

Announcements.

The following rates will be charged for announcing candidates: - Prothonotary, \$10; Sheriff, \$8; Commissioner, \$5; Auditor, \$3; Jury Commissioner, \$2; County Superintendent, \$2. These terms are strictly cash in advance.

COUNTY COMMISSIONER.

We are authorized to announce J. J. PARSONS, of Jenks township, as a candidate for County Commissioner, subject to Republican usage.

LONG ISLAND had a slight earthquake shock on last Wednesday. At Far Rockaway the shake was preceded by a low rumbling sound.

BULGARIA has a revolt on hands. The government is able to take care of the insurgents if allowed to do so. But that is by no means certain, as Russia is almost undeniably at the bottom, top, side, in fact, all round the whole affair, and unless the insurrection is looked after as she wishes, she will probably look after it herself by "occupying" Bulgaria with a military guard.

GENERAL J. J. FINLEY, of Ocala, has been appointed by Governor Perry, United States Senator from Florida, to succeed Charles W. Jones, whose term expired on March 4. General Finley is a lawyer by profession, served with distinction in the Confederate army, has been a member of the Supreme Court of Florida, and was three times a candidate for Congress, being elected once, and defeated twice by Colonel Bisbee, Republican.

THE Union Soldiers of the country will not fail to stow away in their minds a recollection of the fact that the Democratic House of Representatives, has refused to pass over the President's veto, the dependent pension bill. Not one Republican voted to sustain the veto, which shows conclusively which party is the friend of the soldier. We cannot see how any soldier who has any manhood about him, can hereafter vote for a party who thus, contemptuously, calls dependent veterans "deserters, coffee-coolers, and bounty jumpers."

RUFUS BLODGETT, an Independent Democrat, has been elected to succeed William J. Sewell in the United States Senate. His term is for six years. Senator Sewell expresses his belief that it is a great victory for the Republicans and for right. He attributes the defeat of Leon Abbott, the great Democratic leader, to the stealing of the Camden County ballot boxes by the democrats and the subsequent seating of the Democratic member from Camden County, and the seating of a member from Mercer county who was seated in defiance of the decision of the Chief Justice of the Supreme Court.

The ballot that elected Blodgett stood as follows: Blodgett, 37 Republicans, 4 Democrats, 1 Republican, 1 Labor man. Total, 39. Erastus E. Potter, 1 Labor man. Before the vote was announced, Senator Chase changed from Abbott to Blodgett, giving Blodgett 42, and Letts, Republican, changed from Abbott to Sewell, leaving Abbott 37. The result was brought about by a Republican caucus held previously, in which 36 out of the 38 Republicans pledged themselves to vote for Blodgett or any other man for whom the Managing Committee directed their votes to be cast. The object was to defeat Leon Abbott. It was kept so quiet that no one of Abbott's friends suspected such a scheme to exist, and not until the balloting began did it leak out. The final ballot was the scene of the wildest uproar among the Abbott men. They cursed and yelled, until the air almost turned blue with profanity and excitement. Belligerent is clamored for something to hit. Leaders, and "workers" buttoned and cojole. Promises were plentiful, and threats abundant. But it wouldn't work. Before the vote was announced, and while there was still a chance by changing votes, the Democrats made big bids for Republicans to withdraw from Blodgett. They offered anything and everything supposed to be valuable to political parties and leaders. But in vain. The Republicans stayed, and so did Blodgett's election. It is assumed on good grounds that Blodgett will go to the United States Senate as an Independent and Protectionist.

THE RECORD OF CONGRESS.

The present session of Congress, as charged by the Republican leaders, has accomplished nothing in the way of important legislation. The tariff has not been touched; the silver question has been left in a worse state, if anything, than before; the Pacific Railroad indebtedness left increasing under the uncertain provisions of the old Thurman act; and the bankrupt laws left to the varying statutes of the states; the basis for the national bank circulation still allowed to dwindle away without anything as a substitute; the Supreme Court still three years hopelessly behind in its cases; the indigent veterans still in the county poorhouses; the navy still the laughing stock of the world and the sea-coast cities still at the mercy of any foreign power. The Republican Senate has been intelligent and progressive, but the Democratic majority in the House, divided between bitterly opposing factions, has stopped short to let the personal fight go on.

The appropriations for public buildings aggregate \$3,920,000, of which \$2,740,000 goes to towns in Northern States and \$1,180,000 to towns in the South. The committee reported bills for the following towns in Pennsylvania, but failed to get them through: Scranton, \$250,000; Allentown, \$100,000; Lancaster, \$100,000; Chester, \$75,000; Allegheny City, \$250,000, and Wilkesbarre, \$150,000.

The Judiciary Committee made their greatest triumph in the Mormon bill, which went through with a hurrah after a great speech by Chairman Tucker. It increases the stringency of the laws against polygamy, provides for the disestablishment of the congregation known as the Mormon Church, and besides disfranchising Mormons in national matters takes every vestige of self government away from them.

In naval affairs the proposed legislation was in the direction of new ships, new guns and new naval ordnance. That it was far from successful was due to the opposition of Democrats of the Randall and Holman stripe; and whatever measure of success it reached was the direct result of hard fighting by the Senate. The bill as it passed includes two new drydocks of which Philadelphia may get one, and an appropriation large enough to permit new bids for the Newark. The Naval Reorganization bill which contemplated the consolidation of bureaus in the Department was talked to death.

The most important work of the session was the passage of the Interstate commerce bill, which, so far as the House is concerned, took the place of the measure Mr. Reagan of Texas, has been reporting from the Commerce Committee for years. The debate in the House was only upon the conference report, and though nearly all the speeches were against it the votes were for it, and it passed.

By far the most important piece of legislation in foreign affairs was the passage of the Senate bill for the settlement of the fishery troubles with Canada. The House Committee made an effort for their own measure, which empowered the stoppage of all trade, but they were defeated after a hard fight. The Senate bill gives the President power to retaliate by closing the ports to Canadian products and otherwise interfering with their trade to this country.

The Senate sat in session 224 days and the House 251 day. There were introduced in the House during this time 14,258 bills and 263 joint resolutions, on which over 5000 reports were made; being several thousand more bills and over 1000 more reports than were made in the Forty-eighth Congress, which had in its turn beaten the record. In the Senate there were introduced 3357 bills and 118 joint resolutions, on which 1988 written reports were made, being upward of 500 more bills and over 400 more reports than in the record-breaking Forty eighth Congress. The total number of laws enacted was (approximately) 1431, of which 1093 originated in the House and 338 in the Senate.

There were 132 bills vetoed by the President or twenty-one more instances of the exercise of the presidential prerogative of veto than had occurred from the foundation of the Government down to the beginning of this Congress. But one private bill, viz., that granting a pension to Joseph Romeiser, and one public bill, namely that providing for the erection of a Government building at Dayton, O., succeeded in passing both Houses over the President's veto, although several others obtained the requisite two-thirds vote in the Senate, only to fail in the House.

Henry Ward Beecher Dead.

The great Brooklyn divine has preached his last sermon. He was stricken with apoplexy five days ago, and with every increasing symptoms of the coming of the end he lingered until yesterday morning, when at half past nine o'clock, death opened a new world to him. On Sunday week ago he was in his usual health and vigor; felt entirely well. On last Tuesday night after a hearty supper and chat with his wife he retired feeling quite well. During the night he became restless, so much so that he attracted the attention of his wife, whose room adjoined his, who went into his room several times during the night to see him. Early in the morning she found him vomiting. He then felt better, and fell asleep and slept until afternoon. Becoming a trifle uneasy Mrs. Beecher sent for Dr. Searle, who called but anticipated no trouble, thinking Mr. Beecher was suffering from indigestion or biliousness. However he grew worse, and dangerous symptoms came and grew until it became apparent that the dark mantle of the death angel was enfolding him: "He lay in a comatose state from which he did not awaken, and which grew deeper and deeper to the last."

-Lucy Stone says a woman will be President of the United States in the year 2000, or 113 years hence. While this arrangement may shut out Dr. Mary Walker, it has its advantages, giving time enough to rig up transparencies and a platform, and decide on a National policy that will appeal to the men and other serfs. Think of that glorious campaign, with banners reading: "We Pledge All Men Equal Rights!" "The Blue Stocking Candidate Wears a Wig!" "Hurrah for Big Boss, the Coal-diggers' Darling!" "Sweet Jennie, the Flower of Kil-dare!" "Auntie Fat, the Heroine of the Battle of the Blondes!" "Opposition to the Nursing-Bottle, Treason to the Union!" "Allow No Man to Challenge Your Vote!" "Support Aunt Jane for Constable!" - *Youngstown Telegram.*

What True Merit Will Do.

The unprecedented sale of Beecher's German Syrup within a few years, has astonished the world. It is without doubt the safest and best remedy ever discovered for the speedy and effectual cure of Coughs, Colds and the severest Lung troubles. It acts on an entirely different principle from the usual prescriptions given by Physicians, as it does not dry up a cough and leave the disease still in the system, but on the contrary removes the cause of the trouble, heals the parts affected and leaves them in a purely healthy condition. A bottle kept in the house for use when the diseases make their appearance, will save doctor's bills and a long spell of serious illness. A trial will convince you of these facts. It is positively sold by all druggists and general dealers in the land. Price, 75 cts., large bottles.

Excitement in Texas.

Great excitement has been caused in the vicinity of Paris, Tex., by the remarkable recovery of Mr. J. E. Corley, who was so helpless he could not turn in bed, or raise his head; every body said he was dying of Consumption. A trial bottle of Dr. King's New Discovery was sent him. Finding relief, he bought a large bottle and a box of Dr. King's New Life Pills; by the time he had taken two boxes of Pills and two bottles of the Discovery, he was well and had gained in flesh thirty-six pounds. Trial bottles of this Great Discovery for Consumption free at G. W. Boward's.

FROM LIFE TO DEATH

is but a moment if rheumatism or neuralgia strikes the heart. These diseases are the most painful and the most dangerous of any to which human kind is liable. They fly from one part to another without a moment's warning, and lacerate and other outward applications are in themselves dangerous because they are liable to drive the disease to some vital organ and cause instant death. Rheumatism and neuralgia are diseases of the blood, and can only be reached by a remedy which will drive from the blood the dangerous acids. Such a remedy is **Athlophora**. It has been thoroughly tested and is a safe, sure cure.

Sprouce Creek, Pa., Oct. 5, 1885.

In answer to your request to know what your Athlophora has done for me, I will say it has done wonderful work. I had suffered from the disease for several years, and was in a desperate condition. I put my reliance on it at once. It cured all kinds, doctored with a good many doctors, but nothing did me any good. I was getting worse instead of better. I read your advertisement in the "Democrat" and "Sentinel" papers of Loudontown. I have taken in all four bottles. I feel no pain. I was drawn crooked, but now I am straight once more. Thank you for the good it done me. Athlophora is the medicine.

PHILLIP HANFSTADT.

Your medicine has cured me of neuralgia. I suffered with it for three days, and it gave me instant relief.

WM. F. THOMAS.

Palmyra, N. Y., August 19th 1885.

I used one bottle of Athlophora for neuralgia after being laid up eight weeks. The result was very satisfactory.

The Verdict Unanimous.

W. D. Salt, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One bottle cured six bottles, and was cured of Rheumatism of the neck, standing of Abraham Hare, druggist, Bellville, Ohio, affirms: "The best selling medicine I have ever handled in my 20 years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters cure all diseases of the Liver, Kidneys or Blood. Only half a dollar a bottle at G. W.
