The New Lien Law Set Aside.

The decision of the Supreme Court of the State given by Justice Williams in Pittsburgh on Monday of last week, sets aside the entire new lien law passed by the last Legislature on the broad ground that it is unconstitutional.

This decision of the court of last resort does not comprise the mechanics' liens of the State, except as they have been entered by individuals or dealers with subcontractors under the act of January 17, 1887.

The election is over, and it is much too early to begin the next campaign, although plenty of our esteemed Democratic contemporaries who were badly out in their reckoning this time have already got Cleveland elected in 1892.
