine, published by E. A. K. Hackett, at Fort Wayne, Indiana, and which is rapidly taking rank as one of the leading agricultural publications of the country. It is devoted exclusively to the interests of the farmer, stock breeder, dairyman, gardener, and their household, and every species of industry connected with that great portion of the people of the world, the Farmers. They cannot well get along without it. It puts new ideas into their minds. It teaches them how to farm with profit to themselves. It makes the home happy, the young folks cheerful, the growler contented, the downcast happy, and the demagogue honest.

—Republicans should not fail to pay their State and County taxes before October 2d. Better pay 'em right away and not take the chances of forgetting before it is too late.

—Use Electric Light Flour, the best in the world for the money. Ask your grocer for it. my5.

—For fall trade—Underwear, Shirts, Caps, Hardware, Fresh Groceries, Canned Goods, School Stationery, Grapes, Flower Pots.

A nice lot of pine timber, sufficient for all building purposes on the place. Will be sold on easy terms. For particulars inquire at this office.

DIED.

DIED.—Sept. 4, 1886, of cholera-infantum, Edith Viola, youngest child of Mr. and Mrs. G. W. Zents of Tionesta township, aged about 14 months.

IN MEMORY OF EDITH VIOLA ZENTS.

Gently fold the little hands Across thy pure white breast; The little heart that beat in love Lies cold and still in death. The little bud so bright and fair, To wither and to die, Will bud and blossom in the light Above the bright blue sky.

And while on thy loved form we gazed, Our hearts with sorrow wringing, The angels bright all robed in white Their joyful praises singing.

There's light above the starry sky— A light that's shining ever, Where friends may hope to meet again And sing His praise forever.

A little sister gone before, And in the grave yard sleeping, While two are lying side by side The angels are watch-keeping.

Then let us dry our tears of grief; Our eyes are dim with weeping; The little babe has gone to God, And in his arms is sleeping.
