Church and Sabbath School.

Presbyterian Sabbath School at 9:45 a. m.; M. E. Sabbath School at 10:30 a. m. Preaching in M. E. Church every Sabbath evening by Rev. Small.

LOCAL AND MISCELLANEOUS.

—Elk county voted on Tuesday, to know if she will have a poor house.

—Washington's birthday is the next legal holiday and occurs next Tuesday.

—Try Grand Army Plug Tobacco at Robinson's. 2t.

—Mr. and Mrs. A. M. Dault returned on Friday from a month's sojourn with friends in Oil City.

—Although the creek is in fine rafting stage now, it is scarcely likely that any lumber will be run at present.

—For a cobby suit of clothes at a moderate price, call at Robinson's before buying. 2t.

—Mrs. Charles Hinton's many friends will be pleased to learn that she is improving from her protracted and serious illness.

—The finances of Forest county are in a healthy condition. The assets exceed the liabilities by \$11,586.09.—Oil City Blizzard.

—Forest county has nearly \$8,000 in her treasury, and her assets exceed all liabilities by over \$11,000. Fortunate Forest.—Elk Advocate.

—Mrs. W. G. McCain and two young sons, of Freeport, Pa., arrived on Friday last, and will visit with her husband at Nebraska for a few weeks.

—Monday was Valentine day, but if anybody in these parts got a valentine it didn't leak out. It's a custom that's getting to be quite a mouldy chestnut.

—Salvation Oil, the greatest cure on earth for pain, may be relied on to effect a cure wherever an external application can be used. Price only twenty-five cents a bottle.

—On Monday of this week, a daughter to Mr. and Mrs. L. J. Hopkins was born. And with all the grace of a "first time dady," Linus is doing out the "best in the house" to his numerous friends.

—Mr. H. E. Stanley, who has been employed in Mr. Fulton's harness shop for the past four months, departed for his home in Cuba, N. Y., last week, bearing with him the good wishes of many friends made during his stay here.

—The Commissioners of Forest County have concluded to reduce the occupation valuation upon laboring men from \$100 to \$75, and all other occupation taxables in proportion. Another wise step in the right direction.

—An exceedingly neat and clean semi-monthly paper, called the Commercial Record, has made its appearance from Pleasantville, Pa. H. C. Mapes is the editor, and B. Corwin the proprietor. The new venture has our best wishes.

—Mr. Wm. Tibbins, who put in the Gas Company's plant here, and did such an excellent job of it, finished up his work and returned to his home in Cuba, N. Y., last week. As a workman in the gas-fitting line he has few equals and no superiors.

—The components of Dr. Bull's Cough Syrup are daily prescribed by the ablest physicians, whose success is due to the specific influence of these components. Dr. Bull's Cough Syrup skillfully prepared for immediate use, is for sale by all druggists.

—The highest natural rise in the river we have had for some time occurred last week, when the banks were overflowed, and all the low lands were submerged. No damage is reported from the flood, except to some of the lumbermen who are operating along the small streams, who had their bridges carried away, and have thus been considerably put back with their work.

—Winter doesn't seem to be lingering very hard in the lap of spring these days, not if the depth of the mud is a fair measure to judge by. The sudden and complete breakup has given the lumber business in this neck of woods a considerable set-back.

—Sucker fishing has once more become the favorite, and in some instances, profitable, pastime of the boys and some men. Some very fair strings are brought in. Properly scored and fried nothing in the eatable line gets away with a sucker this time of the season.

—Mr. Henry Dowds, once a citizen of this section, but for twenty years or more a resident of Garnett, Kansas, is visiting old friends and relatives in this county. We had a very pleasant visit with him Monday, and hope he will find time to call again before returning to Kansas.

—The mirage of Friday morning last was the most perfect we remember having seen here for some time past. Hamilton was as visible as if close to the town, while St. Thomas could be plainly seen. When a person can see 19 miles it is pretty fair weather.—Bathgate, (Dak.) Sentinel.

—W. W. Hulings, of St. George, W. Va., "Beesom" for short, writes our druggist friend J. H. Fonos, in substance as follows: Send us one bottle each of paregoric and syrup of rhubarb. The twelve pound boy which arrived at our house 'tother day is making music for the whole neighborhood.

—A great forked pine with a big root, root end foremost lodged on the Newtown dam one day last week, and on Wednesday an effort was made to get it off the dam. A hole was bored, and a blast put in with the intention of blowing a piece off the tree. The blast failed to go off, and Butler Rice took an auger and proceeded to bore out the hole which was tamped with sand. The auger probably struck fire from the sand or from a piece of gravel, at any rate the blast went off, and something or other struck Warren Jones, who was standing on the bridge above, and used up the side of his face quite bad. Mr. Rice was not hurt much. It was a narrow escape all round.

—Parties in the vicinity of Pleasantville, Venango county, have been victimized into buying Bohemian Oats. The Franklin News has been gathering statistics concerning these oats, and deduces the following: 1. They are unfit for oatmeal purposes, the covering of the grain being tough and fibrous. For oatmeal their value is less than common oats. 2. They are unfit for horse feed—a fact well known to horsemen. Unless mixed with other feed they will kill a horse in a short time. 3. The grain is not a new thing. It has been known to agriculturists for more than a hundred years and has never been in demand for the simple reason that farmers found it worthless.

—Quite a wreck occurred at the Watson Farm trestle, Jenks township, on the Pittsburgh & Western narrow gauge road, Friday night last. A tree fell across the trestle breaking it down, and when the passenger train came along the danger was not seen in time to prevent an accident. The engine and baggage car were thrown off the track, but the two passenger cars kept the rails thus averting a more serious disaster. Conductor Rainey got a severe scalp wound which will lay him up for several days. We learned of no others being injured. Our informant states that a large amount of timber was blown down in that section during the storm of Friday, and many of the mills were obliged to shut down on account of being flooded out. Mr. W. H. Frost talks of starting a lumber yard at Callery Junction, on the P. & W. Ry.

—There was another grand transportation scene in the land suit of Herry et al. vs. Watson et al., which was tried at Warren last week for the fifth time, Judge Commis presiding. The case was given to the jury Friday afternoon, and this time the verdict was for the Watson party. Hon. M. F. Elliott, of Toga county, made the plea for defendants, and C. Heydrick, Esq., of this city, for plaintiffs. In the former trials the Berry party won three times. It remains to be seen whether luck has turned permanently against them. The jury in this last trial were out all night. As the case has been so persistently fought, it is probable that the Supreme Court will

have a final guess at it. The strip of land in dispute, about 21 acres, is in possession of John S. Davis, Michael Murphy and John Galey, who leased it from Col. Watson for oil purposes and have taken a large amount of oil out of it.—Franklin News.

Spring Election.

The usual quietness prevailed at the election held in this borough yesterday, there being very little interest manifested in the result, except for the office of collector of the borough, the only one for which there was any contention, and the scramble for that was very quietly conducted. The result will be found below in the borough election:

- Burgess—B. Davis Council—North Ward—S. D. Irwin South Ward—J. F. Proper Wm. Smearbaugh, 2 yrs. High Constable—S. S. Canfield School Directors—G. W. Robinson A. B. Kelly Auditors—F. R. Lanson T. B. Cobb Overseer of the Poor—P. W. Robinson Judge of Election—G. W. Sawyer Inspector of Election—R. B. Crawford W. Y. Siggins Assessor—S. S. Canfield Collector—S. S. Canfield Constable—S. S. Canfield

IN THE TOWNSHIP.

The contest in Tionesta township was quite spirited, and perhaps the largest vote polled at a spring election for some years was out yesterday, and there was considerable "cat-hauling" in one way or another. The bones of contention was the collectorship, principally, with an occasional side-wipe at school directorship. But all the same there was very general good feeling, and it is not likely that any contests will grow out of the results which will be found below:

- For Judge of Elections, George Armstrong. For Inspector of Elections, S. R. Emer. For Assessor, Jacob Smearbaugh. For Road Commissioners, John Stroup, Wm. Hepler. For Auditor, P. C. Blocher. For Constable and Assessor, Henry Blum. For Collector, G. W. Zents. For Overseer of the Poor, J. R. Stroup. For School Directors, George Armstrong, Joseph Mong. For Township Clerk, Charles Thompson.

Stewart's Run.

Friday it was so muddy the roads were almost impassable. Saturday the ground was frozen hard and almost as cold as Greenland. These sudden changes are hard on our people and cause many severe colds.

Parties who have leased the farm of Jno. A. Dawson for oil, have the rig up and are going to commence drilling in a few days. J. G. Bromley has at so leased his farm to Mr. Wood of Titusville, who expects to put down a well this spring, and we expect to see an oil boom on the Run in the near future.

U. S. Zahniser has disposed of his interest in the saw mill of Zahniser & Langworthy to his partner, S. B. Langworthy.

Miss Lucy Nellis, who has been in the neighborhood for several weeks, has gone to Crawford County.

Grb. Thomson has been suffering for some time with a felon on his finger, which at present writing is much better.

Mrs. Rachael Wetzell of Cochran, is visiting her parents, Capt. Jas. Zahniser and wife.

Prof. Hillard visited the Allender school and our school on Thursday of last week. We are always glad to have the Superintendent visit our school. Come again Prof., as we did not have the pleasure of meeting you this time.

Road Commissioners J. D. Dawson and John Thomson were out looking after the damage done the roads by the heavy rain on Thursday night.

T. W. Allender of West Hickory, visited his father-in-law, J. I. Range, last week, and we had the pleasure of meeting him and taking him by the hand. Come often Tommy.

James Thomson, who has been for some time at Nebraska, this county, came over to visit his parents on Tuesday of last week. He looks as though they used him well up there.

The reason Sye Neill's face wears such a pleasant smile can easily be explained. There was a fine boy came

to his place a few days since, and came to stay.

F. P. Zahniser, who has been living in the west for a number of years, has returned to old Pennsylvania with his family, and we understand intends to locate in this part of the state. Feb. 15.

Whig Hill Notes.

The greatest topic now under consideration is mud, and you may know we have our share at present.

Our singing teacher, Prof. Russell, was called to Crawford County, one day last week, owing to the serious illness of his brother.

C. B. Grove and family have removed from "Droon Hollow," and are now residents of Kellektivill, Pa. Sorry to lose them, but hope our loss will be their gain.

Our school is in a prosperous condition. Mr. Winans gives good satisfaction. All the difficulty now is, our school term is too short.

Mr. Oliver Byerly, of Beaver Valley, called to see friends here Friday last. Mr. B. is always a welcome visitor, all the fault we can find with his visits is, they are not frequent enough.

Miss Mary Dotterer is stopping with Mr. and Mrs. Winans for a few days.

The Evangelical association are making preparation for holding a protracted meeting at their "Town Line" church. A grand time is anticipated. The brethren are all zealous workers in the vineyard, and we hope that much good may be done.

John Osgood has stopped hauling timber, and returned to Newtown Mills.

Jas. M. Cowan came over from Fox Creek to visit his parents at this place.

R. J. Butler, the blacksmith, is doing a heavy business. Besides the custom work, he is turning out some as fine road sleds as can be seen anywhere. Mr. B.'s long experience at blacksmithing makes him a smith of no mean value.

Supt. J. E. Hillard, passed through town Friday, and visited our school. Mr. Hillard has many warm friends at this place, who all join in wishing him the success in anything he undertakes, that he has had as County Superintendent.

Christopher Zuendel of Ross Run, was around calling on friends Thursday.

Emery Decker has purchased a fine horse of James Church.

Miss Hattie Tobey passed through town Friday evening, enroute for Mayburg.

In the distribution of the mail we notice that our Representative, C. A. Randall has not forgotten his friends at this place, Feb. 15, 1887.

In Memoriam.

Downs (Kansas) Lodge 204, A. F. & A. M., passed the following resolutions on the death of Mr. Jas. H. Diamond, mention of which we made recently:

Whereas, the Grand Master has called from labor to rest, our dear beloved brother, James H. Diamond, to the Grand Lodge on high, therefore, Resolved, that we mourn the loss of our esteemed brother, and although the link is broken that bound him to our earthly craft yet the craft that the Grand Master presides over will share with him the glorious and everlasting bliss in that lodge on high.

Resolved, that we tender the friends and relatives our sympathy in this their great affliction.

Resolved, that in respect to our deceased brother, our lodge room be draped in mourning and that the brothers wear the accustomed badge of mourning for thirty days.

Resolved, that a copy of these resolutions be placed on record in Dawn's lodge 204 A. F. & A. M. and also published in the city papers and copies of the same be presented to the friends and relatives of the deceased.

NOTICE.

All persons interested in the prohibition cause will please meet Tuesday evening, March 1st, 1887. Matters of importance must be attended to.

E. S. HOTT, Chairman.

The Population of Tionesta.

Is about 700, and we would say at least one half are troubled with some affection of the Throat and Lungs, as those complaints are, according to statistics, more numerous than others. We would advise all not to neglect the opportunity to call on us and get a bottle of Kemp's Balsam for the Throat and Lungs. Price 50c, and \$1.00. Trial size free. Respectfully, G. W. Bovard.

Free Trade.

The reduction of internal revenue and the taking off of revenues stamps from Proprietary Medicines, no doubt has largely benefitted the consumers, as well as relieving the burden of home manufacturers. Especially is this the case with Green's August Flower and Boscho's German Syrup, as the reduction of thirty-six cents per dozen, has been added to increase the size of the bottles containing these remedies, thereby giving one-fifth more medicine in the 75 cent size. The August Flower for Dyspepsia and Liver Complaint, and the German Syrup for Cough and Lung troubles, have perhaps, the largest sale of any medicines in the world. The advantage of increased size of the bottles will be greatly appreciated by the sick and afflicted, in every town and village in civilized countries. Sample bottles for 10 cents remain the same size.

ANOTHER SUDDEN DEATH.

Hardly a week passes without the mention by the newspapers of sudden deaths and of late the alarming frequency of the statement that death was caused by rheumatism or neuralgia of the heart cannot fail to have been noticed. In all probability many deaths attributed to heart disease are caused by these terrible diseases, which are far more dangerous than is generally considered. Is there any positive cure? The best answer to such a question is given by those who have been cured by the use of Athlophoros.

Greenfield, Mass., May 19, 1885.

I have been troubled with rheumatism in one of my knees for years, being at times laid up for several days. Athlophoros has entirely cured me. It has also cured two friends of mine who were the worst cases I ever saw, one of them a young man only 16 years old, who was so bad the doctors gave him up. Two bottles of your remedy entirely cured him.

GEO. W. SPURAN, Mgr Diamond Soap Co.

October 14, 1885.

Two bottles of Athlophoros cured me of inflammatory rheumatism. My family physician advised me to take it, saying he had done all he could, but could not give me any relief, but Athlophoros drove it away, and I am happy to say it has never come back. My daughter was also cured by half a bottle after suffering the pangs of rheumatism. Mrs. JANE DOWNEY, 24 Pleasant St., Waterbury, Conn.

Northampton, Mass., May 21, 1888.

For many years I have been subject to rheumatism in its worst form. During my last stage of sickness I was induced to try Athlophoros, and found it to be all it claimed to be, a cure for rheumatism.

LEVI I. CLARK.

Every druggist should keep Athlophoros and Athlophoros Pills, but where they cannot be bought of the druggist the Athlophoros Co., 112 Wall St., New York, will send either (carriage paid) on receipt of regular price, which is \$1.00 per bottle for Athlophoros and 50c for Pills.

For liver and bile diseases, dyspepsia, indigestion, weakness, nervous debility, headache of women, constipation, headache, impure blood, &c., Athlophoros Pills are unequalled.

Good Results in Every Case.

D. A. Bradford, wholesale paper dealer of Chattanooga, Tenn., writes that he was seriously afflicted with a severe cold that settled on his lungs; had tried many remedies without benefit. Being induced to try Dr. King's New Discovery for Consumption, did so and was entirely cured by use of a few bottles. Since which time he has used it in his family for all Croup and Colds with best results. This is the experience of thousands whose lives have been saved by this Wonderful Discovery. Trial Bottles free at G. W. Bovard's Drug Store.

A Great Surprise

Is in store for all who use Kemp's Balsam for the Throat and Lungs, the great guaranteed remedy. Would you believe that it is sold on its merits and that each druggist is authorized to refund your money by the Proprietor of this wonderful remedy if it fails to cure you. G. W. Bovard has secured the Agency for it. Price 50c, and \$1. Trial size free.

BUCKLEN'S ARNICA SALVE.

The best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by G. W. Bovard.

ALLEGHENY VALLEY R. R.

Most direct route to Pittsburgh and the East. Only route landing passengers at Union Station without delays or transfer. Trains run by Eastern Time, nearly 20 minutes faster than Pittsburgh time. Time table in effect Nov. 28, 1886.

Table with 2 columns: Northward and Southward. Rows showing train numbers and times for various stations.

20-Buffalo Sunday Train leaves Pittsburgh 9:00 a. m., arrives at Oil City, 2:20 p. m. Returning, leaves Oil City 2:20 p. m., arrives at Pittsburgh 7:45 p. m., stopping at all stations.

DAVID M'CAHON, Gen'l Supt. E. H. UTLEY, Gen. Ft. & Pass. Agt. Pittsburgh, Pa.

F. W. LAW,

Practical Tinner.

All kinds of Sheet Metal Work promptly attended to.

TIN ROOFING A SPECIALTY. AND SPOUTING.

BONNER BUILDING, Up Stairs. TIONESTA, PA.
