ASSEMBLY.

We are authorized to announce CHAS. A. RANDALL, of Tionesta, as a candidate for Assembly, subject to Republican usages.

DISTRICT ATTORNEY.

We are authorized to announce P. M. CLARK of Tionesta, as a candidate for District Attorney, subject to Republican usages.

THE CHICAGO CONVENTION.

At this writing, Wednesday morning, the country, and even the delegates themselves, are as much at sea as to the outcome of the Republican National Convention at Chicago, as they were a week ago.

Sherman will be far in the lead of any individual candidate on the first ballot, but will lack a hundred votes of a nomination. His full strength will be developed on the first or second ballot, unless nominated, when his strength will wane.

The Convention was called to order by Chairman Jones yesterday at 11 o'clock, and the election of John M. Thurston of Nebraska as temporary Chairman quickly followed. All the necessary committees were then appointed, after which the convention adjourned until 12 o'clock to-day to give the committees ample time to make their reports.

The strongest imaginable undercurrent in favor of Blaine is prevalent everywhere, and while his friends are doing everything in their power to keep it smothered, it will burst forth on the slightest reference to his name, and it would not be surprising to hear that, after a number of unsuccessful ballots, a tidal wave in his favor would sweep the convention, and his nomination be made by acclamation.

At all events a nomination will not likely be reached before to-morrow, and whoever it may be, it will be acceptable to the Republicans everywhere, and upon the strong protection platform which will be adopted, will sweep the North from Maine to California.

Free-Trade With a Big F.

What Henry Watterson, Chairman of the Democratic Platform Committee, said about Northern furnaces: "Southern furnacemen should bear in mind that a high duty on imports will keep up active competition in Northern furnaces, while a very moderate duty would protect a fair profit from foreign competition, while greatly enlarging their field by closing many Northern furnaces on account of the cost of production."

Roger Q. Mills, author of the Mills Bill, says tariff must be low enough to increase the largest importations of foreign goods:

"Then every industry will spring forward at a bound, and wealth, prosperity and power will bless the land that is dedicated to free men, free labor and free trade."

"We should not strive to find out the lowest duty that will bring the highest revenue, but fall as far below that as possible, and in doing so, whatever loss to the revenue may occur should be supplied from some other source. We should remember that the LOWER THE DUTIES THE GREATER WILL BE THE PROFITS."

"We should gradually decrease the amount UNTIL OUR CUSTOMS TAXES COME ALONE FROM NON-COMPETING ARTICLES entering our custom houses."

The condition of General Sheridan has improved somewhat during the past week, and his physicians think his life may be prolonged for some time yet, although his health is so shattered that he will never again be able to sit in his saddle. The people will rejoice to know that brave Little Phil. is to be spared to them at least for a brief season.

The Democrats have reluctantly concluded that this was an off year in Oregon.

The Oregon election has cut short the Democratic yell for free wool. Even Mr. Mills has little to say for this way of decreasing the revenue and the Democratic vote at the same time.

The Democrats have adopted a stronger Free Trade platform than they have ever had before. The Republicans will meet it by adopting the strongest Protectionist platform they ever have had.

Let us have a good turnout at the Republican primaries next Saturday afternoon. Get out and swell the vote, thus paving the way for a glorious campaign in the fall. Every precinct should be well represented.

WHEREVER there is an American flag there is the Republican campaign banner this year. Voters die for it, women sigh for it and children cry for it. And it is going to wave over an American victory this year.

The Democrats are credited with having spent not less than \$45,000 in Oregon during the recent campaign. If the report is correct they would have done better to save the money for use in Texas and Kentucky.

The English and Canadian papers continue to print flattering articles about Cleveland, Thurman and Free Trade. The combination has certainly made a great hit. It may be said that it is starting in the provinces.

HENRY GEORGE courageously urges the Democrats to stick to their Free Trade platform and fight the battle on that line, but if he expects them to do anything of the kind he doesn't know the party he is talking to. They have begun to dodge and run already.

ANOTHER great victory for Roger Q. Mills and his fellow Free Traders! The Pennsylvania Steel Works will shut down on the 30th of June because of the stagnation of trade resulting from the attack on the tariff. Steelman Mills should lose no time in telegraphing the good news to England.

The Free Trade party has never nominated a ticket which commanded such hearty, unanimous support from the British press as Cleveland and Thurman are receiving. If foreign influence could elect them they would be fully warranted in going to work on their inaugural addresses right away.

TIN PLATE costs \$5.13 a box to make in the United States and \$3.05 a box in England, a difference of 68 per cent, which is probably the reason why the Democratic majority in the House has wiped out present and future tin-plate manufacture by removing the present duty of half this disparity in the cost of manufacture.

The Hon. Samuel J. Randall very clearly defines his position on the Free Trade issue in the single remark that he is "opposed to favoring a foreign country at the expense of our own." That is good, sound doctrine certainly, and its enunciation suggests this query: How long does Mr. Randall, who opposes enriching foreign countries at the expense of our own, propose to co-operate with the political party which is heartily in favor of that very policy?

The Louisville Courier Journal, discussing the treatment which Americans receive abroad, says, "the whole warp and woof of English society, politics and journalism are hostile to America and Americans." Our esteemed contemporary evidently believes the English ought to be coddled and conciliated, and that as a means of doing so we should give them free entry and control of American markets for their manufactures. This is the sort of conciliation one may win by inviting one's enemy to put his foot on one's neck.

The Pittsburgh Times, in speaking of the Oregon election, says: "The Republican majority in Oregon—whenever there has been any at all—has ranged from 500 to 2,500. The majority of last week's election will be between 7,000 and 8,000; it may be even greater. The voters took the President's message and the Mills bill to guide them in their action. There was no other than the tariff question thought of. Oregon is a wool and cattle State and the people were clear in their minds as are those of other States whose interests are similarly touched by the President's message and Mills bill, the former of which has been made a part of the Democratic platform, while the latter was approved by the convention that nominated him, for passage by Congress. There is no escaping the issue, no side track, no substitute for the free trade proposals by Cleveland formulated in the Mills bill on the tariff question. The voters of Oregon understood it and voted accordingly. As a sign showing what public opinion is, the Oregon election is of the first importance."

EMPEROR FREDERICK of Germany is no more. The disease of his throat, which for months has held him at the point of death, culminated in his demise on Friday morning last at 11 o'clock. The new Emperor William II, is now at the head of the German Empire. All the world mourns with the German people in the loss of their idolized King, and the lamentations that fill the Empire to day are not because of any loss to him, but because of Germany's loss of him. Seldom has a ruler seemed destined to a brighter future than he; seldom has a nation more sincerely mourned a beloved leader. They knew him well. He was kind and thoughtful; conservative in action, progressive in thought; firm and decided, yet never overbearing. Truly the nation has cause for mourning.

Republican Primary Election.

Pursuant to a Resolution of the County Committee, passed May 21st, it is ordered that the Republican voters of Forest meet on

SATURDAY, JUNE 23, 1888, at 2 o'clock p. m., at the following named places of holding Primary elections to-wit: Barnett, Jacob Mazer's Carpenter Shop; Barnett, Huling's, Joseph Hall's Shop; Green, Upper, at Guiton School House; Green, Lower, at Nebraska, Forest House; Harmony, Upper, at Fleming Hill; Harmony, Lower, Atlander School House; Harmony, at West Hickory; Hickory, at East Hickory; Jenks, East, Byrom's; Jenks, Central, Marienville; Jenks, Southern, Gilfoyle; Kingsley, Newtown; Kingsley, Whig Hill School House; Kingsley, Starr School House; Howe, East, Brookston; Howe, West, Balltown; Howe, Middle, Cooper Tract; Tionesta, Court House; Borough, Court House.

At which time and places they will by their votes nominate: One person for Congress. One person for Assembly. One person for District Attorney.

Each Election Precinct will also elect one person for Member of the County Committee for the ensuing year. At the meeting of the County Committee, May 21, 1888, the following motion was carried: That in townships where only one polling place exists, there be elected two assistant committeemen; in townships where two polling places are established that one assistant be elected, said assistants to be elected at the primaries same as the original committee.

The polls will remain open until 7 p. m. Return Judges will convene at the Court House, Tionesta Borough, on the following Tuesday, June 26, at 2 o'clock p. m.

Attention is called to the Act of June, 1881, regulating Primary Elections, that Judges and Clerks, before entering upon the discharge of their duties shall take and subscribe an oath or affirmation in presence of each other, viz:

"I do (affirm or solemnly swear) that I will as Judge, Inspector or Clerk (as the case may be) at the ensuing election impartially and faithfully perform my duties in accordance with the laws and constitution of the Commonwealth of Pennsylvania, and in accordance with the rules and regulations adopted by the Republican party of the County of Forest, for the government of said primary elections, meeting or caucus, to the best of my judgment and ability."

This oath or affirmation to be first administered to the Judge by an Inspector, then the Judge can qualify the other officers or administer the oath to any elector for convenience and is that prescribed by the Act aforesaid. And all boards will observe it closely, that the election may be conducted according to Rules of the Republican party in this County, and law governing primaries.

SAMUEL D. IRWIN, Chairman Republican Co. Com.

Republican Primary Rules.

RULES GOVERNING THE REPUBLICAN PRIMARY ELECTIONS OF FOREST COUNTY. 1. The candidates for the several offices shall have their names announced in one or more of the county papers at least three weeks previous to the Primary Meetings stating the office, and subject to the action of the party at the said primary meetings. 2. The voters belonging to the Republican party in each township and borough, shall meet on a day to be designated by the County Committee, at the usual place of holding primary elections, at 2 o'clock P. M., and proceed to elect one person for Judge, and two persons for Clerks who shall form a Board of Elections to receive votes and determine who are the proper persons to vote, and who shall hold the polls open until 7 o'clock P. M. After the polls are opened, the candidates announced shall be balloted for; the name of each person voting shall be written on a list at the time of voting, no person being allowed to vote more than once for the same office. 3. After the polls are closed the board shall proceed to count the votes that candidate has received, and make out the returns accordingly, to be certified by the Judge and attested by the clerks. 4. The Judge for one of the Clerks appointed by the [unclear] of the respective election district, shall meet at the Court House, in Tionesta, on the Tuesday following the Primary Meetings at 2 o'clock P. M., having the returns and a list of voters, and the persons, and subject to the action of the party for any office, shall be declared the nominee for the Republican party. 5. The Return Judges shall be competent to reject by their majority, the returns from any district where there is evidence of fraud, either in the returns or otherwise, and shall reject them where there is evidence of fraud, or more persons voting at the Primary Meeting who are not Republicans. 6. Any two or more persons having an equal number of votes for the same office, the Judge shall proceed to ballot for a choice, the person having the highest number to be the nominee. 7. The Return Judges shall appoint Conferees—Representative, Senatorial and Congressional—whose acceptance of said appointment shall be a pledge to support the person who may receive the largest number of votes cast for that office. 8. The Return Judges may at any time change the mode and manner of selecting candidates as they may be instructed by the people at the primary meetings, due notice being given by the County Committee. 9. The Chairman of the County Committee shall be entitled to issue a call in pursuance of the action of the County Committee.

A PROFITABLE OPPORTUNITY FOR INVESTMENT.

TALLAPOOSA, GA.

THE PROGRESSIVE YOUNG CITY OF THE NEW SOUTH.

This prosperous young city, which is now attracting investors, manufacturers and settlers from every section of the United States, is situated in the heart of the Georgia Iron Belt, and is the seat of the highest grades of iron ore, manganese and marble. It is also the seat of the highest grades of iron ore, manganese and marble. It is also the seat of the highest grades of iron ore, manganese and marble.

Residence and building lots which sold for \$200 six months ago, are changing hands at \$1,500 now. Property on the leading business streets has advanced from 500 to 1,000 per cent. in the last few months, and is still on the ground floor in comparison with prices of property in other cities. With the present rapid growth of the city, property must increase in value during the next year, and lots are being sold at from \$20 to \$500, should bring five times that sum before the close of the present year. This Company have investors over \$75,000 in improvements in the last few months; over 100 new buildings are in process of erection and nearly completed in the city, and built, both and enterprise everywhere apparent.

Having \$1,000,000 for manufacturing enterprises and improvements is pledged for the city to be located here in the next three years, and this alone means a population of from ten to twenty-five thousand.

Liberal Inducements to Manufacturers.

This Company is prepared to offer the most liberal inducements to manufacturers who will locate their works in Tallapoosa. They will donate land, railroad front for plant, and other valuable considerations; raw material and cheap labor are abundant, and a home market secured. The South is fast becoming the great manufacturing center of the Union, and Northern manufacturers thinking of locating in the South, should communicate with this Company.

★ COME TO THE SOUTH. ★

It is the most desirable section for settlers and investors in the United States to-day. Fertile lands are being made rapidly, and the abundance and cheapness of land company's stocks, and we have as yet seen but the beginning of an era of wonderful prosperity in this best partially developed, though greatly favored, section. In climate it is the Eden of America, in its individuality it is the Eden of the earth, and its fertility of soil, abundance and diversity of mineral products, and in growing property and progressiveness, no section of the country can equal it.

Profitable Investments. Enormous Dividends.

We would call the special attention of either large or small investors, who have been accustomed to small rates of interest, to the advantages of Tallapoosa in place of profitable and absolutely safe investment. Real estate and stocks in Tallapoosa are rapidly advancing, and investments can be made here to-day that are sure to double and quadruple before the close of the present year. Investments in Tallapoosa are sure to return handsomely to the investor, and are absolutely safe investments. We have yet to know of a single instance of investments made here, that have not returned large dividends to the investor. As the city grows in its infancy, real estate is selling at low prices, and those who invest during the next few months will reap the harvest before they are sown. The best place of investment in Tallapoosa is in the rapidly growing property of the city.

To Those Looking for a Favorable Place for Location.

If you are wholly without money, do not come to Tallapoosa. Do not go into any new country without having something to give you a start, but if you have a little money, go to Tallapoosa, and if you have a laborer, and desire to locate in a section where the winters are mild and equable, and the summers are warmer than the North, where perfect health is secured for yourself and family; where you can build a house for one-half the cost of building the same house in the North; where you can live in comfort and much less than in New England and the West, and are willing to use your energy and influence in co-operation with others for the prosperity of the city in which you are located, and appreciate a thriving, industrious, progressive city and people come to Tallapoosa. If you are of this class you are wanted here, and the site you have can be invested in the building of a home that will rapidly increase in value on your hands, or in the channels of some business or enterprise that will earn the most gratifying dividends.

Come and Investigate.

Nine out of ten of those who come and personally investigate the merits of Tallapoosa, as a place of profitable investment, and who have seen some of our investors or permanent residents, or both, the wonderful advantages of this Piedmont region and the place of profitable and safe investment, and who are in Northern States and Western, an accurate description by us would be looked upon with incredulity.

We will cheerfully pay the traveling expenses of any person visiting Tallapoosa who does not have a dollar, and we will send them a copy of our prospectus, and the property of this Company, as represented by us. We will also send them the most rigid personal investigation by investors and those looking for a desirable place of location, and will give all who come to come and see for themselves the many advantages of Tallapoosa as a place of profitable and safe investment, and location of business or manufacturing, or for residence.

SEND FOR PROSPECTUS.

We have issued an elaborate prospectus, accurately describing the city and its surroundings, and the property of this Company, giving illustrations of many of the buildings, residences, etc., also a list of city, price list of lots, land, and stock of this Company, and other information of interest to investors and settlers, which we will send free on application.
