THE Democracy of the Nation is corralled at St. Louis this week going through the form of placing a Presidential ticket in the field, to be knocked out in November. Of course Grover will get there, and there is scarcely any question but that Allan G. Thurman of Ohio, will be the nominee for Vice President. The old tariff plank of '84 will be adopted. The thing is all cut and dried, and the Gray men of Indiana, who have been knocked out on the Vice Presidency are hotter than little wagons, and that state may be set down as surely Republican this fall,

THE resolution adopted by the Na tional Prohibition Convention censuring the Republican and Democratic parties indiscriminately for preventing the admission of Dakota in the Union is a characteristic instance of ently urged that Dakota, with her 600,000 inhabitants, was entitled to all the forms and powers of statehood, whereas the opposition to it has been are as unjust to the Republican party as the Democracy is to Dakota .-Phila. Since his return to Washington he has this to say about the Convention: "There has been no Democratic convention in Pennsylvania. It was a Scott convention, a millionaire convention. All the federal office-holders were W. J. Roberts, there. It was controlled by officeholders and those to whom patronage was promised. The people were fooled with the promise of patronage which they can never get. Mr. Scott posed as representing the Administration. In the General Presbyterian Assembly at Philadelphia May 26th, the report of the standing Committee on Temperance recommended that church people by no means sanction the traffic in liquor, either by indorsing the bonds of dealers or renting buildings to them, and included resolutions disclaiming political motives, but de claring in favor of the entire suppression of traffic in intoxicating liquors as a beverage. They recommend to the sessions that church membership be denied to liquor dealers. Dr. Campbell spoke in favor of the adoption of the report and its accompanying resolutions. Dr. Howard Crosby opposed the adoption of the resolution, denying church membership to liquorsellers, and hoped it would be stricken WHILE Mr. Blaine has unequive out. The sentiment of the assembly
