A FRIEND has sent The Press I pamphlet copy of a speech delivered by Hon. Alexander K. McClure in this city in the campaign of 1860. It is a terrible arraignment of those Democrats who were the deadliest foes of Protection because they were not open and manly in their opposition to it; who made professions of devotion to Protection, but meant that no tariff foreign labor by their Candidate Banman should be elected president by their votes. They, the distinguished orator said: "Came with gifts and fair promises and meant to betray as they had betrayed before." This speech would fit admirably the present campaign, although Colonel McClure or support from the American laborer. is not now, as then, the chairman of Thurman has his cheap labor, sure the Republican State Committee. He enough, but the American laborer is now engaged in supporting these Democratic Free-traders who are not not thank him for it. always manly enough to say they are Free-traders; who come with gifts and |ed in 1879. HARRISON AND MORTON CLUB. Enthusiastic Meeting at the Court House Thursday Evening.

If there was any doubt about the enthusiasm among the Republicans of this section, that doubt was certainly dispelled from the minds of those who attended the large gathering at the office of Chairman Sawyer last Thursday evening for the purpose of organizing a Harrison and Morton club. Upward of ninety had already signed the roll, and before business commenced the number was swelled to considerably over one bundred, and it seemed as though nearly all bad turned out on this occasion.

A temporary organization was formed by the selection of Dr. Morrow as chairman, and F. F. Whittekin, secretary.

The first thing in order then being the election of a permanent President of the Club. This honor fell to Mr. Linus J. Hopkins, who was then conducted to the chair. Thos. Brace was elected Vice President.

J. E. Wenk was elected Secretary, and Solomon Fitzgerald, Treasurer. Officers of the Club for marching and drill were then elected as follows: Captain, Joseph C. Scowden.

First Lieutenant, Amos F. Ledebur. Second Lieuts., H. H. Shoemaker, John R. Osgood.

The captain was empowered and instructed to appoint Sergeants and Corporals from the ranks.

On motion the following committee to draft constitution and by-laws for the government of the club was ap-C. A. Randall.

A committee of five, as follows: J. R. Clark, J. H. Butler, Ed. Kiser, Q. Jamieson, Solomon Fitzgerald, was of erecting a Log Cabin, and report at next meeting.

The matter of a name by which the club should be designated was discussed, and it was finally agreed that it should be known as the First Harrison and Morton Club of Forest County.

On motion adjourned to meet at same place Thursday evening, Aug.

In this connection we might appropriately give the list of Harrison veterans of 1840, who have thus far sent in their names, and who will vote for Ben. Harrison this fall if spared. They are as follows:

Mr. John R. Stroup, Tionesta town-

Mr. Daniel Noble, Tionesta Bor-

Hon. Joseph G. Dale, Tionesta boro, Hon. John A. Proper, Tionestand. Hon. Lewis Arner-Tionesta twp. Mr. R. M Ainnear, Trunkeyville.

Mr. Joseph Grove of the borough, was a voter at that time and voted for Van Buren, but will cast his vote this year for the grandson of Tippecanoe. There are undoubtedly others in the county who voted in the campaign of 1840, and intend to vote for Harrison, Morton and protection this year, and Banner, on behalf of Republicans of we should be pleased ... ave them report the fact to us.

#### The Cut in Wages.

President Gompers of the Federation of Labor, says that the cut in wages began about twelve years ago with the introduction of contract labor from Europe, and that as the importation of this labor increases wages in this country decrease. President Gompers tells the truth. It is the importations from the pauper districts of Europe that have reduced the wages in the United States, and whether it is labor that is imported or the product of labor, the effect must be the samea reduction of the wages of American labor. Both ought to cease. The contract laborer should be returned, and pains and penalties inflicted upon the contractor and all who aid and abet him in his peruicious calling.

The Democratic politicians just now are in a state of mind, as it were, over this contract labor. They hope to make political capital for their party out of it. Just how they don't exactly ree. The encouragement of cheap

dana Thurman, where he said on the floor of the Senate, so early as 1879 that "FREE EMIGRATION would be advantageous in that it would furnish CHEAP and efficient laborers," is not calculated to excite much admiration whose wages have been out down do

It was CHEAP LABOR Thurman wantthey expect the American workmen to vote for them. Not this fall. The

Designs of the Free Traders.

The following letter was written by Gen. Richard Taylor, of the Confederate Army, to a Northern friend:

"We made two great mistakes. Had we avoided them we should have conquered you. The first was, that we did not substantially destroy the protective features of the Tariff in the winter session of 1857 and 1858, by an act which provided a rapid sliding scale to Free Trade. \* \* \* We could have passed such a law and held it tight on you till it closed the furpaces, workshops, woolen and cotton mills, and steel and bar iron works of the whole North and West, and scattered your workmen over the prairies and territories. When the war was ready for you, you would not have been ready for the war. You could not have armed and equipped and put into the field a large army, nor built a large navy. You would have been without supplies, machinery and workmen, and you would have been without money and credit."

We think it hardly necessary to add any comments to such candid utterances, but if we were to express ourselves it would be in terms similar to the following from the pen of Wm.

"That is the determination of the Democratic party, as at present organized in the executive and legislalive departments of the Government, to inflict upon the country the most fatal results that could flow from a sliding scale of Tariff duties is proven by the terms of the President's message and the provisions of the Mills pointed: J. W. Morrow, J. B. Agnew, bill as it was given to Congress fresh from the hands of its framers. Its evident design was not to promote symmetry of protection and the pros perity of the entire country, but to maintain the industries of the old South, which may be conducted by ignorant and unskilled laborers, and to reduce the people of the North to the level of the masses of the people of the South, by closing the furnaces, workshops, woolen and cotton mills, steel and bar-iron works of the whole North and West."

ONE of the most horrible sea disasters on record occurred on the 14th of this month. The steamers Geiser and Thingvalls collided in a dense fog, and the former vessel sank in less than five minutes. Seventy-two passengers and thirty-three of the crew were lost. Most of the passengers lost were Swedes returning to their native

With Protection on our banner We will march to Washington, And in the Presidential chair Place Columbia's favorite son.

Three cheers for Pennsylvania, And three for Harrison; With flags and banners waving, We will march to Washington.

Then east your vote for soldier Ben .-No substitute he bought-But when Abe Lincoln called for mer He went and bravely fought; He is a man of noble blood And bears an honored name, And the man who represents us Should bear no trace of shame.

Three cheers for the party, And three for Harrison; With Protection as our watchword We will march to Washington.

Now there is Levi Morton-A millionaire, 'tis true-But even, boys, a millionaire Some noble deeds may do: When Ireland was suffering-Of this you may have read-Some fifty thousand dollars He sent to them in bread.

Three cheers for Levi Morton, And three for Harrison; We all will be protected When they get to Washington.

Jim Blaine shall be our leader; He is noble and he's grand; His voice will soon be ringing O'er all this heaven blessed land; There is Union in the party-To victory he will lead-Hard times then will vanish, And we bid the day God speed.

Three cheers for the Union! And three for Harrison! With flags and banners waving, We will march to Washington,
