Another is to have a special teacher go from one school to another. But the plan Miss Ida Black, most hartily favored is to educate the teacher and have the branch taught as any other branch. The first step toward Manuel Training is the teaching of Drawing. Every teacher should take a course in Drawing. Prof. Davis said it was not his intention to advocate Manuel Training, neither to oppose it. He spoke of it as a fact that we have to deal with. He believed that within the next two years the teaching of this branch would be required. therefore the teacher should get ready for the work. Until it has been given a fair trial we can neither approve nor condemn. Recess.

### OBITUARY.

DIED-At his home near Lickingville, Dec. 26, 1888, of typhoid pneumonia, Solomon, son of George Seigworth, aged 21 years, 1 month and 9 davs.

Mr. Seigworth was very highly esteemed throughout this entire community, and leaves a large circle of frieads to mourn his death. For several years he had been a faithful Christian, having become a member of the Evangelical Lutheran Church in 1881. A short time previous to the exit of his spirit to the Glory World, he sang the beautiful hyme, "Oh how happy are they who their Saviour obey." The deceased was taken to the Evangelical Church where Rev. Carl Zinsmeister delivered an eloquent discourse to the bereaved, after which the remains were conveyed

to the Hill Cemetery for interment. Thus another promising young man has been overtaken by the "White Horse" and his "Pale Rider," and

coerced to give up his friends and enjoyments here to experience the realities of the other world. This should again remind us that we are mortal, and ought to be (as was Mr. Seigworth) prepared to meet this solemn and awful change.

To the bereaved : Weep not for those who have been called to inherit the home prepared for them that love the Lord, and follow His commandments, for they have only stepped out of a world of sin and sorrow to enjoy extreme happiness forever in a "world of pure delight," at God's right hand, where sickness and sorrow, pain and death are felt and feared no more. certificates.
