LOCAL AND MISCELLANEOUS.
What the Signals say this Morning.
Fair weather, except on lakes, local snows, slightly warmer, stationary temperature.
—Oil market closed yesterday 921. Opening this morning at 921c.
—Only 305 more days of 1888 left after to-day.
—Tidoute expects to be using gas for fuel this week.
—"The Social Glass" at Skating Rink Hall to-night.
—A new lot Dress Goods and Linings at DEPARTMENT STORE. 2c.
—If teachers would double their wages they should attend school at Edinboro.
—Hon. Peter Berry of Balltown, gave the REPUBLICAN a friendly call last Thursday.
—Frank Wheeler's friends at West Hickory are congratulating him on the advent of a 10-pound boy at his domicile.
—The Citizens Gas Co. decided last night to run a line to East and West Hickory. Surveys for the line will be made next week.—Tidoute News.
—Don't forget that "The Social Glass" will be printed at Skating Rink Hall this evening. A nice entertainment awaits all who attend.
—Salesman among Coal operators can add A. 1. specialty. No competition. Small sample. One agent earned \$2800 in '87. P. O. Box 1371, New York.
—Rev. C. C. Rumberger lost, on the road from Balltown to Whig Hill, Sunday, Feb. 12, a fountain pen, with gold stop point. A liberal reward will be paid for its recovery.
—Mr. B. W. May of Chicago, is the welcome guest of Tionesta friends this week. Ben's portly physique and pleasant jokes never fails to drive away the blues of his old companions here.
—The many Tionesta friends of Mr. B. F. Caldwell, now of Winslow Station, Arizona Territory, will sincerely sympathize with him in the loss of his only child, Beatrice, who died on the 14th inst., aged 16 months.
—Philip Emert moved his shoe shop into the rear of the Reck meat market building yesterday, and has already got comfortably to housekeeping, ready, with pegging-awl in hand, to wait on customers at all reasonable hours.
—Curtis M. Shawkey Esq., was this morning admitted to the bar as an attorney, passing a very creditable examination. Wherever Curtis hangs out his shingle we bespeak and predict for him a lucrative and successful practice from the start.
—The weather signals as displayed by Signalman Fones have not missed it any in the past week's prognostications. The signals indicate what the weather will be for the 24 hours succeeding 7 o'clock of the morning on which they are displayed.
—Miss Martha Morrow took her departure for the west last evening, expecting to make her home with her uncle Rev. James Morrow, of Dexter, Iowa, as long as the country suits her and she don't get homesick. Her young friends here will wish her a pleasant stay in her new home.
—State Sup't Higbee will visit the Tidoute union schools March 9th. Quite a number of other prominent school men will also be here at that time, and a program of public exercises will be arranged by Prof. Crawford.—Tidoute News. Those who would like to meet Doctor Higbee should bear in mind the above date.
—The foreign attorneys who attended court this week were, Hon. W. L. Corbett and W. H. Rose of Clarion; Hon. J. H. Osmer, and C. Heydrick, Franklin; F. B. Guthrie and Bank Examiner J. A. Neill of Titusville; Hon. S. P. Johnson, W. M. Lindsey, L. R. Freeman and S. T. Neill, Warren; M. W. Tate, Meadville.

—Among those from the different parts of the county to whom the REPUBLICAN is indebted for pleasant calls this week are W. M. Coon, Barnett; S. B. Mauros, Harmony; Wm. Albaugh and L. J. Perry, Hickory; D. S. Drury, Frank Munson, and W. S. Davis, Jenks; Frank Walker, Kingsley; B. P. Anderson, Howe.
—The Clarion borough oil territory isn't a dead duck yet, according to reports. Charles Leeper's well, on a lot 200 feet from the Normal well, came in during the week, making a good showing as the former. The first 19 hours it made 30 barrels, and the fever has broken out afresh among the natives, with a promise of becoming more troublesome than the first attack.
—A benefit for the Children's Aid Society of Venango Co., and the Young Men's Christian Association, will be given in the Opera House in Oil City, on Thursday evening, March 1st. The programme consists of banjo and guitar solos, singing by the Ivy Club Quartette, staturary, a charming tambourine drill by sixteen young ladies, and Tennyson's "Dream of Fair Women" illustrated by living pictures.
—In a recent issue of the Ottawa, Kansas, Republican we notice that Mr. Wm. Strauch and wife, formerly residents of this county, were among a party which invaded the residence of a neighbor a few evenings ago, and after having a high time for a few hours, brought forth several tokens of their esteem, and reminded the host and hostess that they just dropped in to help them celebrate their 15th wedding anniversary.
—In its report of the proceedings of the high school institute, recently held in that city, we find, in a Bradford exchange the following complimentary mention of Miss Alice Brennan, one of Tionesta's former popular teachers: "Miss Boyce, city Superintendent, called the meeting to order at 10 o'clock and for half an hour the pupils of Miss Brennan's room gave a brilliant exhibition of primary work. Her system was highly commended and work of her pupils excellent."
—A free lecture on the great and glorious West and Northwest will be given at the M. E. Church, East Hickory, Pa., Friday evening, March 9th, by eminent speakers who can tell you just how to obtain free lands and comfortable homes in the veritable garden spot of the world. R. H. Wallace, agent of the N. Y. & O. R'y, Oil City, Pa., will be present and present each person with handsome maps, beautifully illustrated magazines, and other descriptive matter of our western country, which will be found of use in any household. Absolutely free.
—The ice in the river commenced moving at this point about 9 o'clock on Thursday evening last, and after a little hesitancy passed out with scarcely enough fuss to be noticeable. The creek ice commenced moving above the bridge on Sunday afternoon, but at the mouth did not break up, and the heavy freezing of the past few nights have made it more solid than ever. The back channel froze over on Thursday night after the ice had gone out, and is now quite solid again. The oldest inhabitant comes to the front once more with the startling intelligence that never in his days has the ice passed out of the river when the water was as low as now.
—The following reasonable hint from the Franklin News will fit all towns where natural gas is used for fuel: In time people in the natural gas region will probably learn that accidental fires are just as liable to arise from gas fuel as from coal. The danger is even greater. If too strong a coal fire is built and neglected, it will soon begin to exhaust, and thus correct itself. But if the gas is carelessly turned on too strong and then left to itself, it will remain too strong; in fact the heat becomes cumulative, increasing like that of a lamp in which the wick is too high. The gas fire is a constant and permeating heat. The secret of lamp explosions and mysterious basement fires is not hard to find, and housekeepers and janitors may well bear in mind these precautionary hints. Gas fires and petroleum lights, sensibly managed, are the best and as safe as any in the world.
—A doctor in Nashville gave the following prescription for a sick lady, suffering with neuralgia: "A new bonnet, a cashmere shawl, a pair of gaiter boots, and a bottle of Salvation Oil." The lady recovered immediately, and earnestly recommends Salvation Oil to every one. It is sold at all drug stores at 25 cents a bottle.

Card of Thanks.
I wish to heartily thank the people of Tionesta and all others who so generously assisted me with donations sufficient to pay my fare to my home at Pine Grove Mills, Centre County. L. R. Freeman and S. T. Neill, Warren; M. W. Tate, Meadville, Tionesta, Feb. 28, 1888.

Republican Primaries.
The Return Judges of the Republican primary election held on the 21st inst., for the purpose of electing delegates to the National and State Conventions, met at the Court House, Tionesta, on Thursday, Feb. 23, and were called to order by S. D. Irwin Esq., acting Chairman. P. M. Clark and J. F. Proper were appointed secretaries, and the count of votes was proceeded with, which showed that Mr. A. B. Kelly had received the unanimous instructions of Forest county for Delegate to the Republican National Convention. Also that C. M. Shawkey was elected to represent Forest county at the Republican State Convention, to be held in Harrisburg, April 25th, next.
Hons. J. B. Agnew, A. Cook and C. A. Randall were appointed a committee to confer with other counties of this Congressional District as to manner of making nominations in the district. The above named gentlemen were also appointed Mr. Kelly's conferees.
The result of the vote as shown by the returns, is as follows:

Important Decision by the Board of Revenue Commissioners.
Recently the Commissioners of Forest County applied to the Auditor General for his interpretation of the Revenue Act of 1885, affecting a certain class of taxables, and received the following reply which is of importance to the public:
OFFICE OF THE AUDITOR GENERAL, HARRISBURG, FEB. 24, 1888.
JAMES T. BRENNAN Esq., Clerk, Commissioners of Forest Co., Tionesta, Pa.
DEAR SIR:—Your favor of the 22nd instant at hand. Two years since the Board of Revenue Commissioners held that money owing by solvent debtors, though not bearing interest, was taxable. At a subsequent meeting they held that the book accounts of merchants were also taxable, under the Revenue Act of 1885.
Yours Truly,
A. WILSON NORRIS, Auditor General.

In connection with the foregoing the following decisions by the Board of Revenue Commissioners, at a meeting held in Harrisburg, Jan. 21, 1886, will give considerable light on some things hitherto not fully understood:
The Board of Revenue Commissioners, at a meeting held on Jan. 21st, 1886, considered the many questions submitted to them growing out of the enforcement of the Revenue Act of June 30th, 1885, and call your attention to the answers to the following questions, as their interpretation of the law.
Are bank deposits not bearing interest but subject to check on sight, and money in hand not invested, included in the item, "All other moneysed capital?" No.
Is a dower on real estate taxable? No.
Are deposits bearing interest in National banks, Savings banks, and private banks taxable? Yes.
Are musical instruments, pictures, books, &c., to be regarded as household furniture? No.
Are mortgages owned by Beneficial Associations taxable? Yes.
Are mortgages, judgments, bonds notes, &c., not bearing interest, taxable? Yes.
Are bonds issued by school districts taxable in the hands of the owners? Yes.
Is the stock of corporations, paying tax on capital stock to the state through the companies, taxable in the hands of the owners? Yes.
Is the stock of the New York Central R. R. and other foreign corporations, owned in this state, taxable in the hands of the owners? Yes.
Can a taxable person deduct debts from the amount of his moneysed investments, and only pay tax on the net sum thus shown? No.
If A borrows money from B on a note and lends it to C on a note, are both notes taxable? Yes.
W. S. STENGER, Sec'y of Com. W. LIVESEY, State Treasurer. JEROME B. NILES, Aud. Gen. Board of Revenue Commissioners.

Court Minutes.
At this writing there is very little court news to give. On Monday afternoon the usual routine of hearing the constable's returns, and charging the grand jury was about all that took place. There being very little to come before the grand jury, that body finished up its labors and were discharged in the evening. They acted on seven bills of indictment, four of which were ignored, and three returned "true bills." These were against Aquilla Mong, Calvin Gance, and Chas. M. Kelly for breaking jail. A recommendation was made that boards be erected or placed on the creek bridge to prevent the snow from blowing off, thus causing it to become bare while the sleighing is good. They further repeated the recommendation of a former grand jury, that suitable guards or lattice work be placed in front of the south windows of the jail so as to prevent friends of prisoners from furnishing them with instruments with which to make their escape.
CIVIL LIST.
The case of Mary R. Fox et al. vs. George J. Lacy et al., was continued at cost of the plaintiff for the term.
The cases of D. L. Beaver vs. G. Shamburg occupied the time of court yesterday. The jury returned a verdict this morning in favor of the plaintiff for \$5.00.
Wm. A. Dusenbury et al. vs. Alfred Shortt, judgment for plaintiff for \$2591.00.
Geo. Tait vs. A. A. Hopkins, verdict for plaintiff for \$451.49.
Jno. R. Halladay vs. Daniel Black, on trial.

Byrontown and Vicinity.
The sleighing is almost gone and wheeled vehicles are being brought into requisition again.
The protracted meeting is still in progress, eleven souls having denounced sin in all forms.
Election passed off quietly in this place, as usual.
W. H. Frost & Co. are getting out considerable bark under the supervision of George C. Nicholson.
O. W. K., of the REPUBLICAN, is visiting his mother in Crawford Co. He graduated with the highest honors as brakeman on the siding of W. H. F. & Co., the only thing being wrong the track came to a terminus too quick for O. W. K., and he went on down in the woods. Jack says the foolsh man might have known that the track did not go any further.
The Buckeye is running half time. W. Byrom & Co. will have their stock sawed in about two weeks. Cunningham & Eifert are doing a flourishing trade in the butchering business. A LOOKERON.

Items from Frosts.
The protracted meeting is going on here with good success.
Frank Nash has gone to Corry to visit his father, who has just returned home from Kansas.
The men who came to build the planing mill here were very easily discouraged. After making out their bill for their lumber, ordering machinery and moving their goods, they stayed three days, got homesick and gave up building the mill, moving back to Brockwayville. W. H. Frost says that he will build the planing mill himself now.
W. H. Frost & Co. have a very fine stock of cherry and ash logs in at their mill.
William Kleckner has gone to Saegertown, Crawford Co., to visit his mother and brother, where he will stay for a few weeks.

A Delightful Entertainment.
Under the direction of the Y. W. C. T. U. and the Cornet Band of this place, the popular and sensational drama, "The Social Glass; or Victims of the Bottle," will be rendered by home talent at Skating Rink Hall, on Wednesday evening, Feb. 29, 1888. This drama, in five acts, is one of the popular plays of the day, and well patronized wherever presented. Those having the arrangements in charge have labored diligently for some time in preparing for the treat. The hall has been nicely fitted up with stage, curtains, scenery, etc., and has a comfortable seating capacity of over four hundred. Bills announcing the program will be out soon, and tickets will be on sale early. Don't miss it. A rich treat awaits all who attend.

HERE AND THERE.
Col. Sam Young, the poet, romantic, iron puddler and editor so well known to Franklin in the early days, when he lived here, is still flourishing and hopeful at Zellenopie, Butler county, where he recently celebrated his 66th birthday.—[Franklin News].
A decision was rendered in the United States Supreme Court on Monday of last week, upon the application for a rehearing of the case of William D. Andrews and others against George Hoyt, which is widely known as "The Driven Well Case." This Court held that the patent issued to Nelson W. Green in 1871 for an improvement in the method of constructing artesian wells was invalid because the invention covered by it was in public use more than two years before Green applied for the patent. The Court, after an exhaustive review of the whole case, adheres to its decision, and denies the application for a rehearing. Opinion by Justice Blatchford.
The Derrick of Friday has the following, which would indicate that Fred, will get his neck unjointed if he don't look a little out: Seaton Bros. ponies are still at it. Wednesday afternoon Fred Cummings was delivering some goods at Salina and while driving thoughtlessly through the town the ponies took it into their heads to indulge in their usual pastime. They started down the road on the run. The last time they ran away they straddled a cable on the Suspension bridge and the tongue of the wagon slid up the cable so far that it lifted the horses about two feet off the ground where they hung until the harness was cut and they were let down. This time they made for at house, straight for the front door. The end of the wagon tongue splintered the door and one of the horses jumped into the house, while the other fell up against the side of the building. There was no damage done except the smashing of the door, the breaking of a few straps on the harness, and wakening up Cummings.

WHAT AM I TO DO?
The symptoms of Biliousness are unhappy but too well known. They differ in different individuals to some extent. A bilious man is seldom a breakfast eater. Too frequently, alas, he has an excellent appetite for liquids but none for solids of a morning. His tongue will hardly bear inspection at any time; if it is not white and furred, it is rough, at all events. The digestive system is wholly out of order and Diarrhea or Constipation may be a symptom of the too may ailments. There are often Hemorrhoids or even loss of blood. There may be giddiness and often headache and acidity or flatulence and tenderness in the pit of the stomach. To correct all this if not effect a cure try Green's August Flower, it costs but a trifle and thousands attest its efficacy.

RENEWERS HERE YOUTH.
Mrs. Phoebe Chesley, Peterson, Clay Co., Iowa, tells the following remarkable story, the truth of which is vouched for by the residents of the town: "I am 73 years old, have been troubled with kidney complaint and lameness for many years; could not dress myself without help. Now I am free from all pain and soreness, and am able to do all my own housework. I owe my thanks to Electric Bitters for having renewed my youth, and removed completely all disease and pain."
