THE PRESIDENT sticks bravely to his policy of filling the territorial offices by appointment from among the citizens thereof, and the results of the system are eminently satisfactory.

THE report that a quarrel had occurred between President Harrison and Colonel Dudley is merely a sample of the vigorous free-hand falsehood with which the Democratic organs have pursued Colonel Dudley ever since last Fall.

THE President is said to have stated that he will send a man to the Court of St. James who combines the qualities of Charles Francis Adams, John Lathrop Motley and James Russell Lowell.

JUDGE ERMENTROUT, of Berks County, has inaugurated a reign of terror for tramps and other unwashed nomads found within the borders of the Twenty-third Judicial District.

PRESIDENT HARRISON must have been surprised yesterday evening to receive the following message from Oil City: "Thirty-seven men here want the post-office. Can you do anything for the suckers? Answer in about seven years."

Johnson ticket in 1864, and on the Grant and Colfax ticket in 1868. In 1864 he was a delegate from the Presbytery of Cincinnati to the General Assembly of the Presbyterian Church in Newark, N. WASHINGTON LETTER.

From our regular Correspondent. WASHINGTON, March 22, 1886. The President has so regulated the calls of the office seekers, or the hours during which he may be seen by them, that he is beginning to get some little breathing time.

The republican Senators and Representatives who have been here since the adjournment of Congress, looking after their quota of the offices, are beginning to turn their face homeward.

The democratic correspondents here, failing to discover anything to criticize in the actions of the new administration up to the present time, have resorted to downright lying in order to interest their readers.

Justice Matthews Dead.

Associate Justice Stanley Matthews, of the United States Supreme Court, died at his home in Washington, D. C., at 11 o'clock Friday morning last. His death was caused by a complication of kidney and heart disease, and his illness extended over a period of about one year.

send their Representatives and Senators to Washington to ape the manners of the European nobility, nor to try to outdo the coterie of millionaires who have of late years set the pace for Washington society, but to work. If any of them finds \$5,000 a year insufficient to live on, let him resign the place to a more economical man.
