THE Democratic Lancaster Intelliencer is pretty rough on that wellknown Democratic statesman and organizer, the Hon. Samuel Josephs. It says his appointment to the marshalship would have discredited the Administration, and that it was a moral impossibility for Mr. Cleveland to set his seal of approval upon Josephs. This is very queer talk after we had been told in some of the Democratic papers that Mr. Josephs had the strongest recommendatious filed for any office since the inanguration of President Cleveland, embracing Supreme and Common Pleas judges, delegates to the National Convention and party leaders almost without number. Among there were such Democrats as Charles R. Buckalew and Ex-Congressman Speer. It will be difficult to make people believe that a President who keeps a Pan-Electric specu-

It is just like him to think so.

SPEAKING of the flop of one General Catlin of Brooklyn, N. Y., from the Republican to the Democratic party, of which some of our Democratic exchanges are making quite a fuss, the Christian Advocate, of May 26, sums up the matter in these terse words: "In the history of this country there have been times when the solemn renunciation by a statesman of publicra. high character of one party for its permanent opponent made a deep moral impression. But taking the Republican. man, the career, the circumstances, and the reasons into the account, the somersault of an ex-District Attorney in Brooklyn checks the ordinary manifestations of human sympathy; for M'Kean and Cameron, Republican. none see any occasion to commiserate | Twenty-eighth-Clarion, Forest, Elk, the bereaved or to congratulate the Clearfield and Center, Democratic. ostensible gainer.

# Our Wealthy Men.

Much has been said in newspapers of men who have made large fortunes in comparatively a few years in various bus-iness industries. Many of these articles are written by correspondents of promi-nent newspapers, and copied into others of lesser note. Correspondents generally are seldom men of business qualifications and wrongfully picture these men and their business as a thing of accident; this is not the case with those we have met. We find that where men have made large We find that where men have made large fortunes by their own business talent and industry they chose with sagacity and forethought such businesses as would lead to success when handled with business judgment. No man has been brought be-fore the public as an example of success, both in weath and magnitude of his business toutside of stock and railroad men more prominently than Dr. G. G. Green of Woodbury, N. J. He is at the head of many large business industries, and yet comparatively a young man. When the fact that August Flower, for dyspepsia and fiver complaint and Boschee's German Syrup, for coughs and lung troubles, has grown to a wonderful sale in all parts of the world, it proves that it was not an accident or spontaneous strike at wealth, His medicines are recognized as valuable and established remedics and the business has grown gradually and permanently during the last eighteen years on account not alone of Dr. Green's abilities as a busnot arone of hr, Green's abilities as a bus-iness man or his "good lack," but on the actual merits of the two preparations,— Copied from the N. Y. Weekly Sun, of Dec. 22, 1886.
