THE OLD FELLOW CAVES.

The fellow who gives the orders about the Forest National office kicked splashed and "kerflummized" around last week like a mullet that had been hit on the head with a bludgeon. He seemed for once to thoroughly realize that he was hit, but just who or what the devil it was that hit him didn't seem to penetrate his skull, so he struck back first at this one, then at that one, and finally winds up with a slash at jury fixing, and would give the impression to the country that Forest County cannot produce an honest jury. It is indeed sad that our community should be hampered with an individual who, to gain a trifling selfish end, would offer such a damnable insult to the intelligence and decency of the honorable gentlemen who are quarterly called hither, (many against their will) as jurors. Had he offered an apology for the jury Commissioners for drawing at the recent court, a fellow from Tionesta Borough so contemptibly mean that no one would dare allow him to sit on a case, there would have been some sense to his tirade, although it might have been a trifle personal.

Among his ravings we find the following dead give-away: "As the writer of the pusillanimous article in the REPUBLICAN identifies himself with the gang who industriously worked a little scheme at the late sessions of court to defeat the ends of justice, by prejudicing jurors and witnesses with the silly falsehood that Keppler was a secret prosecutor in a case," &c. And so he has come to admit that the mere mention of his name in connection with a certain thing is sufficient to kill it. Well, such a thing was never dreamed of that we are aware of, but we'd be crowded mighty close for some hole to crawl out of before making such a damaging admission.

But all these are only side issues. What's gripping the fellow, as we once said, is the little matter of county printing, and, by the way, we observe that he has all at once come to the conclusion that that subject should be dropped. What! going to let the "dear taxpayers," for whose wrongs you have shed so many crocodile tears because you didn't get the county printing; going to let them see their own row now? Well, that's sad enough; and all because "a number of tax payers have appealed" &c., etc. It was our intention to allow that matter to pass unnoticed, but since you have made it a point to bring it out so prominently, may we not ask if that is not another of your cases, and did you not instigate the appeal?

What puzzles us is to think that this fellow did not kick on printing expenses when they amounted to nearly double what they do now, and especially during the past year, when the said expenses are less than they were ever before known to be by a considerable amount. But why go further with this matter? There is not a man in Forest county who does not know for a dead certainty that Keppler would gulp down the county printing if it were ten times as much and no one would hear a solitary sob from that source. But for one who pretends to have so much wealth as he claims, we never saw a fellow that could do more whining or begging for a mere taste.

Neglects of the late Democratic Congress.

Certain papers have accused the New York World of predicting a financial panic. This it denies, but goes on to anticipate a stringency in the money market as the effect of piling up the supplies. The plain fact is, according to the World, that, per Manning's statement, the government will collect, for the next fiscal year, \$125,000,000 in excess of its expenditures. It is now, and for the past seven years has been, in receipt of \$100,000,000 of surplus revenue. The redeemable debt has been paid in advance of its becoming due so rapidly that by July 1st no bonds will remain subject to call. Within twenty years the principal has been reduced \$1,445,000,000, and the interest charge from \$133,000,000 a year to \$45,000,000. There is no burden left for posterity to share. The one per cent, sinking fund, collected yearly, will extinguish the remaining small debt at maturity.

And yet with this thing going on for years, and two congresses elected upon a solemn pledge to prevent the surplus by reducing superfluous taxes nothing has been done. The government must go on collecting \$350,000 a day, \$2,500,000 a week, \$10,000,000 a month, and \$125,000,000 a year in excess of its needs. This is an outrage of itself. But after July 1st it will have no outlet for the surplus except to buy, at whatever premium the bondholders may choose to exact, its non redeemable bonds. And though this may not give rise to a panic, it is certain to lead to either waste of the public money or to serious trouble from contraction.

The President is displeased with Assistant Secretary Fairchild, of the Treasury because the latter wears only one eye glass. A statesman who runs his administration on the Jeffersonian plan has no use for a man who stoops at a single glass.

MANY of our esteemed Democrat contemporaries are deeply concerned over the state of Mr. James G. Blaine's health. They will be grievously pained to learn that Mr. Blaine's health was never better than it was at the hour we went to press.

DISTRICT ATTORNEY BENTON, of Missouri, whom President Cleveland suspended last Fall for pernicious activity in making campaign speeches and then reinstated at the command of Senator Vest, has been advised by the Treasury authorities that he cannot claim salary for the period of his suspension, the sum being about \$300. We do not apprehend, however, that Benton will object to this ruling. He will probably agree with us that it was fully worth \$300 to see the fat man of destiny eat crow as he did in this case. - Phila. Press.

WHO BIDS?

To whom it may concern: - Bids will be received at this office for carrying the United States Mail from Starr Post office German Hill to Setty P. St. office ear the mouth of Ross Run, three times per week - Tuesday, Thursday and Saturday. The amount paid for such service is not to exceed two thirds of the salary of the Post Master, which amount cannot be computed until the first quarterly returns are made out, which will be on the 31st of March, the 30th of June, the 30th of September and the 31st of December. Postmasters cannot become contractors for carrying the mail. Carriers are not required to give security, but must take an oath to perform their duty faithfully, and honestly, and to support the constitution of the United States; which oath, must be taken before a magistrate and recorded in his docket, a transcript of which is sent to the Department at Washington, D. C.

Setty post office will be opened on the old Harrington farm now occupied by Hunter. It may be safely surmised that the income for the above service will not be greater than that of a Rothschild or a Vanderbilt. Yours Truly, DANIEL HARRINGTON, P. M. Setty P. O., Forest Co., Pa., March 19th, 1887.

-Do you want to prepare for College, or for Teaching, or for Business? Do you wish to take a course in Music, or in Painting and Drawing? Go to the State Normal School at Clarion, Pa. The Spring term begins April 12th, 1887.

J. B. AGNEW.

The Interests He Represented at the New York Conference.

By a slip of the pen the DERRICK placed Mr. J. B. Agnew of Tionesta, at the head of the Balltown Oil Company. This was an error, although it is true that Mr. Agnew is one of the members of the company. In regard to the interests which Mr. Agnew represented at the New York Conference, a little inquiry has developed these facts: He represented not less than four fifths of the entire production of Forest county. This includes Mr. A. B. Kelly, the Cook estate, the May estate through Mr. Kelly; the Proper Reserve Company, the Nichol Oil Company, Haight, Agnew & Co., and the entire membership of the Balltown Oil Company, with the exception of one man, who owns one twelfth interest. Mr. Agnew is the representative and individual owner of 75 producing wells in Forest county. For the past five years he has been a large producer, and at one time had a production of over 1,000 bbls a day. We believe at the New York meeting he did not claim to have been specially deputized to represent any particular interest, but the fact remains that he is a representative producer and has a very excellent idea as to the wants of the oil producer, with reference to the Billingsley legislation - Derrick March 22nd.

Mr. Agnew says that the Derrick is in error so far as to his now being individual owner of 75 wells, but that he is individually interested in the production of about that number of producing wells. And that while he only claimed to be a self-constituted member of the committee that met in New York, he did represent the production above referred to in the Derrick, and also, by authority, the Balltown Oil Company, with the exception of Peter Barry, the "One of the Firm," who did him the honor, for private reasons of his own, to send to the Derrick the very complimentary card that was published in its issue of the 21st inst., which Mr. Agnew considers beneath his notice.

Mr. Agnew's expenses were paid, both to Harrisburg and to New York, by himself and Mr. A. B. Kelly, with whom, among many others he is associated in the oil business. His own personal interests, the interests of those associated with him as partners in the Oil business: Hon. J. A. Proper, J. F. Proper, A. J. Wallace, and his brother L. Agnew he considered sufficient to cause him to make every effort to obtain the best concessions possible for the producer in general, as the records of the proceedings of the committee which have been carefully kept by the stenographer will attest.

RENEW'S HER YOUTH.

Mrs. Phoebe Chesley, Peterson, Clay Co., Iowa, tells the following remarkable story, the truth of which is attested by the residents of the town: "I am 73 years old, have been troubled with kidney complaint and lameness for many years; could not dress myself without help. Now I am free from all pain and soreness, and am able to do all my own housework. I owe my thanks to Electric Bitters for having renewed my youth, and removed completely all disease and pain." Try a bottle, only 50c, at Bovard's Drug Store.

BRACE UP.

You are feeling depressed, your appetite is poor, you are bothered with Headache, you are fitfully nervous, and generally out of sorts, and want to brace up. Brace up, but not with stimulants, spring medicines, or bitters, which have for their basis very cheap, bad whiskey, and which stimulate you for an hour, and then leave you in worse condition than before. What you want is an alternative that will cheer your blood, stir healthy action of Liver and Kidney, restore your vitality, and give renewed health and strength. Such a medicine you will find in Electric Bitters, and only 50c a bottle at G. W. Bovard's Drug Store.

A Captain's Fortunate Discovery.

Capt. C. M. Schr. Weymouth, plying between Atlantic City and N. Y., had been troubled with a cough so that he was unable to sleep, and was induced to try Dr. King's New Discovery for Consumption. It not only gave him instant relief, but allayed the extreme soreness in his throat. His children were similarly affected and a single dose had the same happy effect. Dr. King's New Discovery is now the standard remedy in the Coleman household and on board the schooner.

Free trial bottles of this standard remedy at G. W. Bovard's Drug Store.

Some Foolish People

Allow a cough to run until it gets beyond the reach of medicine. They often say, "Oh, it will wear away, but in most cases it wears them away. Could they be induced to try the successful medicine called Kemp's Balsam, which we sell on a positive guarantee to cure, they would immediately see the excellent effect after taking the first dose. Price 50c and \$1.00. Trial size free. G. W. Bovard.

The Population of Tionesta.

Is about 700, and we would say at least one half are troubled with some affection of the Throat and Lungs, as those complaints are, according to statistics, more numerous than others. We would advise all not to neglect the opportunity to call on us and get a bottle of Kemp's Balsam for the Throat and Lungs. Price 50c and \$1.00. Trial size free. Respectfully, G. W. Bovard.

RULED BY PREJUDICE.

Few persons realize how thoroughly they are controlled by prejudice even to their own disadvantage. For many years the treatment of rheumatism, neuralgia, sciatica and headache has been by some outward application, and, therefore, without stopping to think that the origin of these troubles must, from necessity, be internal, the weary sufferer continues to rub, rub and find no relief. Athlophoros is taken internally, and as a proof that this is the correct principle, it cures surely and quickly. The statement of those who have been cured ought to convince the incredulous.

C. F. Bruce, Metuchen, N. J., says: "My mother had the rheumatism in her heart, and was cured by Athlophoros. She says there is no medicine like it."

James W. Reed, 4638 Penn Ave., Pittsburgh, Pa., says: "My mother, although 77 years of age, was entirely cured by the use of Athlophoros."

Mrs. Carrie Patten, Eagle Village, N. Y., says: "My mother was nearly a cripple in her arms, not having been able to dress nor scarcely able to feel herself for three months, being in severe pain most of the time. The acute pain ceased after taking three bottles of Athlophoros, but she continued to take it until all signs of rheumatism were gone; having taken 27 bottles in all. She has not taken since last May, and can use her arms as well as ever. A number of friends have taken it, and in every case it has given satisfaction. In case of sick headache, it gives almost immediate relief."

John M. Wolcott, Piffard, N. Y., says: "I got a bottle of Athlophoros for a friend. She at once gained rapidly, and has not been troubled with the rheumatism since."

Every druggist should keep Athlophoros and Athlophoros Pills, but where they cannot be bought of the druggist the Athlophoros Co., 112 Wall St., New York, will send either (carriage paid) on receipt of a dollar price, which is \$1.00 per bottle Athlophoros and 50c. for Pills.

For liver and kidney disease, dyspepsia, indigestion, weakness, nervous debility, diseases of women, constipation, headache, injury blood, &c. Athlophoros Pills are unequalled.

What True Merit Will Do.

The unprecedented sale of Boschee's German Syrup within a year, has astonished the world. It is with good reason the safest and best remedy ever discovered for the speedy and effectual cure of Coughs, Colds and the severest Lung troubles. It acts on an entirely different principle from the usual prescriptions given by Physicians, as it does not irritate the throat and leave the disease still in the system, but on the contrary removes the cause of the trouble, heals the parts affected and leaves them in a purely healthy condition. A bottle kept in the house for use when the disease makes their appearance, will save doctor's bills and a long spell of serious illness. A trial will convince you of these facts. It is positively sold by all druggists and general dealers in the land. Price, 75 cts., large bottles.
