#### Kindness Remembered.

The recent appointment of Hon. Frank Palmer to the important position of Government Printer has velopment is going on. Mr. Young brought out an instance of substantial gratitude on his part that is very pleasant to record. Years ago Edgar Cowan, of the Warren Mail, was a well established printer in Jamestown, N. Y., and Frank Palmer, a boy of 15 years, applied at the office for a place to learn the art and mysteries of typesetting. Cowan took a liking to the boy, who was a remarkably bright youth, and helped him all he could. They became fast friends, and have ever remained so. When Palmer was appointed Public Printer, his first thought was of his old friend and benefactor. He telegraphed him : "Come : I need you." Mr. Cowau, who is now a man over 60 years of age, went on to Washington, and is now Mr. Palmer's private secretary on a good salary .- Franklin News.

If all medical and surgical practitioners throughout the country will lend their aid, the mortality and vital statistics of the Eleventh Census will be more comprehensive and complete than they have ever been. Every physician should take a personal pride in having this report as full and accurate as it is possible to make it.

It is hereby promised that all in formation obtained through this source shall be held strictly confidential.

ROBERT P. PORTER,

Supt. of Census. Mr. Porter further states that it is equally important to the country that the returns in relation to farm products and live stock should be full and correct. The enumerator in the house to house visit be will make during the month of June, 1890, is constantly met with the fact that farmers keep no books and hence returns are not infrequently guess work. The census year began June 1st, 1889, and will end May 31st, 1890. If farmers throughout the country would note this fact and keep account of the products of their farms during the census year it would be of material aid in securing reliable returns for the
