LOCAL AND MISCELLANEOUS.

—Election next Tuesday.

—Oil market closed yesterday 65 1/2.

—Beware of Roorbacks of every description.

—The time is here when we may expect a "spell of weather" at any moment.

—Geo. Holeman has a winter's job of taking out ties for G. W. Robinson, on the Sickles property.

—Mr. Ritchey has the credit of slaying the first venison this season in these parts, a fine five pronged buck.

—Mr. Henry Sibley, of Edinburg, is here on a visit to friends and relatives, who are always glad to see him.

—Miss Maud Davis, of Tionesta, Pa., arrived in this city this afternoon on a visit to Mrs. H. M. Irwin.

—Turn out to the election next Tuesday, Republicans, and put in a solid day's work for the ticket. Commence working now.

—Geo. Hood's neat little house, next to Wm. Hiebenthal's, is nearly completed and will be ready to occupy in a couple of weeks.

—The Edinburg News, one of our welcome semi-weekly exchanges, has been considerably enlarged and improved within the past week.

—In Erie county schools, says an exchange, a half holiday once a month is given pupils for perfect attendance during the preceding month.

—G. W. Bovard has had a new porch laid in front of his store, and is now enlarging the capacity of his granary, by an addition to its front.

—Not a single Republican should be absent from the polls next Tuesday. You cannot be too much impressed with the importance of this election. Get out early.

—Mr. and Mrs. H. G. McKnight and two sons, Mrs. Jack and Miss Kittie Taylor, of Oil City, were the guests of Mrs. and Mrs. S. J. Campbell over last Sabbath.

—The Wesleyan Methodists will hold a quarterly meeting at the White Church on Stewart's Run, on Oct. 30 and 31. First services on Saturday evening. Rev. J. Case will be present.

—To-morrow will be Arbor Day, and everybody, that is, nearly everybody, should plant a tree. We notice, by-the-way, that Burrows, the tree agent is making his fall delivery just now.

—Prof. I. W. Patton, late teacher of Pennsylvania in Alfred University, N. Y., is in town and expects to conduct a class in penmanship here. We would advise all the young people to attend.

—The Nickle Plate road will have to pay dearly for the terrible sacrifice of life by the Silver Creek disaster. It is stated that it will require at least \$100,000 to settle the death claims incurred.

—Messrs. McKnight of the Blizard, and Huffnagle of the Derrick, made the fur fly off some of our Forest county squirrels last Saturday. They are both very clever sportsmen and brought in nice strings.

—Poles are being erected for the gas torches which are to light up the town. When these are in position, we venture the assertion that no town in the section will be more brilliantly illuminated than Tionesta.

—Last week Judge Wetmore shipped to his farm in Fauquier Co., Va., 44 head of thoroughbred stock, mostly young Durhams, including one Polled Angus. That's the sort of enterprise that will wake up old Virginia.—Warren Mail.

—Mr. J. T. Dale of Marion, Ohio, arrived in town Saturday evening last and remained until yesterday. He is looking well, and reports business in his line, the stove trade, fairly active and improving.

—Mr. Tibbitts, one of the Gas Company's plumbers, and his brother-in-law, Tom. Shea, who were called home to Cuba, N. Y., on account of the death of Mr. Shea's brother, about two weeks ago, have returned.

—Jake Siggins mistook the crown of Charley Bonner's hat for a black-squirrel one day last week, and now Charley carries two pellets of shot in the back of his head and one between the shoulders. Fortunately for both, the results are not serious.

—It is estimated that the loss to Butler county oil producers, by reason of the recent purchase of the Pittsburgh Independent refineries and pipe lines by the Standard Oil Co., would amount to \$1000 per day in case the latter should withdraw the premium now paid.

—Hallow E'en occurs next Sunday, so that the boys will be debarred of their usual sport, unless they adopt Saturday night, which wouldn't hardly be fair. It might be well to remind the boys, also, that it is best not to get too strong in cutting up their "didos," as serious results might arise.

—The numerous friends in this county of John H. McPherson, the affable gentleman who has written up so many insurance policies for Finlay's Agency, of Franklin, will be sorry to learn of his serious illness. We earnestly hope for his speedy recovery, and that he may soon be mingling with us again.

—W. C. Wilson, the famous Buckeye Blacksmith, of Kellettsville, sends us a very neatly forged tomahawk, "just for luck," and gives it as his opinion that we are sure of a big buck now. Well, we'll try it when the first snow comes, and if a handsome tomahawk will bring success, our "shanty meat" is as good as hung up. Thanks, Buckeye.

—De Voe, the man who generally gets at the wrong end of the machine when prognosticating the weather, gives the following as his opinion for the balance of the week: "Wednesday, sudden fall in temperature; Thursday, cold, with snow; Friday, sharp frosts and clear; Saturday, clear, pleasant and frosty." Now look out for the opposite.

—Miss Ella Cummings, of Lewistown, Ohio, who has been visiting at her uncle's, Mr. John Cromer, of Fox Creek, Green township, returned to her home on Wednesday last, being accompanied as far as Oil City by her cousin, Miss Ella Cromer. She came overland in a buggy with Mr. Levi Cromer, who had been in Ohio visiting about three weeks ago.

VOTE for Beaver. Davies. Norris. Stewart. Osborne. Maffett. Young. Randall. Fitzgerald. Whittekin. Morrow. The best ticket in the field.

—Columbus Miller, of Sewickley, Pa., holds the theory that natural gas is confined in the earth in a fluid state and he has just filed a caveat for a patent, which is designed to conduct this fluid to the surface and into receptacles for its preservation. If this theory should prove correct it will be the greatest discovery of the age, as the fluid brought to the surface and confined at a pressure of say 600 pounds to the square inch, can be utilized to an inconceivable extent as fuel. A locomotive, for instance, with a few gallons of the fluid would have a supply of fuel sufficient to run it from Pittsburgh to Chicago, and an ocean steamer would require only a few barrels to make the trip to Europe. A test of the theory will in all probability be made at an early day.

—Miss Maude Davis will take a limited number of pupils at her home, after Oct. 20th. Terms \$1.00 a lesson.

BUCKLEN'S ARNICA SALVE. The best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by G. W. Bovard.

—The "Red Book" as usual makes its appearance just when wanted, and the State edition this year abounds with statistical information of the character now most in demand. The little publication has become the standard political text-book, and not only is it of unquestioned authority as an authority upon election results, but is a model of clean and most artistic typography. As of old it is sent without money and without price, by inclosing stamp to C. K. Lord, Baltimore, Md.

—Ballou's Magazine for November. No magazine which comes to this office has improved as this has within the present year. It is typographically one of the best printed monthlies of the day, and its contents are of a high grade of excellence. It is mostly a story magazine; but its fiction is cheerful and bright in tone. As the season is now approaching when people are thinking of their winter reading, we would call their attention to this well-known and meritorious magazine, as well worthy their patronage. Subscription price, \$1.50 per year, post-paid. It is published by G. W. Studley, 23 Hawley St., Boston, Mass.

Sickening Inconsistency. Mr. Maffett, our next Congressman, is charged with being in league with the so-called Money Power because he happens to hold some stock in the First National Bank of Clarion. We know this is an awful crime on the part of Maffett, and it must read the very heart of Dr. St. Clair to think of the monstrous assumption of a National banker running against him, the champion of the oppressed laborer, of anti-monopoly and anti-discrimination, for Congress. But how long ago is it since this same anti-National banker, anti-Monopolist and anti-Discriminationist was making speeches for National Banker James Mosgrove, of Kittanning? Mosgrove, at the time the Doctor was tearing over the District in his behalf, was sitting child like and bland in the President's chair of the First National Bank of Kittanning, "loaning money at exorbitant rates," and as Boss of the Kittanning Rolling Mill, was opposing labor to his heart's content! And St. Clair was up in Clarion and Forest and Jefferson proclaiming Mosgrove as a Saint and that he was his prophet! And down here in Indiana the News (St. Clair's paper) is yelling itself hoarse in denunciation of Maffett as a National Banker, and cursing monopoly and the oppressors of labor; while Mosgrove, still President of the First National Bank of Kittanning, is up in Clarion urging the nomination of St. Clair, and securing him the nomination, is working night and day for his election!

There are few "rackets" that the Doctor is not capable of "working" but really to make things jibe he will have to call a halt on the Kittanning Globe and News. Mosgrove, the National Banker, can't straddle St. Clair and these papers much longer, even if he has big feet and lengthy legs.—Indiana Messenger.

A Sad Accident. On the fifth inst., at Richburg, N. Y., a bright little daughter of M. A. Hawley, son-in-law of our former townsman, J. N. Tietzworth, choked to death on a large lima bean, which she had got into her mouth while at play. A physician was called and treated the child and it apparently grew better, until the following Thursday, when the doctor pronounced the child in a helpless condition unless it could be relieved of the obstruction by an operation. Additional medical aid was procured and the operation attempted, but before its completion the little spirit took its flight. The bean was finally found in one of the air tubes leading to and within an inch of the lungs.

OUR DARLING. Our dear Bertha has gone from us, She has faded like dew drops away; The Angels of Death they have called her To the realms of endless day. This lovely bud, so young, so fair, Called hence by early doom, Just came to show how sweet a flower In Paradise would bloom. There, in the Shepherd's bosom, White as the driven snow, Is the little darling we missed one day From our fond embrace. She was but as a smile, Which glistens in a tear; Seen but a little while, But, oh! how loved, how dear! We only know that thou hast gone, And that the same returnless tide Which bore thee from us, still glides on, And we, who mourn thee, with it glide.

Excitement in Texas.

Great excitement has been caused in the vicinity of Paris, Tex., by the remarkable recovery of Mr. J. E. Corley, who was so helpless he could not turn in bed, or raise his head; everybody said he was dying of Consumption. A trial bottle of Dr. King's New Discovery was sent him. Finding relief, he bought a large bottle and a box of Dr. King's New Life Pills; by the time he had taken two boxes of Pills and two bottles of the Discovery, he was well and had gained in flesh thirty-six pounds. Trial bottles of this Great Discovery for Consumption free at G. W. Bovard's.

Ladies Wanted.

A lady agent is wanted in every city and village; also ladies to travel and solicit orders for Madame Wood's Corsets and Corded Corset Waists, Tampico Forms, Hose Supporters, Steel Protectors, Ladies' Friend, etc. Agents are making from Twenty to Fifty Dollars a week. Send for circulars and price-list to B. Wood, 64 South Salina St., Syracuse, N. Y.

The Verdict Unanimous.

W. D. Sult, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of Rheumatism of 10 years' standing." Abraham Hare, druggist, Bellville, Ohio, affirms: "The best selling medicine I have ever handled in my 20 years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the record is unanimous that Electric Bitters cure all diseases of the Liver, Kidneys or Blood. Only half a dollar a bottle at G. W. Bovard's Drug Store.

An Excellent Opportunity.

We have arranged with the publishers of the American Farmer whereby we are enabled to offer that excellent journal to all new cash subscribers to the REPUBLICAN, and to all present subscribers who will pay up all arrearages and a year in advance, at an advance of only 25 cents. The price of the American Farmer is \$1.00 per year, and cannot be had except through us at a less cost. It is a sixteen-page Agricultural Magazine, published by E. A. K. Hackett, at Fort Wayne, Indiana, and which is rapidly taking rank as one of the leading agricultural publications of the country. It is devoted exclusively to the interests of the farmer, stock breeder, dairyman, gardener, and their household, and every species of industry connected with that great portion of the people of the world, the Farmers. They cannot well get along without it. It puts new ideas into their minds. It teaches them how to farm with profit to themselves. It makes the home happy, the young folks cheerful, the grower contented, the downcast happy, and the demagogue honest.

MARRIED.

McDONALD—LUSHER.—At the residence of David Clark, Poland, N. Y., Oct. 12, 1886, by the Rev. M. M. Campbell, John McDonald and Miss Alice Lusher, both of East Hickory, Pa.

WENTWORTH—DOTZNER.—At the residence of the bride's parents on October 20, 1886, by Rev. B. F. Feit, Mr. J. D. Wentworth and Miss Emma Botzer, all of Tionesta township, Forest Co., Pa.

TIONESTA MARKETS.

Table with columns for CORRECTED EVERY TUESDAY, BY RELIABLE DEALERS. Lists prices for various commodities like Flour, Corn, Beans, etc.

A SWINDLER

does not refer possible purchasers to his victims. The Athiophoros Co. gladly refers sufferers from rheumatism, neuralgia, sciatica, nervous or sick headache, kidney and liver complaints to those who have been cured of these diseases by Athiophoros, and will furnish names and addresses of many such persons to those desiring them. Athiophoros is the only remedy for these diseases that can stand such a test.

A. L. Thomas, Cuba, N. Y., says: "My son, J. M. Thomas, had been suffering from rheumatism for several months. Athiophoros relieved him of the pain, and reduced the swelling of the joints, and the lameness entirely disappeared. I have seen those having neuralgia cured by taking one dose."

A. Beard, Mt. Kisco, N. Y., says: "I have been troubled for some time with sciatica and rheumatism, brought on by working in a damp place. I could find no remedy in medicine I was using, until I tried a bottle of Athiophoros, which gave me immediate relief."

Mrs. Alfred Thurston, 42 North Main Street, Wilkesbarre, Pa., says: "I am not troubled with rheumatism now, since using Athiophoros. I believe, should it in any case fail to relieve and permanently cure, the cause would be that the directions were not faithfully followed."

J. J. Savitz, Nazareth, Pa., says: "I gave two bottles of Athiophoros to my sister, and she has entirely recovered. She was afflicted with inflammatory rheumatism and St. Vitus' dance, and although we had two of the best doctors, she gradually grew worse. She would scream from pain night and day. I heartily recommend it."

Every druggist should keep Athiophoros and Athiophoros Pills, but where they cannot be bought of the druggist the Athiophoros Co., 112 Wall St., New York, will send either (carriage paid) on receipt of regular price, which is \$1.00 per bottle for Athiophoros and 50c. for Pills. The liver and kidney diseases, dyspepsia, indigestion, weakness, nervous debility, and all diseases of women, constipation, headache, impure blood, &c., a Athiophoros Pills are unequalled.
