# CARRIES THE STATE BY AT LEAST 50,000!

THAT SAME OLD COON."

### BIG GAINS ALL ROUND.

The elections in Pennsylvania yesterday show that the Republican ranks are still as solid as a rock, the entire State ticket being elected by from 30,000 to 40,000 majority, and it is believed that one or two Congressmen have been gained.

A private dispatch from A. E. Patton states that his father, Hon. John Patton, father of Mrs. M. W. Tate of this place is elected to Congress in Curtin's strong Democratic district, over J. K. P. Hall, Democrat, of Elk Co. This is one of the greatest victories of the elections.

The result in Pennsylvania is a heavy vote was polled and the Republican plurality is estimated at about 40,000. McCullough is probably elected in the Twenty first district, although Rafferty's vote was smaller than had been expected.

In Ohio there are large Republican gains, which are especially marked in Cincinnati. Hurd is again defeated in the Toledo district, and the Republicans claim thirteen districts, conceding five to the Democrats, and three in doubt.

In West Virginia the Republican gains have been so large that the Legislature is claimed. Goff's majority in the First district is largely increased.

In New York city George polled a very large vote, but Hewitt has a plurality of about 23,000, while Roosewelt is third in the race, indicating that there was a transfer of Republican votes to Hewitt in order to defeat George.

In New Hampshire there is no election by the people of a Governor, but the Legislature is Republican.

In Massachusetts the race between Andrews (Mugwump Dem.) and Ames (Rep.) is very close.

California has gone Republican.

The returns are not complete enough to indicate the result as to the majority in Congress. Republican losses are reported in some districts and gains in others, but there is nothing to indicate that the Democratic control of the House will be impaired.

### MAFFETT'S MAJORITY 2,000.

From best figures obtainable at this hour, it looks as though James T. Maffett walloped Thos St. Clair around the lugs with a majority of about 2000. The Democrats seem considerably elated over the fact that Thomas will not likely be nosing around their future conventions for any more nominations.

ROBERTS ELECTED.

Dr. Roberts of Titusville, against whom a bitter war was waged, has been elected to Congress from the 26th district by a good majority.

GREAT SCOTT! W. L. Scott has slid back into Congress after greasing up the district well with bull butter, defeating Capt. Mackey by about 600 majority.

Another year has rolled by, and another hotly-contested election passed among the things that were, and prayer. On that day let all our people another signal victory added to the Republican list. The weather was everything that the hottest politician ruler of the universe for our continued could wish for, and the figures show that everybody, or nearly everybody, prosperity throughout our land, for took a day off to go out and vote. In Forest county the contest was very animated, each party being particularly well organized, and fought the battle our county centered wholly on the Assembly question. The Republicans recognized him as a foeman worthy of their steel. In Charles A. Randall the Republicans had an equally good and strong candidate in all respects, and so the fight was virtually narrowed down to a question of politics; whether little Forest should follow her past record in sending to Harrisburg a Republican, or whether she should break away and send a Democrat. She concluded, by a good majority, to stand firmly by her pre-vious record. Both candidates worked assiduously, but with every courtesy, majority, to stand firmly by her preand in this respect the campaign was one of the pleasantest, generally speaking, that we have witnessed in a great many years. Had it not been for the candidacy of Mr. Toby, Prohibitionist, three-fourths of whose vote came off Mr. Randall, his majority would have been very materially in-

That rheumatism and neuralgia are so prevalent? This question has not been satisfactorily answered, but it is certain that these diseases are not only the most painful but among the most common, and some member of nearly every family in the land is the victim of one of these dread land is the victim of one of these dread tormentors. Ladies seem to be peculiarly liable to neuralgic attacks, which, in the form of neuralgic headache, pain in the back, or nervous pains are of constant occurrence. Not until the discovery of Athlophoros had any remedy been found for either rheamatism, neuralgia or nervous headache, and they were generally conceiled to be incurable, but Athlophoros has been proved to be not only a certain cure for these diseases, in all their varied forms, but a sife remedy. If, in the use of Athlophoros, the bowels are kept freely open, its success is certain, and to aid this, open, its success is certain, and to sid this, Athlophoros Pills are recommended, which, while providing the necessary cathartic, will be found to be a valuable sid to the action of the medicine. Athlophoros is no experiment, it has been tested

The Athlophoros Pills were originally prepared as a remedy for use in connection with Athlophoros, for rheumatism and nouralgia and kindred complaints. Used in connection with that remody, they are a certain cure for either of these very common and distressing diseases. They have also been found to be an invaluable remody for any and all discuses urising from vitiated blood or general debility. They are es-pecially valuable for nervous debility, blood poisoning, dyspepsia, distress after enting, poisoning, dyspepsia, distress after earing, headache, constipation, loss of appetite, and all stomach or liver troubles. For diseases of women they are invaluable. Those pills are perfectly harmless and may be safely used by adults or children.
