FROM THE STATE CAPITOL.

Only about 8 more working dayscounting Monday nights and Friday mornings half days for the legislature of 1887 to finish its work in, provided it sticks to its adjournment resolution, and you may rest assured it is getting squarely down to business, and passing bills by the cart lead. WHY IS IT That rheumatism and neuralgia are so prevalent? This question has not been satisfactorily answered, but it is certain that these diseases are not only the most painful but among the most common, and some member of nearly every family in the land is the victim of one of these dread tormentors. Ladies seem to be peculiarly liable to neuralgic attacks, which, in the form of neuralgic headache, pain in the back, or nervous pains are of constant oc-currence. Not until the discovery of Athlophoros had any remedy been found for either rheumatism, neuralgia or nervous headache, and they were generally con-ceded to be incurable, but Athlophoros has been proved to be not only a certain cure for these diseases, in all their varied forms, but a safe remedy. If, in the use of Athlophoros, the bowels are kept freely open, its success is certain, and to aid this, Athlophoros Pills are recommended, which, while providing the necessary cathurtic, will be found to be a valuable aid to the action of the medicine. Athlo phoros is no experiment, it has been tested and has proved its wonderful efficacy.

The Athlophoros Pills were originally prepared as a remedy for use in connection with Athlophoros, for rheumatism and neuralgia and kindred complaints. Used in connection with that remedy, they are a certain cure for either of these very common and distressing diseases. They have also been found to be an invaluable remedy for any and all diseases arising from vitinted blood or general debility. They are especially valuable for nervous debility, blood poisoning, dyspepsia, distress after eating, headache, constipation, loss of appetite, and all stomach or liver troubles. For diseases of women they are invaluable. These pills are perfectly harmless and may be safely used by adults or children.

Testimonials of those who have been

cured will be sent free on application. Every druggist should keep Athlophoros and Athlophoros Pills, but where they cannot be bought of the druggist, the Athlophoros Co., 112 Wall St., New York, will send either (carriage paid) on receipt of regular price, which is \$1.00 per bottle for Athlophoros and 50c. for Pills.
