—Bark peeling is receiving considerable attention from the tannery people in the different sections of the county already, and in a week or two more will be in the height of its glory.

—Mr. Edward Klabbatz of Byromtown, was an attendant at court this week, and met many of his old friends here during his stay. Ed. is one of the wide awake citizens of Jenks, and is popular with the boys wherever he goes.

—All who know Dr. E. E. Higbee in this section will be delighted to know that Governor Beaver has reappointed him to the office of Superintendent of Public Instruction, a position which he has so ably filled for many years.

—The Tionesta Photograph Gallery will be kept open every day until further notice. Price of cabinets, \$2.00 per dozen for a short time yet, to give all a chance to get good pictures at our reduced prices.

J. W. STRES.

—Mr. Rowland Cobb arrived home from his North Carolina location yesterday morning for a few days visit with his family. He expects to return to-morrow, but will be back in a month or so to take his family on. He seems well pleased with the country in general.

—Mr. F. S. Elder, Clarrington, this county, whose son's eyes had been crooked for some years, had one of them straightened by Dr. Sadler, the Oculist, last week while in Pittsburgh. The pain was so slight he endured it without taking an anesthetic. There was but little soreness after.

—The Emulton News, which has heretofore been published semi-weekly, has been greatly improved all round and will hereafter appear weekly. The paper is certainly a credit to its enterprising publisher, and if the people of Emulton don't support it heartily they deserve to be left without a paper entirely, as Bro. Cubbison is doing his share and more, too.

—The prohibition meeting at the Court House last night was largely attended, and the speeches of C. Heydrick Esq., Capt. Taggart and Dr. Towler, were well received and profusely applauded. The meeting lasted until half past ten o'clock, and the audience was well entertained to the last.

—Mrs. Elmira Lovejoy died suddenly on Friday last and was buried on Sabbath. She was born in 1802, Aug. 1, in Milton, N. Y. She has long lived in Pa. She was a fine woman and made others happy.—Sugar Grove News, May 16. The deceased was the mother of our townsman, Mr. Asa Lovejoy.

—With the June roses comes "Peterson," as fresh as the first blossoms of the month. The steel engraving and the full-page wood-illustration is each a gem in its way. The double fashion plate presents a charming array of the latest summer costumes; and there are, besides, numerous and varied patterns for dress and needlework. Terms, two dollars a year. Address Peterson's Magazine, Philadelphia, Pa.

—The Oil City relic hunters who penetrated Forest County yesterday to the depth of about twenty miles saw nothing of Stanley and unearthed no bric-a-brac of a forgotten civilization. They dug fruitlessly to the clay beneath one of the Indian mounds along the banks of Hemlock and were then compelled to suspend operations on account of the rain.—Blizzard. "Pears as though Oil City had a herd of "grave-robbing hyenas," then.

—Mr. and Mrs. C. A. McClintock, of Dempseytown, started this morning for their new home, Huntington, W. Va., where Mr. McC. has made investments in timber land will engage in the lumber business. Mr. McClintock is well known to many Forest county citizens, all of whom will wish him success in his new home.

—Miss Kizzie, only daughter of Mr. and Mrs. J. B. Watson, of Marienville, this county, died at her home on Saturday last, after a somewhat protracted illness, of consumption. She was a charming, amiable young lady, a general favorite in society, beloved by all who knew her, and will be sadly missed by a large circle of admiring friends. It is needless to say the bereaved ones have the sincere condolence of all in their affliction. The deceased was aged about 30 years.

—J. F. Propper Esq., has been appointed a Justice of the Peace for this borough by Governor Beaver, has received his commission, and is all set up ready to decide knotty legal points, tie knots for the matrimonially inclined, &c., &c. The vacancy to which Floyd was appointed was caused by the inability of Mr. S. J. Setley to serve, he having been elected last spring, but it seems the Constitution provides that a person must be a resident for one year before being eligible to the office.

—The act to furnish free transportation to Gettysburg and return, to soldiers of Pennsylvania regiments participating in the battle, was passed so late that it has been thought best to postpone the dedications appointed for May, and designate the 11th and 12th of September as Pennsylvania day. This has been agreed to by the officers in charge of the matter. This will give old soldiers time to consider and decide whether they can attend, and the state can arrange for transportation in a systematic way.

—The death of James Swails, a former old resident of this county, is reported in our Pittsburgh exchanges as having occurred on Thursday last after a short illness. He had resided on what is known as Squirrel Hill, Allegheny City, for some time, and it was from there the funeral took place on Sunday last. His remains were laid to rest in Uniondale cemetery, and the ceremony was in charge of Post 128, G. A. R., of which he was a member. We are without particulars as to the cause of his death. Mr. Swails was aged about 50 years, and was a member of Co. G., 83d Reg. Pa. Vols., the first company to leave this county for the front.

The farmers of this locality are done planting their corn, and now they are waiting patiently for the time for shucking an immense crop.

ZIGZAG.

FROM KANSAS.

SYLVAN GROVE, LINCOLN CO. ED. REPUBLICAN:—

Each week we hear from our old friends through your valuable paper, and the thought occurred to us, that perhaps some of them might care to hear from us and the country we live in. The last two years has been very discouraging to those living in central and western Kansas, on account of hot winds and long continued drouth. You may know that a partial failure in an old and wealthy country means close times. In a new country it means hard times; followed by a second year of scant crops, it means disheartening times. But these are the conditions that try the grit of the settlers of Kansas. We have only had one hard wind and sand storm this spring. But that is not the only time the people here have had sand; they have had that all through the late hard times, for it takes true grit to go ahead and plow and plant just the same as if the harvest had been abundant, and the result is that there is hardly an acre of cultivated land but what is sown or planted into some kind of a crop. We are having heavy rains now every day for the last ten days and the ground is wet to the depth of at least five feet, and the only croakers now in Kansas are the frogs. Owing to the wet weather the corn planting has been somewhat retarded, yet there has been already about five thousand acres planted in this township. The prospect never was better for crops of all kinds. Wheat and oats are now a sure crop and the acreage never was as large in this county. Those who are looking for a good place to engage in business should pay a visit to Sylvan Grove. One of the enterprises which would pay largely here and one which would receive the most hearty co-operation of the people of this entire section is a flouring mill, the one that was built here being washed away by a flood three years ago. Liberal inducements are offered to any one who will build a good mill here. Within the territory which would naturally do its milling business at Sylvan Grove, is growing this year over twelve thousand acres of wheat which is a good indication as to the amount of business that could be done by a good mill. Add to this that there is not a mill within less than fifteen miles it will be seen that the advantages offered for a money making investment are not excelled anywhere. There is a number one millstone here, which with sufficient ground to build a mill and carry on business, will be donated to any one building a good mill. There is suffi-

cient water power to run a hundred barrel mill the year round. There are numerous other openings for business men with means in Sylvan Grove; we need a bank. The light frosts of last week did no damage, and the prospects are that there will be an abundance of fruit of all kinds. There has been an immense lot of fish taken out of the Saline river at this point during the last week. When the river rises rapidly the fish come to the bank for air, and as the water is very muddy, the fish are raked in with garden rakes, pitch forks, etc. As this is getting rather lengthy I will now close. Yours Respectfully, S. N. NORRIS. May 13, 1889.

Whig Hill Camp Meeting.

Arrangements are being made for an old-time Camp Meeting at Whig Hill, Hickory Charge, Franklin District, to be held about the first of August. Extensive repairs are being made on the grounds, and every effort is being put forth to make the meeting a success. Talented Ministerial help from the District, as well as from other Districts; also the assistance of experienced singers will be in attendance during the season. A beautiful Church, with bell attached, is on the ground. Two stores within a minutes walk, where a full line of supplies can be had. Fresh meat, milk and butter can be procured on the grounds at a nominal cost. Good water on the ground. The boarding hall will be run in much the same manner as last year. The nearest R. R. station is Hickory on the W. N. Y. & P. Railroad. Haeks will run from the station to the grounds and return. With no gate fees, and no excursions, a good time is expected. Let every Minister and Layman with their families make arrangements to be present throughout the season. It will be a week well spent both for time and eternity. The object of the meeting is not for money getting, but for the salvation of precious souls, and the stimulating of believers. Tents can be rented at from \$1.50 to \$3.00 for the season. Those wishing to board at Hall need only bring necessary lodging furniture. Straw for beds furnished free. Parties wishing to rent or build tents; also all who expect to be with us will please address the writer, C. R. Thompson, East Hickory, Pa.

The first unfortunate victim to try the new electricity process of shuffling a man out of this world in York State, will be Wm. Kemmler, alias John Hort, and here is the way the death warrant reads, as issued by Justice Childs of the Supreme Court: "Now, therefore, you are hereby ordered, commanded and required to execute the said sentence upon him, the said William Kemmler, otherwise called John Hort, upon some day within the week commencing on Monday, the 24th day of June, in the year of our Lord, 1889, and within the walls of Auburn State prison, or within the yard or enclosures adjoining thereto, by then and there causing to pass through the body of him, the said William Kemmler, otherwise called John Hort, a current of electricity of sufficient intensity to cause death, and that the application of such current of electricity be continued until the said William Kemmler, otherwise called John Hort, be dead."
