To All Parties Interested.

Having had my attention called, by a large tax payer, to a serious error in the Treasurer's Sale list as printed in the National Democrat, I have taken the trouble to compare said list with the original, and find more than seventy-five (75) errors, the greater portion of which are fatal and would invalidate the sale-in some instances entire tracts being omitted. I wish to caution all interested that the publication of the list by Mr. Kepler in the National Democrat, is entirely unau-

thorized by me, and that I will not be responsible to any that may be misled by it. The list as published in the FOREST REPUBLICAN and Democratic Vindicator is official and correct, and the only one that can be relied upon.

I make this statement in justice to those interested as well as myself. SOLOMON FITZGERALD.

HERE AND THERE.

Small pox has broken out in a lumbering camp in Horton township, Elk county.

S. A. Hoovler and A. McCoy, two book agents arrested in Sharon last week for peddling without a license, were acquitted. Judge Mehard told the jury that canvassing was not hawking and peddling. The costs of the suit were saddled upon the prosecutor, Martin Crane. 'This decision is of great interest to book publishers.

Francis Marion, a Brownsville blacksmith, has invented a machine for which it is claimed that it does away with the necessity of removing the shoe from the horse in order to sharpen or retoe them. The machine, which is easily handled, forces a toe on a shoe from the cold iron and the operation of resharpening a horse all round requires but a few minutes .-[Blizzard.
