LOCAL AND MISCELLANEOUS.
—Oil market closed yesterday 911.
—St. Patrick's Day occurs next Sunday, 17th.
—Robins and bluebirds are here this morning taking in the balmy spring weather.
—Mrs. Eliza Fitzgerald, one of the oldest of Barnett township's residents, died on Monday of this week.
—Patrick Joyce has been suffering severely for ten days past with a heaving in the head, but is now recovering.
—Mr. Barnett held the lucky number that drew an elegant gold watch and chain, valued at \$100, last Monday evening.
—Mr. Uriah Kiester is moving from Hickory to Tyersburg, his household goods having gone through here the first of the week.
—Gilbert McKinley Esq., of Philadelphia, was called here on business during the past week, and met many of his old time friends during his stay.
—The Forest county land suit of Peter Berry et al. against L. F. Watson, et al., will be tried in Warren the last week in March.—Tidoute News.
—Mrs. Jackson retires from the Ludlow House April 1 next, having sold her lease to L. Agnew, of Tionesta, who is said to be a good hotel man.—Warren Mail. And so he is, too.
—Congratulations and best wishes to our friend Frank Walker, whose wedding notice appears in this issue. That everlasting sunshine, happiness and prosperity may be the lot of you and yours, is our best wish, Frank.
—Persons elected justice of the peace at the election in February, must notify the Prothonotary of their acceptance of that office within 30 days after the day of election; also the name of the justice of the peace whom they individually succeed.
—Fred Morgan was up from Oil City a few hours yesterday afternoon. We didn't just catch onto his business, but diligent inquiry at the Recorder's office convinced us that it wasn't a marriage license he was after, although Fred seemed in a particularly happy mood.
—Big attorney fees. Hon. Samuel Griffith, of Mercer, and Mr. Jones, of Ohio, who were the attorneys for R. S. Kimberley, of Sharon, in his suit against C. D. Arms for \$1,200,000, have just received \$100,000 to divide, as their fee. Mr. Griffith is well known in Forest County, as he has attended court here several times.
—Under the auspices of the W. C. T. U. of Tionesta, the Chinese Village Co. will appear in this place on Saturday, March 23. The company is a large one, and has the reputation of giving a very pleasing and instructive entertainment. The program is designed to illustrate the habits and customs of Chinese life, of which Americans know but little.
—Tionesta Lodge, No. 369, I. O. O. F., will organize a Rebekah Degree Lodge on next Tuesday afternoon and evening, March 19, at Odd Fellows Hall. The new lodge to be known as Lenora, No. 198. Mrs. Carrie L. Hoskins, of Oil City, has been deputed to organize the same. It is hoped there will be a good turnout of those interested.

—Harry Keating, who came up from St. Petersburg this afternoon, says the reports regarding the prevalence of diphtheria at that place are greatly exaggerated. He says there have been seven or eight deaths in that vicinity, and it is thought to have had its origin in the school house. At the present time, however, there is not a case in the place.—Blissard.

—Many of the friends in this place of Mr. L. Herman Beaver were the recipients of invitations to attend his marriage to Miss Cora May Jackson, of Boston, Mass., which happy event is set for March 19th, at the home of the bride's parents. The REPUBLICAN joins Herman's many Tionesta friends in advancing congratulations and good wishes upon this happy occasion.

—An altercation took place last Friday morning between Grant Erb, who works on West Hickory creek, and Lewis Strain of the same neighborhood, in which Erb was struck on the head with a stick of wood, and on Monday evening following, he had only partially regained consciousness. We are without particulars, but understand that Erb is in a critical condition.

—Mr. Rowland Cobb has accepted a responsible position with one of the largest lumbering institutions of this country, and departed on Monday for headquarters. His particular field of operations will be in North Carolina, where he may locate some time during the coming summer. There isn't any doubt about Mr. Cobb's ability to handle a lumbering concern of almost any magnitude, and the company is to be congratulated on securing him.

—Patience, sometimes, ceases to be a virtue, and Collector Canfield has been arrived at that point in the matter of tax collections. He has been very patient with many for almost a year now, but he cannot and will not endure it longer, and he hopes that this appeal will reach the eye of, and be heeded by, those who have put him off from time to time, with various excuses, until he is obliged to resort to harsher methods. The money must now be forthcoming. Don't forget that.

—The following concerning Mr. W. G. McCain who moved from Nebraska, this county, to Brockwayville, Jefferson county, last season, will interest many of our readers: "A timber sale involving what has been estimated at from 10,000,000 to 20,000,000 feet of pine and hemlock, mostly the latter, has just been closed here. The Ellis '700-acre lot,' about a mile north of the village, was sold to Bozard & McCain, whose mill property adjoins it. They will manufacture the timber."

—The reports of officials to the Grand Place of A. O. U. W. of Pennsylvania lodge the membership in the State on the 1st of January at 15,346, an increase of 443 in the previous 13 months. In the same period of time the total receipts for the general fund were \$22,362; disbursements, \$19,504; leaving a balance of \$2,858 in that fund. In the 13 months the beneficiary fund showed receipts of \$187,582, and disbursements of \$178,000, leaving a balance of \$9,582. During the year there were 1,456 applications for membership, of which 1,360 were approved, and 96 rejected. Of the total number rejected "family history" is assigned as the cause of the rejection of 30; "pre existing or present disease" of 42 and "free use of intoxicants" of 14.

—Rev. Wm. Elliott. Many of the friends of this able minister, who lived a few years among us, will read with great pleasure of his success in his new field in Canal Fulton, Ohio, as is evinced by the following notice of his work, which we clip from the March number of the National Presbyterian: "Our congregation here is still living. Four years ago Rev. W. Elliott was called to the pastorate. At that time we were struggling with an old debt of \$740 on our parsonage. Since then the debt has been cancelled, and we have repaired our church edifice, including new roof, new pews, new furnace, new carpets and remodelled lecture room, costing in all \$1,613, all paid. Our Ladies' Aid Society contributed \$300 of the above sum. During the past four years we have raised and paid for beneficent purposes, including pastor's salary, \$6,659.72. Our redemption services were held Dec. 23, 1888. Rev. B. M. Kerr, of Brownsville, Pa., assisted the pastor."

—The Time honored Notre Dame, Baltimore, Md. We have had ample opportunity to convince ourselves of the efficacy of Salvation Oil. We cheerfully submit our names to the public as reference. Respectfully, Sisters of the Notre Dame, Aisquith and Eager Sts., Baltimore, Md.

—That old established cough remedy, Down's Elixir, still more than holds its own in the public estimation, despite sharp and active competition. It is a "home remedy," and in this locality needs no words of praise from us, so well and favorably known is it. It is the standard remedy for coughs, colds and all throat troubles, with great numbers of our people, and their continued use and unqualified recommendation of it speaks volumes in its favor.—Burlington, Vt., Free Press, January 25, 1882. For sale by D. Barnett.

—The Dawson well, which was just tapping the sand when our report of last week closed, opened up in good shape. The sand is a mystery to old operators in this section, and may be said to be a new find entirely. It might also be put as a fourth sand, as three distinct and separate sands have been gone through. At all events there is piles of it—50 feet—and it is a very handsome article. The well is now doing about 25 barrels, has abundance of gas, and pumps a great deal of strong salt water with the oil. This new strike has greatly stimulated operations in that section, and many of the wells which were given up as dusters, or practically so will be drilled deeper in hopes of striking this new sand. The territory is about all gobbled up, and much of it is cut in very small pieces, which makes it all the better for activity in operations.

—Representative Randall was home from Harrisburg over last Sabbath. He informs us that the 3-year constabill, mention of which we made last week, was duly passed and signed by the Governor in time to take effect at the recent elections, but that owing to the peculiar wording of the section specifying when it shall go into effect, there is a diversity of opinion as to whether the officers elected this year will get the benefit of a three-year term. The act says that at the elections held in February next, constables shall be elected for three years, &c. As the act was passed in February the construction placed upon it is that it does not take effect until next year. The courts will likely be called upon to decide the matter before the time for another election comes around. As to the Assessors, those elected at the recent election will hold over for three years, no such ambiguity of language having crept into that measure.

At Rest.
M. Jennie Hunter, wife of W. A. Grove, died at her home in Tionesta, March 10th, 1889. She was born in Tionesta, July 15, 1850, daughter of the late W. F. Hunter, M. D. For many years Mrs. Grove had been an invalid, so that she was debarred from taking the active part in social life for which she was otherwise so well fitted. Although an invalid, she was uniformly cheerful and uncomplaining. A number of years ago she was converted and connected herself with the M. E. Church and as long as her physical condition would permit she was constant in her attendance on the public service of the church. Of late her sufferings have been intense, yet she never uttered a word of complaint. She repeatedly assured her friends that her faith in Jesus as her Saviour was unclouded. Although she had many ties binding her to earth—a beautiful home, kind husband and mother, three loving sisters and a brother, yet she willingly turned away from everything of earth to enter into the possession of the "house not made with hands."
"For me to live is Christ, but to die is gain."
"No, no, it is not dying,
To wear a lordly crown;
Among God's people dwelling,
Of Him whose sway we own."

Strokelet.
Mr. and Mrs. Daniel Fellows of Newmansville, were the guests of Mr. and Mrs. P. Stitzinger.

Wm. Amsler of Fryburg gave friends of this proximity a flying visit one day last week.

The last day of the Lickingville school, which was taught by E. E. Stitzinger, was largely attended and a very pleasant time was had in general. It "wound up," by a literary entertainment in the afternoon, the closing performance being an elegant address delivered by the teacher to the pupils.
Miss Cora McMichael of this place is confined to her bed from the effects of rheumatism. We wish her a speedy convalescence.
Miss Jennie Wolfe, who was stopping in Tionesta for a week or two, returned to her home near this place. F. Stitzinger of this section lost a valuable cow last week. She kicked the bucket for certain, but the question is, how?
March 12.

—Are you insured against loss of time by sickness or accident? If not, you can be. Sick benefits paid after first week's sickness, and for every day you may be disabled by accidental injuries. Buffalo Mutual Accident Association will insure you against both or either. P. M. Clark, Agent, Tionesta, Pa.

It is a "home remedy," and in this locality needs no words of praise from us, so well and favorably known is it. Barnett Notes.
—Jim went to school one day—
Broke a rule while at play,
For which he got a shaming,
And now his bones are aching.
There seems to be little hopes of the recovery of Judge Cook.

Mr. Samuel Cusins, an aged and respected citizen of this township, was found dead in his barn on the sixth inst. The remains were interred in the Clarion City Cemetery on the Friday following. Heart disease was the cause of his death.

Mrs. Clista Munhollan visited friends in Jefferson county last week.

Prof. Stewart and Whitmer are spending a short time with their parents previous to attending the Clarion Normal.

The lumber is now principally on the banks of the creek, and the lumbermen are anxiously awaiting suitable weather for rafting.

This is the sixth week since "ground hog day." As the day was cloudy we opine that his porcine majesty carried a lantern and saw his shadow by lamp light.

We had the pleasure of attending a "spelling bee" at Greenwood school. Good order prevailed during the entire evening. Prof. E. S. Whitmer, teacher of the Cookeburg school, was the champion speller. There was one speller present who spelled in the ancient style, which was quite amusing to young America.

Our schools, with the exception of one, will close the present week. The terms just closing have been successfully taught.

One of our lady ex teachers has accepted a position which we believe she is well qualified to fill.

Competition in correspondence from this township will not be so strong in the future. "I know who" retiring and leaving the entire field to "Scribblers," whose purse will no doubt be filled to overflowing with fees. Scribbler's heart throbs in sympathy with the poet who wrote the following:
Fee simple and simple fee,
And all the fees in tale
Are nothing when compared to thee—
Thou best of fees—fe-male.

March 11, '89. ANON.

FROM ANOTHER CORRESPONDENT.
Rev. Stone preached a very able sermon in the Greenwood Church last Sunday evening.

The oyster supper at Mrs. Boyd's Saturday evening was a grand success.

J. B. Campbell is going into the poultry business in the spring.

Rev. Latahaw will lecture in the Greenwood church on next Monday evening on temperance.

Rev. Delo is improving in health slowly.

Elliott Stoughton is holding forth at the Blackberry mill this winter.

Charley Burton is going to move to Cookeburg in the near future.

At a "spelling bee" at Greenwood school last Thursday evening E. A. Kuhns was the champion.

Mar. 9. WAY SIDE.

Forest County's Insane.

Sarah Shoupe is quiet but very much deranged.
Isaac Reed has been quiet for many months, but there is no improvement in his mind.
William Barnhart is very much deranged and at times is much excited.
Samuel Hawthorne is very quiet and pleasant, but keeps his peculiar ideas to himself.
Olive Noble is pleasant except when she has fits which make her quite uncomfortable for some hours.
Peter Guenther is very dull and sullen and has been so for several weeks.

Very Respectfully, Yours,
JOHN CURWEN.

HERE AND THERE.
Capt. J. B. Miles, a popular and well known citizen of Horse Creek, two miles above Oil City, died on Saturday last.

It was a Connecticut boy who surprised his teacher in reading the other day, by his interpretation of the sentence: "There is a worm. Do not tread on him." He read slowly and hesitatingly, but finally drawled out: "There is a warm doughnut; tread on him!"

The Philadelphia branch of the Irish National League will early petition our government to inquire how far the British spy system has been carried on in our government. The petition is based on the testimony of Dr. Le Caron before the Parliament commission. The resolution alleges that spies sent by Great Britain are now employed in the government departments and in the United States army. It advises a demand upon England for the names and aliases of all its spies in this country.

A young girl living in Harrisburg, aged about 14 years, called on a physician in that city a few days ago and asked to be treated for a singular affliction. Her mouth was stretched half way across her face, her chin drooped, and her face in general presented a sorry appearance. She was a gum chewer, and so constantly did she employ her jaws that her facial muscles were paralyzed. She also lost action of the muscles, and her nerves were in a dilapidated condition. She is improving under the doctor's treatment.

A Pittsburg physician gives the opinion that natural gas, as it is now used in dwellings, has a tendency towards causing throat troubles and deafness. The gas is turned on to such an extent that a very high temperature is maintained throughout the day and night. This at all times is unhealthy. The heat is entirely without moisture; that will naturally dry up the delicate membranes and produce a dry catarrhal disease, which very materially affects the ear and throat, producing both hoarseness and deafness. With cold it is different. There is a certain amount of moisture given out in the combustion along with the various degrees of heat obtained. The theory is that the excessive and constant heat dries up the membrane in the head. It seems to be the exact fact we were known. It would be found that an increasing tendency to pneumonia and throat ailments in natural gas towns has its origin in over use of the fuel. The oven-like temperature bakes and parboils the surfaces, keeping the body in a tender state and an easy prey to chills on going into a bracing atmosphere. Keep a lower temperature in sitting and sleeping rooms.—Franklin News.

SECTION 1. Be it resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met that the following is proposed as an amendment to the constitution of the Commonwealth of Pennsylvania in accordance with the provisions of the eighteenth article thereof:

AMENDMENT.
Strike out from section one, of article eight, the four qualifications for voters which reads as follows:
