Pursuant to a call previously made, there was a public meeting of citizens at the Court House on Saturday evening last to discuss the benefits and need of manufacturing interests of some kind to the welfare and prosperity of our town, Hon. E. L. Davis laid before the meeting a correspondence he had bad with a Philadelphia shoe manufacturer, who wished to dispose of his plant there. The correspondence gave a very clear idea of the probable cost of founding a similar plant here, -an industry that will employ from forty to fifty male, and twenty to thirty female operators, and that will turn out 1500 pairs of shoes per week. Other manufactories were also presented, in a more general way, and discussed. A committee consisting of L. J. Hopkins, A. B. Ivelly, E. S. Hoyt, F. F. Whittekin, G. W. Bo vard, E. L. Davis, and C. M. Shawkey was appointed, whose duty it is to correspond and investigate various industries, with a view to bring to onr town some industry adapted to our resources. The project deserves the attention and interest of all our citizens and especially our business men. Encourage it.

## New Township Officers.

The following is the result of the elections in the different townships in the county so far as we are able to get the same. There may be some omissions, but we think not. We have tabulated from the returns in the Prothonotary's office. In the case of Pathmasters, it is impossible to tell just who were elected without knowing the number of districts in each township, and this we do not know. And then, too, in some cases there may be vacancies to be filled in some of the offices, increasing the number to be elected beyond the regulation quota. Tionesta Township and Boro officers were published last week : BARNETT.

WILSON-CRAIG. - In Tionesta, Pa., Feb. 17th, 1887, by J. T. Brennau, J. P., Mr. Wilbur F. Wilson and Miss Leanah F. Craig, both of Oil City, Pa.

IT IS WONDERFUL how easily rheumatism begins, and how Insidiously insidiously it grows in the system, until one is startled to find himself its victim in either the acute or chronic form. He then learns the fearful tenacity of its

grip and the utter powerlessness of the ordinary remedies to give relief. Probably to no disease have physicians given more study, and none has more completely baffled their efforts to provide a specific; and until Athlophoros was discovered there was no medicine which would surely cure rheumatism, neuralgia and nervous or sick headache. Thousands of testimonials like the following prove beyond question that Athlophoros is the only reliable remedy, and that it will do all that is claimed for it.

Catakill, Green Co., N. Y. August 19, 1886. I can recommend the Athlophoros to

anybody that is in want of it. It has cured my mother who has had neuralgia all her life and also rheumatism. She says she is all free from pain now, and will not be without a bottle for twice the price. I gave a bottle to my brother who had neu-ralgia in the bowels and it fixed him in a FRANK EDWARDS.
