-Stewarts Run, Harmony township, bids fair to have an oil excitement in the not distant future. Wood & Co. finished a well on the Joslyn Farm last week which shows up pretty well. At a depth of 920 feet a 17-foot sand was struck, and from Saturday night until Monday morning the hole filled about 160 feet with oil. On Monday the well was shot, but up to this writing, Tuesday evening, the work of tubing it had not been finished and it song by the infant class, during a part is not possible to give the production; of which Miss Kate Knox was their however, it is variously estimated at leader; a solo by Miss Emma Sloan, It is newsy and neat, and bids fair to from 10 to 25 barrels. -Passengers arriving by the Saturday evening river train on the B. N. Y. & P. R. R. were not a little astonished when they saw on the platform to the untiring, skillful efforts and exa gathering of 300 or 400 men, all casting auxious looks into the car windows. Then their surprise was increased when, upon debarking from plete success of the memorable occathe train, they saw 30 or 40 young sion. men scramble up the car steps and almost prevent the passengers from getting out. This large assemblage was "looking for a man." It had been rumored that Len Richards, who brutally assaulted Maggie Carney on Friday night, had been arrested in Tionesta and would be brought back to Oil City by an officer on that train. Considerable excitement was manino prisoner appeared some thought the officer was holding him in the car till the crowd dispersed. Many ran through the coaches and even ransacked the baggage car in the hope of finding the man. Then the report was to compile a roster for the purpose of circulated that Richards had jumped cut of the car window, and still another to the effect that he had been taken off by the officer at the junction. The truth is Richards had not been arrested in Tionesta, neither had he been on that train. A good many young men threatened to do him bodily harm should he be brought in .-Derrick. Richards, it seems, struck the young lady above mentioned, on \$1.50, \$1.00, and 75 cents, the face three times, breaking her nose, and otherwise lacerating her face.

"Children's Day" in Tionesta.

We believe this annual service, now so generally celebrated in all the churches, originated in 1879, for the purpose of creating, or rather enlarging, a very meagre fund that was yearly set aside for educating worthy young men who themselves were financially unable. This fund, which in 1874 was but \$300 in the M. E. Church, was over \$30,000 in 1886. The Sunday Schools of Tionesta have been backward in appropriately remembering this National Children's Jubilee, apparently not having received the inspiration until this year. As usual, however, the services in the M. E. Church on Sabbath evening were very attractive, and a credit to the many beautiful entertainments given by our Tionesta folks on kindred subjects. The decorations were grand. In

the centre, towering over the altar, was an immense arch twelve feet high, with a smaller one on each side reaching to the sides of the church. The centre arch, bound with evergreens, had upon it the motto: "The desert shall blossom as the rose," the letters being made of evergreens and flowers, while towering at its sides and above it were pots of real flowers, ferns and brakes. Hanging from the centre was a mammoth wreath in which was a -The following officers of Forest canary bird. Suspended from the smaller wreaths containing silver stars. Upon the left side of the church was a handsome evergreen anchor encircled with a chain of flowers and over it "Hoping and Trusting" in evergreens and flowers. On the right side a crown of evergreens prettily decorated with flowers, and over it in evergreens and flowers, "By and by the reward." This, with many additional cages of birds, pots of rare plants and flowers, pretty children dressed in white and tastily marked with fragrant flowers, presented a sight seldom looked upon. Add to this the appropriate, attractive and elevating exercise, "The Gospel of the Flowers," as given under the direction of Superintendent J. H. Diugman, and it seems to us perfection has been reached. As to the rendering of the programme, it seems that to individualize is a superfluous work. A duett by the Misses Fanny Small and Blanche Pease; a Dolly Carson, Grace Smith, and Jeannie Hoyt; consecutive reading by the younger scholars standing upon a pyramid, closing with a song and child

The choruses by the whole school with Mr. Dingman as leader, were among the grand features of this most joyous entertainment. And we must not close this report before ascribing quisite taste of Superintendent Dingman a very large share of the com-

We hope this is but the beginning of a regular remembrance of this day of days for the children by all our Sabbath Schools.

The Fourth in Tionesta.

The New Tax Law.

The attorney general has notified county commissioners that the act of assembly exempting household furniture, pleasure carriages and watches from all taxation goes into effect from date of its passage, May 13, and therefore relieves them from taxation for 1887. The wording of the act is as

Be it enacted, &c., That all taxes for whatsoever purpose laid upon household furniture, watches and pleasure carriages by and under the revenue laws of this commonwealth, be and the same are hereby abolished, and the laws under which said taxes are levied and collected so far as they relate to the property herein mentioned are hereby repealed.

We may now expect the cautious man to boldly draw out his watch in the presence of a tax collector instead of going a block out of his way to look at a town clock. The earriage owners have also reasons for rejoicing. -Blizzard.

The Burke Washer is just what it is represented to be. I have used one for two months and would not exchange it for any other I have ever seen Mrs. C. A. RANDALL. The Burke washer is an excellent ma-

chine. I would recommend it to every one who needs help on "wash day," Mrs. Dr. HUNTER. It washes clean and requires no rubbing of the clothes by hand. I can recommend it to every one. Mrs. Eli Holeman.

I believe it to be the best washer in the Mrs. D. W. AGNEW. I have used the Burke washer three or four months and could not do without it. The washing can done much more quickly

than the old way and I think just as well Mrs. W. L. KLINESTIVER. It is complete, does work well, saves water, soap and labor, and is not as hard on clothes as a washboard, Mrs. D. W. CLARK.

My children, aged ten and twelve years, can do my washing, and we need not use a wash-board. I am very well pleased a wash-board. I sher. with the Burke washer. Mrs. P. Joyce.

I have used three different washing ma-chines, but the Burke is the best of all. It does the washing quicker, and requires less soap, water and fuel than any other. Mrs. FRANK ZEIGLER.

I have used the Burke washer for six months, and would not part with it for six times the price asked for it. Mrs. M. HEPLER.

Besides the above the following named adies of Tionesta have used the Burke washer, and give equally strong testimony as to its merits; Mrs. P. Agnew, Mrs. H. S. Brockway, Mrs. Jas. G. Carson, Mrs. J. B. Agnew, Mrs. L. Agnew, Mrs. J. A.
