This over-confident feeling might have proved disastrous under the circumstances, and it won't do to let it occur again as we may not always escape so easily. The very pines, hemlocks and hardwoods of Jenks Township cried out in thundering tones against Free Trade. Such a groundswell as that and the one in Green is enough to strike terror to the most unterrified.

The money was all right, but where were the "brains" in this campaign? Up at Democratic hindquarters, no
