LOCAL AND MISCELLANEOUS.

The roads in these parts are getting dusty again. Mr. J. C. McMullen of the Petroleum Age is in town to-day.

Oil market closed yesterday '65. Opening this morning at 65 1/2. Flannels and Dress Goods reduced at H. J. Hopkins & Co.'s.

Sheriff Agnew and family have returned from a two week's visit to Mrs. Agnew's old home in Indiana, Pa.

Miss Maude Davis will take a limited number of pupils at her home, after Oct. 20th. Terms \$1.00 a lesson.

Mr. A. B. Kelly's new mansion is rapidly nearing completion and will be ready for occupancy in about three weeks.

H. J. Hopkins & Co. have an extensive line of Dress Goods. You can get just what you have been looking for at the lowest possible prices.

Conductor Fulton of the B., N. Y. & P. Road, came up last Saturday and returned in the evening with a very handsome string of black squirrels.

The Chicago Anarchists must hang on the 31 of December, if the Supreme Court don't grant them a new trial, which doesn't seem likely at present.

The past week has been one of the loveliest in the weather line that could be imagined. What month in the year is pleasanter than October, when it is pleasant?

Where did you get those elegant fitting shoes? Why, at H. J. Hopkins & Co.'s, certainly; they can fit anybody.

The funeral of Mr. J. B. Gerard's little boy, who was scalded to death by the boiler explosion at Stewart's Run, mention of which we made last week, took place here on Thursday last. He was aged seven years, five months and 24 days.

The Presbyterian society at Tylersburg extend a special invitation to the members of the Tionesta congregation to attend the dedication of the new church at that place next Sabbath. Rev. W. F. Wood, of South Oil City will preach the dedicatory sermon.

Hon. Peter Berry has been lying in a critical condition at his home in Balltown, for the past ten days, with a severe cold, which we understand has developed into congestion of the brain. We hope with his many friends to hear of his speedy improvement.

S. G. Hartman will, we understand, go to Clarion in the near future to take charge of the store of J. B. Pearsall, who is in poor health and has decided upon absenting himself from active participation in business for some time.—Brookville Democrat.

E. E. Higbee, Supt. of Public Instruction at Harrisburg has appointed Thursday, October 28, as School Arbor Day to be observed by the schools of this State. He thinks 100,000 trees, shrubs and vines were planted last Spring and expects more this Fall.

Mr. H. W. Roberts was in town a few hours last Thursday evening. "Hab," still retains the responsible position of superintendent of the carpenter work of the Buffalo division of the B., N. Y. & P. R. R., which takes in all the road between Oil City and Buffalo.

Hon. J. H. Wilson of Clarion, has received the Democratic nomination for State Senator in this, 38th district, but he isn't elected yet, although there is some likelihood he will be when election day comes, the district having a natural Democratic majority of about 1600.

We are headquarters for Boots, Shoes and Rubbers, Men's, Ladies, and Children's Underwear, Hose, Gloves, and Mittens, &c.

Shoot that bat, and go to H. J. Hopkins & Co.'s and get the latest style.

Last Saturday evening while Mr. and Mrs. Azro Copeland, of Stewart's Run, were returning from Titusville, Mrs. C. was in some manner thrown from the buggy in which they were riding, and had the misfortune to sustain the fracture of her left arm near the wrist.

The first snow storm of the season was on Friday last, October 1st, the first ice on the Sunday morning following. This may not be news just now, but in the near future it will be an interesting chronicle.—Clarion Jacksonian. We had ice in those parts nearly half an inch in thickness at the same time, but no snow.

Mr. Daniel Saulsiver, for many years a resident of Tionesta township, has purchased the Weaver farm near Tylersburg, Clarion county, and will take possession of the same this week. We regret exceedingly to lose so good a citizen from our midst, but must content ourselves with the thought that our loss is Clarion county's gain. Our best wishes for success go with Mr. S.

For the past week a most brilliant light has shown from the top of Hopkins & Co.'s store, having been placed there by the Gas Co. It throws out such a wonderful light as to handsomely illuminate the streets in all directions, and our Borough dads are considering the feasibility of having four or five of this description erected instead of the smaller ones first talked of. It seems to be the general impression that four torches of this size will light up the town to better advantage and be cheaper than any other kind, and certainly if this one can be taken as a fair test, the impression is correct. Let's have 'em.

DeVoe, the prophet, thus sums up the balance of the week: Wednesday, frost and foggy; Thursday, clear and pleasant; Friday, clear and warm; Saturday, cloudy and warm. In connection with his weekly prophecy, DeVoe ventures a prediction as to the weather we are to have this fall and winter. Claiming to predict from indications of natural law, he says: "We will have a remarkable pleasant fall, and your farmers will be able to plow right up to the first of December, with the exception of a day or two about the 18th of November. On the third day of December winter will set in with a snap, and everything will freeze like a rock and remain so till next spring."

The prospects are good for extensive oil developments in this section within the next year. A syndicate has been formed which has leased the extensive Collins tracts, consisting of about 9000 acres, and the Lacy lands containing about 5000 acres, both in Green township, and will give them a thorough test. The parties are all experienced and successful operators and producers, and there will be no boy's play about these developments. They are confident of opening up a new oil field, and if they do it will be no small affair. We understand it is the intention to put down at least ten wells on the Collins lands and five on the Lacy lands within the next eighteen months; at any rate the most thorough tests will be made before the search is abandoned.

A very distressing accident happened to Albert Burdick, who lives at Kellettsville, on Saturday last, while out hunting with a comrade, Dan Baker. A squirrel had been "treed," and in order to scare it around the tree where Baker could get a shot at it, Burdick had picked up a cudgel and was making a racket in the brush at the foot of the tree. The squirrel started to come down and had got near the ground when Baker's gun, a 40-60 Winchester, was discharged, the ball entering Burdick's right hand at the little finger, and passing through came out at the thumb; having his hand clutched about the stick it was in consequence much more severely shattered than it otherwise would have been. Dr. Siggins was summoned, and found it necessary to amputate the little finger and thumb, and says the hand is so badly lacerated that it may be necessary to amputate it entirely. Mr. Burdick is a man of family which makes his condition all the more distressing.

Nearly every county in the State was represented at the meeting of the County Commissioners of the several counties in the State at Harrisburg last week. The object of the meeting was to discuss and devise means whereby a general uniformity of tax laws could be brought into existence, and the revision of taxes, etc., and for impressing upon the next legislature the importance of proper action looking toward better methods of taxation. For this purpose committees were appointed from the different counties. Forest county's efficient board was in attendance and took a deep interest in all the proceedings. Governor Pattison took an active part in the proceedings, and warmly commended the actions of the commissioners in thus coming together for the common good of the people whom they represented. The meeting cannot but result in lasting good to the citizens of the counties, which will make itself felt in the near future.

Peterson's Magazine for November is on our table, the very queen of lady's books. It has a charming steel-plate, "A Message From the Sea," a mammoth colored fashion-plate, a portrait of Ann S. Stephens, some fifty other illustrations, and several original stories of unusual power. With this number appears the Prospectus for next year. It promises even better things, and "Peterson" always keeps his promises. There will be over 1,200 printed pages, 14 steel-engravings, 12 mammoth colored steel fashion-plates, from 800 to 900 woodcuts, and six copyright stories. The terms are only two dollars a year. Now is the time to subscribe. Address Chas. J. Peterson, 306 Chestnut Street, Philadelphia, Pa.

Among the recent publications of music we find but two songs published by Ign. Fischer, Toledo, O., that are really worthy of special mention, Tenneyson's "Break, Break, Break, on Thy Cold Gray Stones, O Sea," music by the well known Frederick H. Pease, and Longfellow's "Stay at Home My Heart and Rest," music by W. A. Ogden, an author whose works rank among the most popular of the present day. Price of each 40c.

G. A. R. Notice. At the monthly meeting of Stow Post, No. 274, G. A. R., a circular from Gen. Lucius Fairchild, Commander in Chief of the National Encampment, was read, setting forth the calamities to certain citizens of Charleston, whose homes are injured or destroyed and need relief from abroad, and urging Posts to at once appoint a committee to collect what they can from their comrades and fellow citizens in cities, villages and on the farms, said sum to be applied to the relief of the worthy and necessitous, under proper management of the Mayor and Committee of the best citizens of Charleston. In pursuance of the above a committee was appointed consisting of five comrades, as follows: Kingsley, S. J. Setley, J. H. Berlin; Hickory, Jonathan Albaugh; Tionesta Boro and Township, S. S. Canfield and Daniel Black, who alone are authorized to collect and receive subscriptions.

An Excellent Opportunity.

We have arranged with the publishers of the American Farmer whereby we are enabled to offer that excellent journal to all new cash subscribers to the REPUBLICAN, and to all present subscribers who will pay up all arrears and a year in advance, at an advance of only 25 cents. The price of the American Farmer is \$1.00 per year, and cannot be had except through us at a less cost. It is a sixteen-page Agricultural Magazine, published by E. A. K. Hackett, at Fort Wayne, Indiana, and which is rapidly taking rank as one of the leading agricultural publications of the country. It is devoted exclusively to the interests of the farmer, stock breeder, dairyman, gardener, and their household, and every species of industry connected with that great portion of the people of the world, the Farmers. They cannot well get along without it. It puts new ideas into their minds. It teaches them how to farm with profit to themselves. It makes the home happy, the young folks cheerful, the growler contented, the downcast happy, and the demagogue honest.

WATCH, CLOCK & JEWELRY REPAIRING.

THE UNDERSIGNED would respectfully announce to the citizens of Tionesta and vicinity, that he has removed his watchmaking establishment from Tylersburg to Tionesta, in the room over Wm. Smeabraugh & Co.'s store, formerly occupied by Dr. Morrow as an office, where he is prepared to repair watches, clocks and jewelry. 37 years experience will enable him to give satisfaction. Give him a trial. R. RALLEE.

A STARTLING FACT.

It is not commonly known that a large proportion of the rheumatism and neuralgia extant is traceable directly to the diseased condition or imperfect action of the kidneys and liver; therefore a remedy which cures the resulting disease must have found and smitten the first cause. Many persons using Athlophoros for rheumatism and neuralgia have been surprised to find that chronic disorders of the liver and kidneys have also been greatly relieved and they have written for an explanation. The fact is, that the remedy acts directly on these organs, cleansing them from all irritating substances and regulating their action. Taken in connection with Athlophoros Pills this is, without exception, the most valuable kidney and liver remedy in the world, and will cure a large proportion of those who have these diseases.

Copake Iron Works, Copake, N. Y. For the last five years I have been subject to severe attacks of rheumatism which would cause me the most excruciating pain in my chest; was obliged to put myself under the doctor's care for two or three months at a time, and even then it was almost impossible to get any relief. The last time I was taken my son was at home, and I requested him to call the doctor, but he said he had heard of a new remedy for rheumatism called Athlophoros and advised me to try it. I did and you can imagine my surprise, was relieved of all pain after taking one bottle and have not been troubled since. It saved me quite a sum of money, and what is better, I was not obliged to endure weeks of suffering; would not be without it in the house. Have recommended it to others and it never fails to give relief. L. H. PATTERSON.

Every druggist should keep Athlophoros and Athlophoros Pills, but where they cannot be bought of the druggist the Athlophoros Co., 112 Wall St., New York, will send either (charge paid) on receipt of regular price, which is \$1.00 per bottle for Athlophoros and 50c. for Pills.

For liver and kidney diseases, dyspepsia, indigestion, weakness, nervous debility, disease of women, constipation, headache, impure blood, &c., Athlophoros Pills are unequalled.
