CONGRESSIONAL-OFFICIAL.

The Return Judges for this (25th) Congressional District met at Kittau ning yesterday and canvassed the vote of the district. Following are the of ficial figures :

In Armstrong county, his home, 189 in Clarion, 314 in Indiana, 2 in Jefferson.

It is plain to every man who can see anything that Mr. Wolfe's candiducy injured rather than helped the Prohibition campaign. Some people suspected from the beginning that such would be the result of a canvass by a man who was one part temperause reform and nine parts personal revenge.

ONE of the most gratifying results of the late elections is the carrying of Indiana by the Republicans, who elect their state ticket by safe pluralities, and make a gain of three Congress. mear The legislature is still in doubt, and there may be some contests, as it is bound to be close on one side or the all the other Democrats, Mr. Cleve other. Count Indiana for Blaine in land has nothing to say 1888.

PENNSYLVANIA'S Congressional d 1 egation holds its own in political standing, being twenty Republicans in view of this, that Mr. Vilas' suna and eight Democrats. We lose the torial boom will be sent to the dead 26th and 12th districts, and gain the 21st by electing McCullough, and the 20th by the election of John Patton of Clearfield, over J. K P. Hall of Elk. The exact complexion of the next Congress cannot be ascertained at present, but the Democratic major ity has been greatly reduced, and will perhaps not be over 8 or 10 at the outside.

THE history of the first year's oper tion of the marriage license law is full of interesting incidents. One result is very noticeable. It has increased the revenues of the Jersey parsons who live near the Pennsylvania line. In Camden the Roman Catholic clergy men refuse to marry hasty couples from Philadelphia, but many of the protestants are not so conscientious. One parson stayed home during his summer vacation and made some \$300 in fees. Another has cards, giving his residence and minute directions how to get there distributed on all the ferryboats plying between Philadelphia and Camden .- Blizzard. IT IS now ten years since Blaine has been a standing Presidential candidate, years old, have been troubled with kidney complaint and lameness for many years His popularity seems to grow by the could not dress myself without help. Now I and free from all pain and soreness, and opposition to him. Those who dislike an able to do all my own hous work. I owe my thanks to Electric Batters for havhim are few, bitter and have lost more happiness and composure merely in pletely all disease and pain." Try a bot-pletely all disease and pain." Try a botattacking him than he has in submit ting to their attacks. His political opponents, as well as his friends, can admire the gentility of his address. The soft answer which turns away wrath he has excelled by not answer · ing at all. He leaves to small minds and forked tongues the monotony of their abuse, and goes at his work as a party leader, an organizer and public orator with a calmness and a glow which is one of the healthiest expressions of the present day .- Gath's Letter in Cincinnati Enquirer. IT is too bad the way John Jarrett and other bold, bad protectionists went out into Horizontal Bill Merri son's district and started the ball a rolling that eventually ran over Mr. Morrison and crushed the political life out of him. The Democratic Free Trade newspapers and Mr. Morrison's friends are complaining about it, and say that Jarrett and the Pennsylvania Protectionists ought to be ashamed of their work. Perhaps they are. Per haps they feel ashamed because they didn't help to hury Morrison so deep that he would usver have been heard of again. At least that is what they should have done. But the Democracy should realize that the Pennsylvania Protectionists and a right lively little fight on hand in their own State, and the fact that they found time to go outside and knock out Mr. Morri son is very much to their credit. The Republicaus of Peausylvania get tired when they are expected to carry every State in the Union, but they are willing to try.

THE ides of November took the hides off the Free-traders.

CHAUNCEY FORWARD BLACK'S DAME ward Black.

"WE have met the enemy," says the Democratic Buffalo Courier, "and the most numerous parts of us are his."

THE Massachusetts mugs wumped as usual, but in vain. The stone fence is still standing and the Mugwump head did not prevail against it.

COLONEL WILLIAM HADLEY BAR NUM will not break into the United States Senate from Connecticut this year. This particular Barnum has no show.

THE tariff tinker is not as handsome as he was, but the man who says he doesn't know a good deal more is in danger of being called a liar and villsin.

SPEAKER CARLISLE'S majority go shaved down to a trifle over 700 in i district which two years ago gave hin over 6000. The instrument used wa a protection rezor.

THE state of Iudiana had no us for the Democrats this year. The vot out there indicates that Uucle Jo McDonald was the only Democrat in the state who voted.

THE President is receiving no call ers nowadays except those having act ual public business to attend to. Lik

THE Wisconsin Republicans mad heavy gains in Postmaster Genera Vilas' home. It is more than likely letter office.

"How about 1888?" asks the cheerful Democratic organ, the Wash ington Post Well, esteemed contemporary, 225 electoral votes for Blain is about the size of 1888 as viewe from this latitude.

THE President turned one Demi cratic office holder in Missouri out his place for permicious activity, an a week later the country, acting of his example, turned out several hur dred others. Mr. Cleveland's polic in this line seems to be an unmitigal ed and vociferous success.

MEANWHILE it must be borne in mind that while Secretary Bayard is "greatly pleased" with Envoy Sedg wick's official report, he studiously declines to make the document public. Mr. Bayard's refusal to take the coun try into his confidence threatens to rank as the greatest feat of his career as a diplomatist.

Pennsylvania's Official Vote.

The following table gives the official vote of Penusylvania in all but four has been changed to Chauncey Back. countles, -Butler, M ntour, Philadelphia and Westmoreland. In these the pluralities are given from the official. It will be observed that Beaver's plurality is 42,333, which the revised rewill also have a raiff, if same

DRIVING ALL OTHERS FROM THE FIELD. IS

BECAUSE-Its construction is such that it secures PERFECT COMBUSTION. and avoids all Soot and Lampblack. It will pay for itself in a short time as it will SAVE HALF THE LIFE OF THE STOVE by applying the heat low down and directly against the fire-box.

The Electrician of the Penn. R. R. Co., says of it :-

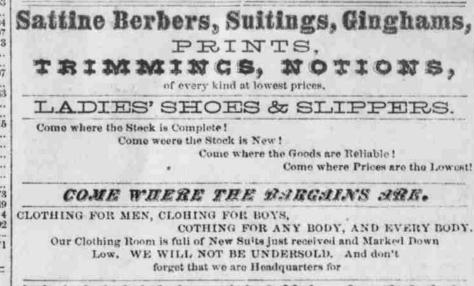

"I have been using the Kling Gas Burner in my cooking-slove for the last six months, and during that time there has not been a particle of soot or lamp-black formed in the stove or on the bottom of the cooking utensils, brought directly in contact with the flame. I can conscientionally recommend it as being the best in the market. I would use no other as long as I could procure the Kline Gas Burner. "J, S. RICHARDS,"

ANOTHER SUDDEN DEATH.

Hardly a week passes without the men tion by the newspapers of sudden deaths, and of late the alarming frequency of the statement that death was caused by rheumatism or neuralgia of the heart cannot fail to have been noticed. In all probability many deaths attributed to heart disease are caused by these terrible diseases, which are far more dangerous than is generally considered. Is there any positive cure? The best answer to such a question is given by those who have been cured by the use of Athlophoros.

Greenfield, Mass., May 19, 1886. I have been troubled with rheumatism in one of my knees for years, being at times haid up for several days. Athlophoros has entirely cured me. It has also cured two friends of mine who were the worst cases I ever saw, one of them a young man only 16 years old, who was so had the doctors gave him up. Two bottles of your remedy entirely cured him.

GEO. W. SPUBE, Mg'r Diamond Soap Co.

October 14, 1885. Two bottles of Athlophoros cured me of inflammatory rheamatism. My family physician advised me to take it, saying he had done all he could, but could not give me any relief; but Athlophoros drove it away, and I am happy to say it has never come back. My daughter was also cured by half a bottle after suffering the pangs of rheumatism. Mas. JANE DOWNEY, 24 Pleasant St., Waterbury, Conn.

Northampton, Mass., May 21, 1886, For many years I have been subject to rheumatism in its worst forms. During my last siege of sickness I was induced to try Athlophoros, and found it to be all it claimed to be, a cure for rheumatism. LEVI I. CLARK.
