

THE result of the elections brings out very prominently the fact that free trade leaders needed protection.

THERE are a good many guesses at General Beaver's Cabinet, but the General will have the last guess, and it will probably be the correct one.

THERE is a heap of consolation to the Democrats in their organs announcing that the party is in good shape for 1888. What they wanted was good shape for 1886.

A YOUNG American woman, who for the present refuses to divulge her name, has entered upon a thirty days' fast in Paris, under the surveillance of a committee. It is not expected that another fast girl will attract much attention in Paris, though.

THERE are many indications that Uncle Joseph E. McDonald, of Indiana, is preparing to break into the United States Senate again. The energetic old Hoosier evidently longs to get into a position where he can get his opinion of a half-and-half administration officially printed at public expense.

THE able Boston Herald is quite reluctant to believe that the tariff issue had anything to do with the defeat of Free-trade congressmen at the recent elections—just as reluctant, in fact, as the Missouri man was to believe that his waving a red flannel undershirt at a belligerent steer had anything to do with his being abruptly lifted over a six-rail fence.

WHEN it is recalled how anxious the Chicago Anarchists were to die and become martyrs to the great cause which they professed, their present efforts to escape the gallows assume an interest which is deeply mysterious. We suspect that the ambitious miscreants have gone over the ground carefully and bumped up against the conclusion that a live villain is a more enviable creature than a dead murderer every day in the week.

THERE is a strong likelihood that the new United States Senator from California will be that quaint old relic known as George Hearst. This gentleman did not shine with any dazzling effect during his brief service in the Senate last year, but the fluency with which he mixed a cocktail and invited the fellows around the Washington taverns to step up and take something stamped him as a patriot whose heart beat warmly for his native land. He seems to be the man that California is looking for.

BETWEEN the two factions of the Democracy, one of which asserts that all the party reverses in the recent elections were due to the Administration's tom-fool policy in distributing the spoils, while the other claims that they were the direct result of the flirtation with Free Trade, no Republican has either a right or an inclination to interfere. The duty of Republicans, so far as it relates to the present, is to bear witness to the passing funeral of bogus reform and quick tariff revision and see that the burying is done neatly and in order.—Phila. Press.

IN Union County, where Charles S. Wolfe was running for the Legislature, he appears to have received about all his votes from the Democrats. The vote for Governor was: Beaver, 2049; Black, 1406; Wolfe, 170. For Legislature the vote was: Glover, Republican, 1931; Follmer, Democrat, 793; Wolfe, Prohibition, 885. While the Republican vote for member of the Legislature is only 118 less than that cast for Governor, the Democratic vote for the legislative candidate is 608 less than for Governor. Wolfe's vote for the Legislature is 715 more than his vote for Governor; which shows that Mr. Wolfe was looking out for himself rather more than for his party.—Phila. Press.

THE Canadians are resorting to all sorts of tricks to get their clutches on American fishing vessels, stimulated thereto by the fact that of whatever fines are inflicted the informer gets half. Some of the methods lately employed in this despicable business have been so disreputable that even the average Kanuck revolts against them, and it seems probable that the Ottawa

Government will order the sums in which American vessels have been mulcted to be returned to their owners. If this is not done Mr. Bayard should take the matter in hand and insist that justice be done to our fishermen. Had he at the inception of these troubles shown a little more firmness in insisting upon fair play for our fishing vessels, the Canadians would not have been so bold or persistent in violating treaty stipulations.—Pittsburgh Chronicle.

IT IS WONDERFUL

how easily rheumatism begins, and how insidiously it grows in the system, until one is startled to find himself its victim in either the acute or chronic form. He then learns the fearful tenacity of its grip and the utter powerlessness of the ordinary remedies to give relief.

Probably no disease have physicians given more study, and none has more completely baffled their efforts to provide a specific; and until Athlophoros was discovered there was no medicine which would surely cure rheumatism, neuralgia and nervous or sick headache. Thousands of testimonials like the following prove beyond question that Athlophoros is the only reliable remedy, and that it will do all that is claimed for it.

Catskill, Green Co., N. Y. August 19, 1886.

I can recommend the Athlophoros to anybody that is in want of it. It has cured my mother who has had neuralgia all her life and also rheumatism. She says she is all free from pain now, and will not be without a bottle for twice the price. I gave a bottle to my brother who had neuralgia in the bowels and it fixed him in a few days. FRANK EDWARDS.

Rouses Pt., Clifton Co., N. Y. August 18th, 1886.

Two years ago this summer I was sorely afflicted with rheumatism in my right knee and left shoulder, and was induced by a friend to try Athlophoros. I used five bottles, got well, and have been comparatively free from rheumatism since. I have great faith in it, and have recommended it to my friends. So far as I know all who have tried it speak its praise.

R. HELLSON.

Every druggist should keep Athlophoros and Athlophoros Pills, but where they cannot be bought of the druggist the Athlophoros Co., 112 Wall St., New York, will send either (carriage paid) on receipt of regular price, which is \$1.00 per bottle for Athlophoros and 50c. for Pills.

For liver and kidney diseases, dyspepsia, indigestion, weakness, nervous debility, disease of women, constipation, headache, impure blood, &c. Athlophoros Pills are unequalled.

THE KLINE PATENT GAS BURNER,

IS DRIVING ALL OTHERS FROM THE FIELD.

BECAUSE—Its construction is such that it secures PERFECT COMBUSTION, and avoids all Soot and Lampblack. It will pay for itself in a short time as it will SAVE HALF THE LIFE OF THE STOVE by applying the heat low down and directly against the fire-box.

The Electrician of the Penn. R. R. Co., says of it:— "I have been using the Kline Gas Burner in my cooking-stove for the last six months, and during that time there has not been a particle of soot or lamp-black formed in the stove or on the bottom of the cooking utensils, brought directly in contact with the flame. I can conscientiously recommend it as being the best in the market. I would use no other as long as I could procure the Kline Gas Burner."
