LOCAL AND MISCELLANEOUS.

—Xmas and New Years next.

—Sleighbells, first of the season, this morning.

—Look out for Smearbaugh & Co.'s Holiday card next week.

—Oil market closed yesterday 78 1/2. Opening this morning at 78 1/2.

—Born, to Mr. and Mrs. Harvey Foreman, on Monday evening last, a boy.

—Mr. Orion Siggins of West Hickory paid our sanctum a pleasant call yesterday.

—James D. Davis came down from Warren to turkeyize at home on Thanksgiving.

—Tionesta merchants are beginning to trot out their holiday wares. Now's the time to advertise.

—Mr. Jas. M. Thomas, of Hemlock, Tionesta township, is the happy dad of an eight pound boy.

—Mr. and Mrs. James Herron, of Armstrong county, are visiting with the family of Mr. H. M. Foreman this week.

—Mr. and Mrs. S. D. Irwin returned to Tionesta this afternoon from a visit of a few days with relatives in this city.—Franklin News.

—Geo. Osgood, collector of Kingsley township, gives notice that five per cent. will be added to all taxes not paid on or before December 15th.

—Mrs. Albert Hayden has returned from a visit with relatives in Forest county, and she and her husband will remove to this city and go to house-keeping.—Franklin News.

—"A. J." Shriver and three other gentlemen killed a buck out near Hemlock last week which weighed over two hundred pounds. Every man had a bullet-hole in the critter.

—Mr. W. W. Walford has purchased a ten-acre lot in the north ward, and has lumber on the ground for the erection of a new dwelling. And thus Tionesta improves, surely.

—It is dangerous these days to write an item about the weather until fifteen minutes before going to press, and then due allowance must be made for changes while mailing the paper.

—The members of the Presbyterian Sabbath School met on last Sabbath and decided to have a Christmas Tree on Christmas Eve. All necessary committees were appointed, and it is expected to be the finest affair of the kind yet held in that church.

—Agreeable to the expectations of their friends here some of the deer slayers came down from Forest county yesterday for supplies, having already eaten what game they killed. They return to camp this morning. Guy Hecker is still with the party.—Der- rick.

—Sam. W. Calvin Esq., of Cooks- burg, this county, writes us a letter from El Paso, Texas, which will prove entertaining reading to his many friends in this section. Sam. is spending the winter in Texas for his health, which we are pleased to learn is improving.

—Thanksgiving Day was pleasantly spent by the people hereabouts, according to all appearances. The almost incessant falling of the "beautiful snow" seemed to add to the cheerfulness of an indoor gathering as the fumes of the roasting turkey were gently wafted through a comfortably filled room of guests. For it is a fact that 'most everybody had guests or were guests that day, and of course turkey was there also. Services were held in the Presbyterian church at 11 o'clock, and all the stores and business places were closed during a part of the day.

—All members of the fire company are requested to meet at the engine room to-morrow evening at 7:30 o'clock, to take action on furnishing and fitting up a room for the use of the department. Every member is expected to be present. By order of Dick Davis, Foreman.

—"The World's Exchanges" is the title of a late engraving by Root & Tinker, of New York, a copy of which, with the compliments of Messrs. Moore & Schley, Brokers, has reached our sanctum. It is a group of the exchanges of all the great money centers of the world, and is most handsomely executed and very attractive.

—Although not yet fully decided, Supt. Hillard states that the Forest county Teachers' Institute will be held not later than Jan. 3d, 1887, and probably earlier. Circulars giving dates and particulars will be issued in a few days, and the coming institute will be made an interesting and profitable one.

—Rev. Dr. D. H. Wheeler, President of Allegheny College, Meadville, will preach in Nebraska Saturday evening and Sunday morning, Dec. 4th and 5th; and in Tionesta M. E. Church Sunday evening, Dec. 5th. A good attendance at these meetings will doubtless be attracted, as Dr. Wheeler is one of the ablest ministers in the Conference.

—The law in relation to cigars is a strange one and we often see different versions of it. An exchange gives the latest after this manner: Every time the cigar dealer takes a handful of cigars from the box, sells one and puts the remainder in the box, he violates the law; he has no right to return those cigars to the box, and he could be punished for it.

—Some one either carelessly, maliciously or accidentally shot a hole into the gas main out near the wells on Saturday last, which caused a considerable leak and somewhat reduced the pressure. The hole was patched on Sunday without any shut-down, but the result might have been serious. This is dangerous business, not only to consumers, but to the perpetrators, and the party caught interfering in any way with the line is very liable to get a free ride to Allegheny-town.

—In our report of the accident at the hunters' camp on Salmon creek last week, some inaccuracies occurred. We were informed that the victim, O. D. Freeman, was a druggist at Findlay's Lake, was a brother-in-law of Mr. C. D. Baker, and left a wife and three children. This is not the case; he was a hardware dealer, a single man, and no relation to Mr. Baker, other than a favorite friend. These facts would seem to mitigate, to some extent, the sadness of the unfortunate affair.

—Miss Libbie Guenther, teacher of Newtown school, makes the following report for month ending Nov. 12: Number enrolled, males, 9; females, 7. Percentage of attendance, males, 92; females, 100. Those present every day during the month are: Harry, Frank and Arthur Rudolph, Marshal Catlin, John Paul, Henry Southworth, Flora and Helen Paul, Emma Rudolph, Grace Burdick, Rosa Eikenburg, and Maggie Southworth. Cora Catlin was present every day after admission.

—Forest Lodge, No. 184, A. O. U. W., elected the following officers for the ensuing term, at its regular meeting night last Friday evening: M. W.—L. Fulton. Foreman—L. Agnew. Overseer—John Sanser. Guide—Geo. Dunkle. Receiver—L. J. Hopkins. Financier—G. W. Sawyer. Recorder—J. E. Wenk. I. W.—R. Strucken. O. W.—Jake Siggins. Medical Examiner—Dr. Morrow. Representative to Grand Lodge—J. R. Clark.

—About all who took passage on the boats and barges which started from here a week ago last Sunday, have returned from Pittsburgh, having had an unusually long and tedious trip. Only one pair of barges made anything like a quick trip, and that one slid through as though it had been greased, making the run in a trifle over 30 hours. It was piloted by Ed. Dewoody and was about the quickest time on record. Barges are very slow navigators, if there is the least wind, but in "smooth sailing" they are rapid goers. The slowest time on record was made by J. B. Haggerty, who

started on the recent flood with a barge at Nebraska, six miles up the creek, at 9 o'clock in the morning and reached here just at dusk. Jim said he wasn't stuck on that kind of rafting, and declared that if he didn't die of old age before reaching the mouth of the creek he'd never attempt it again.

—In its oil report for the month of November the Derrick reports the Haight & Agnew well on 3195, Howe township, as doing 3 barrels. Grandin & Kelly well, on Fork Run, Kingsley township, dry. J. C. Welsh on warrant 5214, a 75-barrel. The Berry well on 5191, Hickory township, dry. Wheeler & Dusenbury have a rig up at Newtown. Shannon and Kelly have a rig up on warrant 5504, Green township. Barnum & Leisure, at Newmannville, are supposed to be down to the sand. Taylor & Torry have a well drilling somewhere along Beaver Valley, Hickory township.

—Last Sunday George Hazlet and Miss Sadie Allen, of Buffalo, went through the whirlpool rapids at Niagara in the torpedo shaped barrel used by Hazlet and Potts last summer for the same purpose. They were in the rapids and whirlpool five minutes and were taken out of the eddy on the Canadian side, just below the whirlpool, three-quarters of an hour later, in good condition. Miss Allen is a respectable girl, 18 years old, a petite brunette and very pretty. The time is fast approaching when this will be one of the features of an excursion to Niagara, and a two-fifty ticket will entitle the holder to a tour of the whirlpool with a pretty maiden as guide.

—The complimentary passes to newspaper men given by the managers of a recent county fair, in Michigan, read as follows: "This ticket, probably, has been paid for ten times over by the paper to which it is issued. It will be honored in the hands of any man, woman or child, white, black, red or yellow, who favors the association by presenting it. It is good for entrance and grand stand, and the bearer, if driving, will be entitled to pass a team free. This association recognizes the fact that its splendid success is owing largely, if not wholly to the notices so freely given it by the press, and while we cannot render an equivalent in cash we return our grateful thanks."

Borough Council Proceedings.

The Borough Council held a special meeting last Monday evening. Present, Bonner, Hopkins, Kinestiver, Proper and Randall. On motion, Randall chosen Burgess pro tem. Minutes of Nov. 8, '86, read and adopted. Bills of J. F. Proper, R. L. Haslet and T. F. Ritchey, for services as Borough Auditors for 1885-6, presented, approved, and orders ordered drawn for \$6, \$6, and \$2 respectively. In the matter of the bonded indebtedness of the Borough now existing, it was

Resolved, that an additional tax, not exceeding two mills on the dollar of the assessed valuation, said tax to be called a "Bond Tax," be annually levied for the purpose of liquidating the principal and interest of said indebtedness for twenty years.

Charles Bonner being present, and the consideration thereof having been received by him, it was moved that the deed for the Bonner building and lot be accepted by the Borough, and that the Secretary be instructed to have same recorded. Carried.

Moved, that an order be drawn in favor of A. B. Kelly for \$2.33, balance due him on Borough Order No. 66, dated Sept. 9, 1884, for \$200.00, this day paid him. Carried.

Moved that \$600.00 Boro bonds and an order of \$54.00, payable in cash on or before Jan. 1, 1887, be delivered to Sue M. Sharpe, and that Borough orders Nos. 94 and 95, dated July 1st, 1885, for \$318.00 and \$336.00 respectively, be lifted and cancelled. Carried.

Moved that \$200.00 in Borough bonds and orders for \$277.00, payable in one, two and three years, from Jan. 1, 1887, with interest, be delivered to Chas. Bonner, and that Borough orders now held by him amounting in aggregate to \$477.41, be lifted and cancelled. Carried, and orders delivered.

On motion Burgess pro tem. appointed Messrs. Clark and Bonner, committee of two to see after alterations of Borough building, with reference to place for Council Room.

Moved that Bonner transfer to Borough, the Insurance policy on building lately sold to Borough by him, also, all leases and rentals thereof. Carried.

On motion, Burgess pro tem. appointed Messrs. Hopkins, Proper and Kinestiver, committee of three, to report at next meeting on propriety and probable cost of lock-up.

Adjourned to meet Dec. 13, 1886. P. M. CLARK, Secretary.

LETTER FROM TEXAS.

ED. REPUBLICAN:—

Perhaps a few lines from this part of the U. S. might interest the many readers of your valuable paper. El Paso is located in the extreme Western corner of Texas, on the banks of the muddy Rio Grande river. High mountain peaks devoid of vegetation surround and guard it on all sides. Its population of six thousand souls, is made up of energetic Americans, Mexicans, Frenchmen, Jews, Negroes and Chinese. The Americans are engaged in banking, law, real estate, insurance, hotel, mining, hardware, school teaching, furniture and railway business. The Mexicans are common servants or laborers. One sees them mixing mortar, carrying brick, hauling coal, &c., for which they receive from \$25 to \$30 per month. The Frenchmen are engaged in mercantile business. The Chinese have a solid monopoly of the laundry business. They also act as servants and hotel cooks, as well keep many restaurants. The Negroes hold forth in shaving saloons, as well, run a minority opposition to the Chinese in laundry work. The Jews have almost absolute control of the dry goods, clothing, tobacco and wholesale liquor business. They are very courteous, active, business men, and are making money rapidly. The buildings of the city are mainly of brick. There are a number of good hotels whose rates run from \$2 to \$4 per day. Boarding house rates from \$40 to \$42 per month. The mine and ranch owners make the Grand Central Hotel headquarters. It is first class in every respect and has all modern conveniences. The "Pierson" is the family hotel of the city. Invalids make it headquarters. The proprietor and manager are very friendly, courteous gentlemen, and do all in their power to make their guests comfortable and at home. I advise Pennsylvania travelers to stop at this house. There is an American and Mexican street railway line connecting this place with the Mexican city of Paso Del Norte. It is paying large dividends. The streets of this city are paved with sand, cement and wood, and are 100 feet in width. There are many beautiful residences to be seen, occupied by persons of wealth. Also hundreds of adobe or mud houses occupied by Chinese, Negroes and Mexicans. They have a splendid brick Court House which cost \$130,000. It is headquarters for that voracious animal known as the lawyer. There are five churches here, Presbyterian, Methodist, Episcopal, Baptist and Catholic, the latter having the largest congregation. Theaters, saloons and gambling rooms are open week day and Sunday. Wholesale liquor dealers do an immense trade. Temperance has not yet been born. Real Estate Agents are doing a fair business, selling railroad lands, lots, and ranches. Lots 25x120 feet on El Paso and San Antonio Streets bring \$250 to \$350 per foot frontage. Lots North of Pacific R. R. tracks bring \$300 each. These lots are selling rapidly, and upon them have been and are being erected brick cottages for rent. Store rooms 35x100 feet deep command a rent of \$150 per month. Furnished rooms rent from \$4.50 to \$10 per week. Clerks get from \$50 to \$100 per month. American laborers \$1.50 to \$2.00 per day. Carpenters \$3.25 to \$3.50. Bricklayers \$4 to \$5. Trains are constantly arriving and departing over Santa Fe, Texas & Pacific, Mexican Central and Railroads. The El Paso Daily Times is a live energetic paper, having a full force of experienced compositors, and able editors and reporters. There are also many other good papers published here. There is a beautiful "plaza" in front of the Pierson House. In its centre is a music stand, in which the band plays in the evenings. Along the walks can be seen immense cactus plants, some of them as large as a barrel and of pear shape. You can also see the large leaved cactus in all its green glory. An entertainment is to be given in the Court House this week, to raise funds to improve and make more interesting this plaza. There are large posters conspicuous on street corners and in the hotels setting forth the fact that on Dec. 8, Poncianna Diaz, a relative of President Diaz, and a famous bull fighter, will appear in the Arena at Paso Del Norte (across the river) and show his skill in massacring wild and ferocious bovines. These barbarous contests between man and beast will continue till January 1st. Many poor horses, and bulls will be sacrificed to furnish amusement to the "Greasers."

A very common sight here is a large Mexican astride of a poor little donkey or burro. The rider's feet touch the ground. They load these little animals with bundles of wood, larger than themselves. The Mexican woman take pride in possessing a black shawl and the men in having a good

hat. No matter if a Mexican's elbows, knees and feet are exposed, if he has a good hat, adorned with silver ornaments, he imagines all defects in his wearing apparel are cured. An incident of this frontier place occurred Saturday, viz: A rough, muscular, heavily armed cowboy jumped from his horse in front of a saloon; blood was in his eye. He commanded a man sitting on a box to come in and get a drink. The man said he never drank. "Yes you do," said the cowboy, and he whipped out a big shooter and stuck it into the fellow's face, who concluded suddenly, that he did drink, and in he went and got it.

Have not been over to old Mexico yet, am going over to-morrow. Want to see a famous Catholic Church there 400 years old. It contains an image of pure gold valued at one million dollars. Some cow-boys organized to steal it, but gave up the hazardous undertaking. The Rio Grande is about 500 feet in width at this place and is spanned by two bridges. Custom house officials keep a sharp lookout for smugglers. Fort Bliss is located about one mile West of this place and is heavily garrisoned. The Soldiers have a No. 1 brass band. This is the home of A. K. Cutting. He has lately given birth to a scheme to take possession of three States of Mexico. Has published a call for supporters in the El Paso Daily Times. Has agents at work at St. Louis and other points in the U. S. and Mexico. The Mexicans who favor it, are those who think their taxes are too burdensome and hence are dissatisfied with their government. Cutting's scheme is to get possession of these states and then organize a Republic, giving to each citizen or co-helper a certain number of acres of land. The scheme is visionary and will die in its infancy, as our own and Mexican Governments are taking notice of it. The residents here are not a particle flustered, in fact pay no attention whatever to it.

There is good farm land in the Rio Grande valley, but it must be irrigated. Land is very cheap. The climate is fair. The changes from heat to cold are most too sudden to suit me. The nights get very cold. It is a much better place for lung trouble however than Pennsylvania. I think I am improving here, yet regret I did not go to San Diego, Cal. In closing would say that El Paso has a great future before her. It is the main gateway to Mexico. It is and will be a great distributing centre. The mountains surrounding are rich in mineral. Two smelters are now being erected. Coal mines will be developed in the near future. Some silver mines are being operated. Capital can make no mistake by investing here in real estate. For my part, however, I love Forest with her green hills and waving pines. The "attitude" of this country does not suit me as a place of residence, and when my health gets better will take the back track for Pennsylvania. Yours, SAMUEL W. CALVIN.

WONDERFUL CURES.

W. D. Hoyt & Co., Wholesale and Retail Druggists of Rome, Ga., say: We have been selling Dr. King's New Discovery, Electric Bitters and Bucklen's Arnica Salve for two years. Have never handled remedies that sell as well, or give such universal satisfaction. There have been some wonderful cures effected by these medicines in this city. Several cases of pronounced Consumption have been entirely cured by use of a few bottles of Dr. King's New Discovery, taken in connection with Electric Bitters. We guarantee them always. Sold by G. W. Boward.

FROM LIFE TO DEATH.

is but a moment if rheumatism or neuralgia strikes the heart. These diseases are the most painful and the most dangerous of any to which human kind is liable. They fly from one part to another without a moment's warning, and limbs and other outward applications are in themselves dangerous because they are liable to drive the disease to some vital organ and cause instant death. Rheumatism and neuralgia are diseases of the blood, and can only be reached by a remedy which will drive from the blood the dangerous acids. Such a remedy is Athlophoros. It has been thoroughly tested and is a safe, sure cure.

Spruce Creek, Pa., Oct. 5, 1885. In answer to your request to know what your Athlophoros has done for me, I will say it has done wonderful work. I have suffered from rheumatism for eighteen years more or less, and sometimes not able to put my clothes on or eat alone. I took all kinds, doctored with a good many doctors, but nothing did me any good. I was getting worse instead of better. I read your advertisement in the "Democrat" and "Sentinel" papers of Louisiana. I have taken in all four bottles. I feel no pain. I was done for, but now I am straight once more. Thank you for the good it done me. Athlophoros is the medicine. PHILIP HARVEY.

Your medicine has cured me of neuralgia. I suffered with it for three days, and it gave me instant relief. WM. F. KINER.

Palmyra, N. Y., August 19th, 1885. I used one bottle of Athlophoros for neuralgia after being laid up eight weeks. The result was very satisfactory. R. E. ENNY.

Every druggist should keep Athlophoros and Athlophoros Pills, but where they cannot be bought of the druggist the Athlophoros Co., 112 Wall St., New York, will send either (carriage paid) on receipt of regular price, which is \$1.00 per bottle for Athlophoros and 50c for Pills.

For liver and kidney diseases, dyspepsia, indigestion, weakness, nervous debility, diseases of women, rheumatism, headache, neuralgia, blood, see Athlophoros Pills on package.
